

ZONING BY-LAWS OF THE TOWN OF SEEKONK MASSACHUSETTS

APPROVED OCTOBER 2, 1958
INCORPORATING SUBSEQUENT REVISIONS THROUGH TOWN MEETING
CONCLUDED November 13, 2012
Reprinted January 2013

The following by-laws, having been adopted by the Town on April 28, 1958, and approved by the Attorney General of the Commonwealth of Massachusetts on October 2, 1958, supersede the original Zoning Laws approved November 14, 1942 and the amendments thereto.

SEEKONK PLANNING BOARD

TABLE OF CONTENTS

Section 1.	Purpose.....	1
Section 2.	Definitions.....	2
Section 3.	Establishment and Classification of Districts.....	5
	3.1 Districts	
	3.2 District Boundaries	
	3.3 Lots in More Than One District	
Section 4.	General Provisions.....	15
	4.1 Zoning Affects Every Structure and Use	
	4.2. Recorded Lots of Less Than Minimum Size	
	4.3 Only One Dwelling on Any Lot	
	4.4 Corner Visibility	
	4.5 Reduction of Lot and Yard Areas Prohibited	
	4.6 Required Yards Cannot be Used by Another Building	
	4.7 Multi-Unit Structure	
	4.8 Certified Plot Plan	
Section 5.	Non-Conforming Uses.....	17
	5.1 Definition	
	5.2 Applicability	
	5.3 Extension	
	5.4 Exemptions	
	5.5 Discontinuance of a Non-Conforming Use	
Section 6.	Residence Districts.....	19
	6.1 Uses Permitted	
	6.2 Uses Permitted After Approval by the Zoning Board	
	6.3 (through 6.9) Lot Requirements	
	6.10 Alternate to Standard Minimums	
	6.11 Home Occupations	
	6.12 Location of Detached Private Garages and Other Detached Accessory Buildings	
	6.13 Location of Attached Garages and Carports	
	6.14 Single Lot Development	
Section 7.	Local and Highway Business Districts and Luther's Corners Village District.....	25
	7.1 Uses Permitted	
	7.2 Uses Permitted After Approval of the Zoning Board	
	7.3 Screening	
	7.4 (through 7.10) Lot Requirements	

Section 8.	Industry Districts.....	29
	8.1 Prohibited Uses	
	8.2 Permitted Uses	
	8.3 Uses Permitted After Approval by the Board of Appeals	
	8.4 Construction and Operation Standards and Limitations	
	8.5 Yard, Space, and Height Requirements	
	8.6 Accessory Buildings and Uses	
Section 9.	Special Districts.....	32
	9.1 Planned Unit Development Districts	
	9.2 Wetlands and Floodplain Protection Districts	
	9.3 Mixed Use Zone	
	9.4 Groundwater Aquifer Protection District	
	9.5 Adult Entertainment Overlay District	
	9.6 Multifamily Development Overlay District	
	9.7 Telecommunications Overlay District	
	9.8 Solar Photovoltaic Overlay District	
	9.9 Economic Development Area Overlay District	
	9.10 Continuing Care Residency Campus Overlay District	
Section 10.	Site Plan Review.....	72
	10.1 Purpose	
	10.2 Powers and Administrative Procedures	
	10.3 Applicability	
	10.4 Pre-Application Review	
	10.5 Procedures	
	10.6 Design Standards	
	10.7 Compliance	
	10.8 Appeals	
Section 11.	Special Permits.....	81
	11.1 Definition	
	11.2 Powers	
	11.3 Procedures	
	11.4 Period of Validity	
	11.5 Special Permits for Scientific Research	
Section 12.	Signs.....	82
	12.1 Purpose	
	12.2 Definitions	
	12.3 Administration and Enforcement	
	12.4 Signs - Local Business, Highway Business, Industrial	
	12.5 Signs - Residential Districts	
	12.6 Illumination of Signs	
	12.7 Temporary Signs	
Section 13.	Yard Exceptions.....	120
	13.1 Required Front Yards in Developed Areas	
	13.2 Through Lots	
Section 14.	Zoning Board of Appeals.....	121
	14.1 Organization	
	14.2 Powers	
	14.3 Appeals Procedure	

Section 15.	Enforcement.....	124
	15.1 Inspector of Buildings	
	15.2 Building Permits	
	15.3 Construction and Operation Standards Data	
Section 16.	Subdivision of Land.....	125
Section 17.	Amendment.....	125
	17.1 Initiation	
	17.2 Public Hearing	
	17.3 Town Meeting Action	
	17.4 Reconsideration	
	17.5 Submission to Attorney General	
	17.6 Effective Date of Amendment	
Section 18.	Penalty for Violations.....	127

	25.1 Purpose	
	25.2 Applicability	
	25.3 Pre-Application Review	
	25.4 Procedures	
	25.5 Design Process	
	25.6 Lot Dimensions	
	25.7 Number of Dwelling Units	
	25.8 Access to Lots	
	25.9 Open Space Requirements	
	25.10 Density Bonus Option	
	25.11 Decision	
	25.12 Relation to Other Requirements	
	25.13 Severability	

Chronological list of revisions since October 1979 and rezones since February 1959 follows Section 25.

SECTION 1. PURPOSE

The zoning districts and regulations pertaining thereto as herein set forth are made in accordance with a comprehensive plan to regulate the use of land, buildings, and structures for the purpose of promoting and protecting the health, safety and general welfare of the community and the present and future inhabitants of the Town of Seekonk.

They are designed to lessen congestion in the streets; to conserve health; to secure safety from fire, flood, panic and other dangers; to provide adequate light and air; to prevent over-crowding of land; to avoid undue concentration of population; to facilitate the adequate provision of transportation, water supply, drainage, sewerage, schools, parks, open space, and other public requirements; to conserve the value of land and buildings, including the conservation of natural resources and the prevention of blight and pollution of the environment; to encourage the most appropriate use of land throughout the Town, including consideration of the Master Plan adopted by the Planning Board and the Comprehensive Plan, if any, of the Southeastern Regional Planning and Economic Development District; and to preserve and increase amenities, to promote responsible economic development; and to support quality housing for persons of all income levels. They are made with reasonable consideration given to the character of each district and its peculiar suitability for particular uses.

Since the purpose of these by-laws is to promote the quality of life and environment in Seekonk by regulating property uses, whenever there appear to be multiple interpretations of points within these by-laws, the more restricting or more controlling interpretation is intended and will prevail unless ruled otherwise by due course of law.

Subsections of this by-law will not be interpreted out of the context of the next superior section within which it appears.

SECTION 2. DEFINITIONS

In this By-Law words used in the present tense include the future, the singular includes the plural and the plural, the singular. The word “used” includes “designed, intended or arranged to be used”. The following terms for the purpose of this By-Law are defined as follows:

ACCESSORY BUILDING: A subordinate building incident to and located on the same lot as the principal building or use.

AFFORDABLE HOUSING UNIT: A dwelling unit that is affordable to and occupied by a low-or moderate-income household, meets the definition of low-or moderate-income housing at 760 CMR 56.02, and is eligible for inclusion in the Massachusetts Department of Housing and Community Development’s Subsidized Housing Inventory through the Local Initiative Program.

BASE FLOOD LEVEL: The elevation of flood waters having a one percent chance of being equaled or exceeded in any given year. This is also referred to as the “100-year flood level”, or that level as revised by FEMA and/or the Conservation Commission.

BUILDING HEIGHT: The vertical distance measured from the average elevation of the finished lot grade at the front of the building to the highest point of the top story in the case of a flat roof or to the mean height between the plate and the ridge in the case of a pitched roof. In determining building height, belfries, steeples, chimneys, outdoor theater screens, and similar projections shall be excluded.

CORNER LOT: A lot at the junction of and fronting on two or more public ways intersection at an angle of less than 135 degrees.

CORPORATION: That entity or enterprise incorporated under the General Laws of Massachusetts, including those from other states and legally entitled to conduct business in Massachusetts; to include corporations which are similar in nature and/or which have identical principals as owner or lessees, be they individual or other corporations. No lot or use shall be further subdivided or sublet as to circumvent or lessen other requirements of these By-Laws.

DEVELOPMENT: Any man-made change to improved or unimproved real estate including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation, or drilling operations.

DWELLING: Any building used in whole or in part for habitation as approved in accordance with the Massachusetts State Building Code, per 780 CMR.

FARM: A parcel of land used for the cultivation of the soil for the purpose of producing crops and/or for the raising of livestock with exception of the following noxious uses: piggeries, turkey farms and guinea hen farms.

FLOOD INSURANCE RATE MAP: An official map prepared by the Federal Insurance Administration delineating both special flood hazard areas and risk premium zones.

FLOOD PROOFING: Any combination of structural and non-structural alterations to property, which minimize or eliminate flood damage.

LOT: A parcel of land defined by metes, bounds, or boundary lines in a recorded deed or shown on a recorded plan or plat.

LOW-AND MODERATE-INCOME HOUSEHOLD: A household with income at or below 80% of area median income, adjusted for household size, for the metropolitan or non-metropolitan area that includes the Town of Seekonk as determined annually by the U.S. Department of Housing and Urban Development.

LOWEST FLOOR: The lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage, in an area other than a basement area, is not considered a building's lowest floor, provided that such enclosure is not built so as to render the structure in violation of the application non-elevation design requirements of this ordinance.

MEAN SEA LEVEL: The average height of the sea for all stages of the tide (ref. to National Geodetic Vertical Datum of 1929).

QUALIFIED PURCHASER: A low- or moderate-income household that purchases and occupies an affordable housing unit as its principal residence.

REGULATORY FLOODWAY: The channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than a designated height.

SPECIAL FLOOD HAZARD AREA: Land subject to a one percent or greater chance of flooding in any given year.

SPECIAL PERMIT: A special permit allows a use that would not be appropriate generally or without restriction throughout the zone, but which if controlled as to number, area, location or relation to the neighborhood, would promote the public health, safety, morals, or general welfare. Such uses may be permitted in such zone by special permit, if specific provision for such special permit uses is made in these zoning By-Laws. Special permits are to be issued only for uses, which are in harmony with the general purpose and intent of these By-Laws, and are subject to general or specific provisions set forth therein. Special permits may also impose conditions, safeguards and limitations on time or use.

SPECIAL PERMIT GRANTING AUTHORITY: The Town Board or Boards designated by the zoning By-Laws to issue special permits under authority of Section 1 of Chapter 40A of the Massachusetts General Laws.

START OF CONSTRUCTION: When piles are installed or columns are constructed; or in the case of a manufactured home, when the manufactured home is placed on a site or foundation. The erection, alteration, repair, renovation, demolition, or removal of any building or structure.

STORY: That portion of a building between the upper surface of any floor and the upper surface of the floor next above, having more than one-half of its height above the average elevation of the finished lot grade adjoining the building and any portion of a building, used for human occupancy and/or material storage between the topmost floor and the roof.

STREET: A public way established by or maintained under public authority.

STREET LINE: The dividing line between a public way and an adjacent lot.

STRUCTURE: Anything erected requiring location on the ground or attachment to something having location on the ground specifically excepting canopies and dispensing islands for gasoline filling stations. For floodplain management purposes, a structure is a walled and roofed building, including a gas or liquid storage tank that is principally above ground, as well as a mobile home.

SUBSTANTIAL IMPROVEMENT: Any repair, reconstruction or improvement of a structure, the cost of which equals or exceeds 50% of the market value of the structure either (a) before the improvement or repair is started or (b) if the structure has been damaged, and is being restored, before the damage occurred. For the purposes of this definition, “substantial improvement” is considered to occur when the first alteration of any wall, ceiling, floor or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include either, (a) any project for improvement of a structure to comply with existing state or local health, sanitary or safety code specifications which are solely necessary to assure safe living conditions; or (b) any alteration of a structure listed on the National Register of Historic Places or a State Inventory of Historic Places.

TELECOMMUNICATIONS FACILITY: Any equipment used to provide telecommunication service, as defined by the Telecommunications Act of 1996, including but not limited to towers, antennas, appurtenant devices and accessory buildings.

TRAILER: Any vehicle basically designed for human habitation and for occasional or frequent mobile use whether on wheels or rigid support.

VARIANCE: A variance is a relaxation of the terms of the zoning By-Laws where such variance will not be contrary to the public interest or nullify or substantially derogate from the intent of these By-Laws and where, owing to conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of these By-Laws would involve substantial hardship, financial or otherwise. As used in these By-Laws, a variance is authorized for circumstances relating to soil conditions, shape, size, or topography of land or structures and especially affecting such land or structures but not affecting generally the zoning district in which it is located. Establishment or expansion of a use or activity otherwise prohibited shall not be allowed by variance. Conditions, safeguards and limitations of both time and use may be applied.

YARD: A required space on a lot, open, and unoccupied and unobstructed by structures, except as otherwise provided in this By-Law.

YARD, FRONT: A required yard extending across the full width of the lot adjacent to the front street line.

YARD, REAR: A required yard extending across the full width of the lot adjacent to the rear lot line.

YARD, SIDE: A required yard extending from the rear of the required front yard, or from the street line where no front yard is required, to the front of the required rear yard, or to the rear lot line where no rear yard is required.

YARD, INTERIOR SIDE: A required side yard not adjacent to a public way.

YARD, CORNER SIDE: A required side yard adjacent to a public way.

SECTION 3. ESTABLISHMENT AND CLASSIFICATION OF DISTRICTS

3.1 DISTRICTS

For the purpose of this ordinance, the Town of Seekonk is hereby divided into thirteen classes of districts, designated as follows:

Residence "R-1" Districts
Residence "R-2" Districts
Residence "R-3" Districts
Residence "R-4" Districts
Local Business Districts
Highway Business Districts
Luther's Corners Village District
Industry

Special Districts

1. Planned Unit Development
2. Wetlands and Floodplain Protection
3. Mixed Use
4. Groundwater Aquifer Protection Districts
5. Adult Entertainment Overlay District
6. Multifamily Development Overlay District
7. Telecommunications Overlay District
8. Solar Photovoltaic Facility Overlay District.
9. Economic Development Area Overlay District
10. Continuing Care Residency Campus Overlay District

- 3.1.1 The Special Districts entitled "Wetlands and Floodplain Protection", "Mixed Use" and "Groundwater Aquifer Protection" are to be superimposed over the other districts in the affected areas on the Zoning Map. See Sections 9.2, 9.3, and 9.4 for the applicable regulations.

3.2 DISTRICT BOUNDARIES

- 3.2.1 The boundaries of nine of the thirteen districts are hereby established as shown on the Seekonk, Massachusetts, Zoning Map dated 1979, which is hereby made a part of this by-law and which is on file in the offices of the Inspector of Buildings, the Town Clerk, and also at the Planning Board Office.

The boundaries of the Wetlands and Floodplain Protection District are shown on the Flood Insurance Rate Maps and Flood Boundary and Floodway Maps as prepared by the Federal Insurance Administration in the Flood Insurance Study for the Town of Seekonk, Bristol County, Massachusetts, and on the map entitled Superimposed Zoning District, October 1975, by Metcalf & Eddy. Both maps are on file in the offices of the Town Clerk, Inspector of Buildings, and Planning Office.

The boundaries of the Adult Entertainment Overlay District shall be as follows:

Beginning at the intersection of the division lines of the Town of Seekonk, the Town of Rehoboth and the Town of Swansea, said point also being the southeasterly corner of the Town of Seekonk;

Thence running northwesterly bounded southwesterly by the Town of Swansea a distance of three thousand six hundred twenty five (3,625) feet more or less to land belonging to Henry J. Jr. and Evelyn M. Campatelli (A.P. 1, Lot 29) for a corner;

Thence running northeasterly bounded northwesterly by said Campatelli land a distance of four hundred seventy seven (477) feet more or less to a corner;

Thence running northwesterly bounded southwesterly by said Campatelli land, land belonging to Four Town Farms (A.P. 1, Lot 28), and land belonging to Thomas Clegg (A.P. 1, Lot 207) a distance of six hundred forty one (641) feet more or less to a corner;

Thence running westerly bounded southerly by said Clegg land a distance of one hundred ninety three (193) feet more or less to other land belonging to Thomas Clegg (A.P. 1, Lot 25) for a corner;

Thence running northeasterly bounded northwesterly by said other Clegg land a distance of thirty (30) feet more or less to land belonging to Howland Associates, Inc. (A.P. 1, Portion of Lot 18) for a corner;

Thence running southeasterly bounded northeasterly by said Howland Associates, Inc. land a distance of one hundred ten (110) feet more or less to a corner;

Thence running northerly bounded westerly by said Howland Associates, Inc. land a distance of nine hundred seventy seven (977) feet more or less to land belonging to Abraham Zeltzer et als (A.P. 1, Lot 18) for a corner;

Thence running northeasterly bounded northwesterly by said Zeltzer land a distance of five hundred twenty two (522) feet more or less to a corner;

Thence running southeasterly bounded northeasterly by land belonging to Gunnar Mortenson (A.P. 1, Lot 19) and land belonging to Helen H. Yaghjian (A.P. 1, Lot 39) a distance of four hundred thirty (430) feet more or less to a corner;

Thence running northeasterly bounded northwesterly by said Yaghjian land a distance of five hundred seventy four (574) feet more or less to Fall River Avenue for a corner;

Thence running southeasterly along the southwesterly line of Fall River Avenue a distance of four thousand one hundred ten (4,110) feet more or less to said Town of Rehoboth for a corner;

Thence running southwesterly bounded southeasterly by said Town of Rehoboth a distance of one thousand three hundred (1,300) feet more or less to said Town of Swansea and the point of beginning.

- 3.2.2 Unless otherwise shown on the Seekonk, Massachusetts, Zoning Map, the boundary lines of districts are lot lines, center lines of streets or alleys, or such lines extended, railroad right-of-way lines, or the center lines of water courses.

- 3.2.3 A district boundary otherwise shown and approximately parallel to a street, railroad, or water course line shall be deemed to be parallel to such line, and the figure placed on the zoning map between the boundary and such line shall be the distance in feet between them, as measured at a right angle from such line unless otherwise indicated.
- 3.2.4 Questions concerning the exact location of district boundary lines as shown on the zoning map shall be decided by the Board of Appeals after consultation with the Planning Board.
- 3.2.5 The boundary limits of the Wetlands and Floodplain Protection District are not described by dimensions; however, the floodplain is generally described by elevation above mean sea level. Distance shall be determined by the use of the scale shown on the zoning map. If simple scaling cannot ascertain whether or not the parcel of land in question falls within the boundaries of the District, the Inspector of Buildings will determine by field inspection the location of the parcel with respect to the district. In such a determination, the Inspector of Buildings shall seek the advice of the Conservation Commission, Planning Board, and/or the Massachusetts Division of Environmental Management, and where such advice is given, it shall become part of the record.
- 3.2.6 The Boundaries of the Multifamily Development Overlay District shall be as follows:

That certain tract or parcel of land situated easterly of Fall River Avenue and southerly of County Street in the Town of Seekonk, County of Bristol, Commonwealth of Massachusetts being bounded and described as follows:

Beginning at the intersection of the northwesterly highway-line of Fall River Avenue and the northwesterly street-line of Rachel Avenue;

Thence running N 48°11'45" E bounded northwesterly by said Rachel Avenue a distance of seven-hundred-forty-four and 39/100 (744.39) feet to the northeasterly terminus of said Rachel Avenue for a corner;

Thence running N 41°84'10" W bounded southwesterly in part by said Rachel Avenue and in part by land belonging to Peter S. and Cheryl L. Thoms a distance of one-hundred-thirty-eight and 93/100 (138.93) feet to land belonging to Carlos A. and Sheila M. DaCunha for a corner;

Thence running N 48°11'50" E bounded northwesterly in part by said DaCunha land and in part by land belonging to Alfredo M. and Lurdes C. Cristino a distance of two-hundred-forty and 00/100 (240.00) feet to a corner;

Thence running S 41°48'10" E bounded northeasterly by said Cristino land a distance of forty-four and 60/100 (44.60) feet to a corner;

Thence running N 48°08'55" E bounded northeasterly in part by said Cristino land and in part by and belonging to Hipolito F. and Maria C. Freitas and in part by land belonging to Isidro C. and Alice Fonseca a distance of three-hundred-eighty-two and 30/100 (382.30) feet to a corner;

Thence running N 48°14'40" W bounded southwesterly by said Fonseca land a distance of three-hundred-eight-one and 72/100 (381.72) feet to land belonging to Robert J. and Terez M. Findlay for a corner;

Thence running N 59°42'48" E bounded northwesterly by said Findlay land a distance of three-hundred-ninety-one and 94/100 (391.94) feet to Howland Street for a corner;

Thence running S 30°17'12" E bounded northeasterly by said Howland Street a distance of two-hundred-seventy-six and 27/100 (276.27) feet to the southeasterly terminus of said Howland Street for a corner;

Thence running N 59°42'48" E bounded northwesterly by said terminus of Howland Street a distance of forty and 00/100 (40.00) feet to land belonging to the Town of Seekonk for a corner;

Thence running S 73°18'58" E bounded northeasterly by said Town land a distance of two-hundred-seventy and 20/100 (270.20) feet to land belonging to Janice H. Serpa for a corner;

Thence running S 45°44'27" E a distance of twenty and 00/100 (20.00) feet to a corner;

Thence running N 72°58'33" E a distance of five-hundred-forty and 00/100 (540.00) feet to an angle. The last two (2) above described courses being bounded by said Serpa land;

Thence running N 54°58'11" E bounded in part by said Serpa land and in part by land belonging to Ricardo M. and Francelina Amaral and in part by land belonging to Anthony and Nancy DaRocha and in part by land belonging to Armando and Fatima C. Carvalho a distance of five-hundred-ninety and 00/100 (590.00) feet to an angle;

Thence running S 75°57'35" E bounded northeasterly by said Carvalho land a distance of seventy-eight and 00/100 (78.00) feet to land belonging to the Town of Seekonk for a corner;

Thence running S 4°04'42" E bounded northeasterly in part by said Town land and in part by land belonging to Daniel G. Smith a distance of one-thousand-one-hundred-forty-four and 20/100 (1,144.20) feet to an angle;

Thence running S 20°48'10" E bounded northeasterly in part by said Smith land and in part by land belonging to Richard and Joanne Andreoli and in part by land belonging to Thomas J. and Joanne M. Cavanagh and in part by land belonging to Brian F. Chisolm and in part by land now or formerly belonging to Dennis J. Rose a distance of nine-hundred-twenty-nine and 72/100 (929.72) feet to a corner;

Thence running S 65°28'50" W bounded southeasterly by said Rose land a distance of one-thousand-three-hundred-forty and 97/100 (1,340.97) feet to Colfall Street for a corner;

Thence running N 27°07'53" W a distance of ten and 00/100 (10.00) feet to an angle;

Thence running N 63°10'18" W a distance of forty-five and 29/100 (45.29) feet to land belonging to Peter Detrollo for a corner. The last two (2) above described courses being bounded by said Colfall Street;

Thence running N 5°42'41" W a distance of two-hundred-twenty-three and 40/100 (223.40) feet to a corner;

Thence running S 77°10'44" W a distance of eighteen and 50/100 (18.50) feet to an angle. The last two (2) above described courses being bounded by said Detrollo land;

Thence running S 77°34'00" W bounded southeasterly in part by said Detrollo land and in part by land belonging to Shirley A.

Medeiros a distance of one-hundred-ninety-nine and 93/100 (199.93) feet to land belonging to Saunders Realty Trust for a corner;

Thence running N 4°52'58" W bounded southwesterly by said Saunders Realty Trust land a distance of two-hundred-seventy-four and 31/100 (274.31) feet to the center of a stone wall and land belonging to National Amusements, Inc. for a corner;

Thence running N 68°57'53" E along said stone wall a distance of eighty-six and 29/100 (86.29) feet to a corner in said stone wall;

Thence running N 40°22'07" W along said stone wall a distance of two-hundred-twenty-four and 20/100 (224.20) feet to a corner in said stone wall;

Thence running N 49°04'43" E along said stone wall a distance of four-hundred-seventy-three and 00/100 (473.00) feet to a corner in said stone wall;

Thence running N 25°36'57" W partly along said stone wall a distance of two-hundred-fifty-five and 07/100 (255.07) feet to an angle;

Thence running N 49°49'17" W a distance of one-hundred-thirteen and 85/100 (113.85) feet to a corner;

Thence running S 48°51'29" W partly along a stone wall a distance of five-hundred-seventeen and 48/100 (517.48) feet to a stone bound for a corner;

Thence running S 40°12'24" W a distance of one-hundred-forty-eight and 30/100 (148.30) feet to a stone bound for an angle;

Thence running N 44°32'03" W a distance of four-hundred-one and 82/100 (401.82) feet for a corner. The last eight (8) above described courses being bounded by said National Amusements, Inc. land;

Thence running S 47°37'03" W bounded southeasterly in part by said National Amusements, Inc. land and in part by land belonging to Rosemary Schultz et al a distance of nine-hundred-six and 19/100 (906.19) feet to said Fall River Avenue for a corner;

Thence running N 48°26'37" W bounded southwesterly by said Fall River Avenue a distance of one-hundred-four and 79/100 (104.79) feet to said Rachel Avenue and the point of beginning.

Said tract contains 3,315,838 square feet or 76.121 acres of land, being Lots 165 to 177 inclusive, on Assessor's Plat 9, and Lot 1 on Assessor's Plat 10.

3.2.7 The Boundaries of the Continuing Care Residency Campus Overlay District (CCRCOD) shall be as follows:

That certain tract or parcel of land with all buildings and improvements thereon situated on the easterly side of Fall River Avenue (Mass. Route 114-A) in the Town of Seekonk, County of Bristol, Commonwealth of Massachusetts and is bounded and described as follows:

Beginning at a point on the easterly side of Fall River Avenue, said point being the northwesterly corner of land now or formerly belonging to Hurd Realty, LLC;

Thence N 08° 59' 40" W a distance of six hundred ninety and twenty-eight hundredths feet (690.28') along the easterly line of Fall River Avenue to land now or formerly belonging to Bocada Enterprises;

Thence N 78° 07' 10" E a distance of two hundred twenty-eight and forty-four hundredths feet (228.44') by land now or formerly of Bocada Enterprises;

Thence N 13° 37' 10" W a distance of four hundred four and sixty hundredths feet (404.60') to an angle;

Thence running N 13° 57' 10" W a distance of seventy-five and forty-five hundredths feet (75.45') to a corner;

Thence running N 88° 50' 10" E a distance of one hundred seventy-four and ninety-one hundredths ft (174.91') to land now or formerly belonging to Herb Chambers of Seekonk LLC.

The last three above-described courses being bounded by said Bocada Enterprises.

Thence running S 41° 45' 50" E a distance of ninety-two and nineteen hundredths ft (92.19') to a corner;

Thence running S 01° 09' 50" E a distance of one hundred nineteen and no hundredths feet (119.00') to a corner;

Thence running N 88° 50' 10" E a distance of three hundred thirty-three and no hundredths feet (333.00') to a corner;

Thence running N 01° 09' 50" W a distance of one hundred eighty-nine and no hundredths feet (189.00') to land now or formerly belonging to Geo-Missy Ltd Partnership for a corner.

The last four above-described courses being bounded by said Herb Chambers land.

Thence running N 88° 50' 10" E a distance of eighty-three and eighty-seven hundredths feet (83.87') to a corner;

Thence running N 13° 58' 50" W a distance of three hundred seven and sixty-seven hundredths feet (307.67') to Taunton Avenue for a corner.

The last two above-described courses being bounded by said Geo-Missy land.

Thence running N 88° 50' 10" E bounded northwesterly by said Taunton Avenue a distance of forty and sixty-two hundredths feet (40.62') to land now or formerly of Johnson & Wales College;

Thence S 13° 58' 50" E a distance of one thousand one hundred sixty and forty-five hundredths feet (1160.45') by land now or formerly of Johnson & Wales College;

Thence S 34° 40' 43" E a distance of one hundred eight and eleven hundredths feet (108.11') by land now or formerly of Johnson & Wales College;

Thence N 77° 41' 20" E a distance of one hundred seventy-five and no hundredths feet (175.00') by land now or formerly of Johnson & Wales College;

Thence S 09° 09' 40" E a distance of one hundred sixteen and eighty-seven hundredths feet (116.87') by land now or formerly of Payne;

Thence N 44° 18' 20" E a distance of one hundred fifty-seven and forty-one hundredths feet (157.41') by land now or formerly of Payne;

Thence N 42° 51' 20" E a distance of one hundred twenty-three and nine hundredths feet (123.09') by lands now or formerly of Payne and Lagoa;

Thence S 56° 36' 53" E a distance of four hundred forty-one and ninety-three hundredths feet (441.93') by lands now or formerly of Lagoa, Miller, Stone, Lundgren and Sequeira;

Thence S 56° 25' 35" E a distance of one hundred twenty-three and forty-eight hundredths feet (123.48') by land now or formerly of Sequeira;

Thence S 55° 27' 17" E a distance of one hundred twenty-nine and thirty-two hundredths feet (129.32') by land now or formerly of Correia;

Thence S 55° 49' 35" E a distance of three hundred twenty-five and no hundredths feet (325.00') by lands now or formerly of Correia and Hinds to Arcade Avenue;

Thence S 41° 07' 45" W a distance of two hundred forty-two and ninety-six hundredths feet (242.96') by Arcade Avenue;

Thence S 36° 16' 15" W a distance of four hundred forty and fifty-one hundredths feet (440.51') by Arcade Avenue to the beginning of a curve;

Thence running southwesterly by a curve with a radius of one thousand nine hundred seventy-five and no hundredths feet (1975.00') and a length of two hundred seventy-nine and seventy-eight hundredths feet (279.78') by Arcade Avenue to the end of said curve.

Thence S 44° 23' 15" W a distance of four hundred seventy-three and one hundredths feet (473.01') by Arcade Avenue to lands now or formerly of Foisy;

Thence N 47° 11' 45" W a distance of three hundred thirty-eight and one hundredths feet (338.01') by lands now or formerly of Foisy;

Thence running S 02° 32' 45" E a distance of one hundred eleven and five hundredths feet (111.05') to an angle;

Thence running S 21° 48' 15" W a distance of ninety-one and no hundredths feet (91.00') to land now or formerly belonging to Grist Mill Holdings, LLC;

Thence running S 52° 21' 49" W bounded by said Grist Mill Holdings, LLC a distance of two hundred eighty-seven and seventy-seven hundredths feet (287.77') to land now or formerly of Enfield Corporation for a corner;

Thence running N 38° 31' 26" W a distance of two hundred ninety-seven and forty-four hundredths feet (297.44') to a corner;

Thence running S 39° 26' 25" W a distance of three hundred ninety-six and no hundredths feet (396.00') to said Fall River Avenue to a point on a curve for a corner.

The last two above-described courses being bounded by said Enfield Corporation.

Thence running northwesterly by a curve with a radius of one thousand and no hundredths feet (1000.00') and a length of two hundred forty-nine and seventy-nine hundredths feet (249.79') to the end of said curve.

Thence running N 26° 05' 20" W a distance of three hundred nine and fifty-three hundredths feet (309.53') to land now or formerly belonging to Katherine M. Kirkpatrick for a corner;

Thence N 76° 01' 10" E a distance of one hundred one and twenty-six hundredths feet (101.26') by land now or formerly of Katherine M. Kirkpatrick;

Thence N 73° 04' 40" E a distance of thirty-two and eleven hundredths feet (32.11') by land now or formerly of Katherine M. Kirkpatrick;

Thence N 75° 36' 10" E a distance of seventy-three and fifty-seven hundredths feet (73.57') by land now or formerly of Katherine M. Kirkpatrick;

Thence N 11° 36' 20" W a distance of seventy-eight and fifty-two hundredths feet (78.52') by land now or formerly of Katherine M. Kirkpatrick;

Thence S 77° 58' 40" W a distance of two hundred twenty-eight and eighteen hundredths feet (228.18') by land now or formerly of Katherine M. Kirkpatrick to Fall River Avenue;

Thence running northerly by a curve with a radius of one thousand four hundred eighty and no hundredths feet (1,480.00') and a length of two hundred sixty-nine and twelve hundredths feet (269.12') along the easterly line of Fall River Avenue;

Thence N 14° 11' 20" W a distance of ninety-three and twenty hundredths feet (93.20') along the easterly line of Fall River Avenue to land now or formerly of Janice Taylor;

Thence N 77° 52' 25" E a distance of one hundred eighty-six and twenty hundredths feet (186.20') by land now or formerly of Janice Taylor;

Thence N 12° 01' 20" W a distance of one hundred and no hundredths feet (100.00') by land now or formerly of Janice Taylor to the land now or formerly of Hurd Realty, LLC;

Thence N 77° 58' 40" E a distance of two and eighty-one hundredths feet (2.81') by land now or formerly of Hurd Realty, LLC;

Thence N 12° 29' 25" W a distance of two hundred sixty-six and fifteen hundredths feet (266.15') by land now or formerly of Hurd Realty, LLC;

Thence S 77° 30' 35" W a distance of one hundred sixty-three and thirty hundredths feet (163.30') by land now or formerly of Hurd Realty, LLC;

Thence southerly along curve with a radius of thirty and no hundredths feet (30.00') and a length of forty-five and twenty-nine hundredths feet (45.29') by land of Hurd Realty, LLC to Fall River Avenue and the point of beginning.

The following portion of land containing 22.865± acres that lies within the above described district is to be allocated and used for the sole purpose of the Open Space Requirement under Section 9.10.8 and is bounded and described as follows:

Beginning at a point on the northwesterly side of Arcade Avenue, said point being the most southerly corner of land now or formerly belonging to Hinds;

Thence S 41° 07' 45" W a distance of two hundred forty two and ninety six hundredths feet (242.96') by Arcade Avenue;

Thence S 36° 16' 15" W a distance of four hundred forty and fifty one hundredths feet (440.51') by Arcade Avenue;

Thence S 44° 23' 15" W a distance of four hundred seventy three and one hundredths feet (473.01') by Arcade Avenue to the lands now or formerly of Douglas and Candace Foisy;

Thence N 47° 11' 45" W a distance of three hundred thirty eight and one hundredths feet (338.01') by the lands now or formerly of Foisy;

Thence N 42° 48' 15" E a distance of sixty five and no hundredths feet (65.00');

Thence N 02° 32' 45" W a distance of two hundred sixty and seventy five hundredths feet (260.75');

Thence N 65° 02' 30" W a distance of two hundred seventy three and thirty five hundredths feet (273.35');

Thence N 1° 22' 45" W a distance of six hundred sixty five and seventy hundredths feet (665.70');

Thence N 77° 41' 20" E a distance of one hundred seventy five and no hundredths feet (175.00') by the land now or formerly of Johnson & Wales College;

Thence S 09° 09' 40" E a distance of one hundred sixteen and eighty seven hundredths feet (116.87') by the land now or formerly of Payne;

Thence N 44° 18' 20" E a distance of one hundred fifty seven and forty one hundredths feet (157.41') by the land now or formerly of Payne;

Thence N 42° 51' 20" E a distance of one hundred twenty three and nine hundredths feet (123.09') by the lands now or formerly of Payne and Lagoa;

Thence S 56° 36' 53" E a distance of four hundred forty one and ninety three hundredths feet (441.93') by the lands now or formerly of Lagoa, Miller, Stone, Lundgren and Sequeira;

Thence S 56° 25' 35" E a distance of one hundred twenty three and forty eight hundredths feet (123.48') by the land now or formerly of Sequeira;

Thence S 55° 27' 17" E a distance of one hundred twenty nine and thirty two hundredths feet (129.32') by the land now or formerly of Correia;

Thence S 55° 49' 35" E a distance of three hundred twenty five and no hundredths feet (325.00') by the lands now or formerly of Correia and Hinds to Arcade Avenue and the point of beginning.

3.3 LOTS IN MORE THAN ONE DISTRICT

Where a district boundary line divides a lot, the regulations applicable to the less restricted portion of such lot may extend not more than 30 feet into the more restricted portion.

SECTION 4. GENERAL PROVISIONS

4.1 ZONING AFFECTS EVERY STRUCTURE AND USE

No structure or land shall be hereafter used and no structure or part thereof shall be erected, altered, or moved unless in conformity with the regulations herein specified for the district in which it is located, except as otherwise provided.

4.2 RECORDED LOTS OF LESS THAN MINIMUM SIZE

4.2.1 A nonconforming lot is a lot of less than minimum size as defined in Section 6 of this by-law and recorded prior to November 14, 1942.

4.2.2 If two or more adjacent nonconforming lots are in the same ownership on the date of adoption of this By-Law, and such combination of nonconforming lots, or a portion thereof, constitutes a lot of minimum size as defined in Section 6 of this By-Law, such combinations or portions shall be considered as conforming to the requirements of this By-Law and no structure may be constructed thereon unless it meets the requirements of this By-Law. If such combination or portion does not contain sufficient area to permit conformance with Section 6, a structure may be constructed thereon, subject to the approval by the Board of Appeals.

4.3 ONLY ONE DWELLING ON ANY LOT

In no case shall there be more than one dwelling unit and its accessory buildings on any one lot unless otherwise permitted elsewhere in these By-Laws.

4.4 CORNER VISIBILITY

Within any required front or corner side yard on any corner lot, no wall, fence, sign post, structure, hedge, shrub, or other obstruction to visibility shall be permitted between the heights of 2½ feet and 10 feet above the existing grade within 60 feet of the intersection of any street right of way lines or their extension.

4.5 REDUCTION OF LOT AND YARD AREAS PROHIBITED

No lot, yard, frontage, required open space, or parking area shall be so reduced, diminished, or maintained that yards, other open spaces, total lot area or parking area shall be smaller than prescribed by this By-Law. After the date of adoption of this By-Law, land in all residence districts shall be subdivided so that every lot conforms to this By-Law.

4.6 REQUIRED YARDS CANNOT BE USED BY ANOTHER BUILDING

No part of a yard, parking space, or other open space required for any building or use for the purpose of complying with the provisions of this By-Law shall be included as part of a yard, parking space, or other open space required under this By-Law for another building except as provided in Section 10.

4.7 MULTI-UNIT STRUCTURE

Each residential unit, be it in a single or multi-unit structure, be it fixed or mobile, be it permanent or temporary, must meet or exceed, either individually or in combined totals, the minimum lot area requirements of this By-Law for the residential zone in which the unit exists. If the unit is in other than a residential zone, it must meet or exceed the minimum lot area requirements of the least restricted residential zone. This is not authorization of any particular form of residential unit. It is a requirement of such residential units not specifically covered by this By-Laws. It is a requirement of residential units allowed by legal circumvention of other provisions of these By-Laws.

4.8 CERTIFIED PLOT PLAN

4.8.1 *CONTENTS OF CERTIFIED PLOT PLAN*

The certified plot plan shall indicate the location of the existing foundation, and/or accessory buildings such as porch, garage, etc. The location shall be fixed by perpendicular distances from existing street lines and property lines. It shall also indicate zoning designation, top of foundation elevation, cellar floor elevation, highest groundwater elevation encountered at the foundation area, relating bench mark, assessors plat and lot numbers, street designation (public, private, accepted, non-accepted), abutters, easements, north arrow, and appropriate scale.

4.8.2 A statement by a Massachusetts Professional Land Surveyor shall appear: "I certify that the location of the foundation is as shown on this plan and the lot does (or does not) lie within a flood hazard zone based on the flood insurance rate map (FIRM) of the Town of Seekonk, Community Panel No. 250063 0005 A or 250063 0010 A."

4.8.3 A certified plat plan for all new dwellings and commercial construction must be submitted to and approved by the Inspector of Buildings and Health Agent before a building permit is issued. A certified plot plan will be required for additions and alterations if deemed necessary by the Inspector of Buildings.

4.9 LOT DESIGN/LAYOUT

Porkchop, rat-tail, or excessively distorted lots shall not be allowed if in the opinion of the Planning Board their shape is caused by the attempt to meet the lot size requirements of these By-Laws while evading the By-Laws' intent.

SECTION 5. NONCONFORMING USES

5.1 DEFINITION

Any lawful building or structure or any lawful use of land, building, or structure which is not an authorized use in the district in which it is located by virtue of the adoption or subsequent amendment of these By-Laws is a nonconforming use.

5.2 APPLICABILITY

Except as hereinafter provided, the provisions of this section shall apply to:

- 5.2.1 Any change to or substantial extension of a nonconforming use of a building, structure, or parcel of land;
- 5.2.2 A building or special permit issued after first notice of public hearing on a zoning By-Law or amendment that would cause such use, building or structure to become nonconforming;
- 5.2.3 Any reconstruction, extension or structural change of a nonconforming structure;
- 5.2.4 Any alteration of a structure, begun after the first notice of a public hearing on a zoning By-Law or amendment that would cause the use of a structure to become nonconforming, to provide for the structure's use for a substantially different purpose or for the same purpose in a substantially different manner or to a substantially greater extent.

5.3 EXTENSION

Pre-existing legal nonconforming structures or uses may be extended or altered by special permit upon a finding by the Zoning Board of Appeals that such change, extension or alteration shall not be substantially more detrimental than the existing nonconforming use to the neighborhood.

Pre-existing legal nonconforming structures or land used for the primary purpose of agriculture, horticulture, or floriculture on parcels of more than five acres in size may be expanded or reconstructed even if it prolongs the use of a nonconforming structure. However, the reconstruction or expansion shall conform to the dimensional regulations for the district if such regulations would not prohibit the re-establishment of the agricultural use or structure. For such purposes land divided by a public or private way or waterway shall be construed as one parcel.

5.4 EXEMPTIONS

The following buildings, structures or use of land, building or structures are exempted from the provisions of this section:

- 5.4.1 Structures or uses lawfully in existence or lawfully begun, or building or special permits issued, before the first publication of notice of the public hearing on a zoning By-Law or amendment which would cause the structure or use to become nonconforming, provided that construction or operations under a building or special permit shall conform to any subsequent amendment of this By-Law unless the use or construction is commenced within a period of not more than six months after the issuance of the permit, and, in cases involving construction, unless such construction is continued through to completion as continuously and expeditiously as is reasonable.
- 5.4.2 Alteration, reconstruction, extension or structural change to a single or two-family residential structure where such action(s) does not increase the nonconforming nature of said structure.
- 5.4.3 Any increase in area, frontage, width or yard or depth requirements of this By-Law shall not apply to a lot for single and two-family residential use which, at the time of recording or endorsement, whichever occurs sooner, was not held in common ownership with any adjoining land, conformed to then existing requirements and has less than the proposed requirement but at least 5,000 square feet of area and fifty feet of frontage.

5.5 DISCONTINUANCE OF A NONCONFORMING USE

No building, structure, or premises where a nonconforming use, other than an agriculture, horticulture, or floriculture use, has ceased for more than two years shall again be devoted to a nonconforming use. No nonconforming agricultural, horticultural, or floricultural use on a parcel of five acres or less in size in areas not zoned for agriculture, horticulture, or floriculture which as ceased for more than five years shall be devoted to a nonconforming use.

SECTION 6. RESIDENCE DISTRICTS

6.1 USES PERMITTED

1. Single-family dwellings (but not including mobile homes with the following exception):
2. Mobile home on the site of a residence which has been destroyed by fire or other natural holocaust for occupancy by the owner and occupier of the destroyed residence for a period not to exceed twelve months while the residence is being rebuilt. (Said mobile home must satisfy the provisions of the state sanitary code while being so used and must be recorded with the Inspector of Buildings upon commencement of such use.)
3. Accessory buildings and uses.
4. Commercial greenhouses on lots over 45,000 square feet in size.
5. Farms devoted principally to the raising of crops.
6. Farms on parcels of more than five acres devoted to the raising of livestock provided the following construction and operation standards and limitations are met:
 - 6.1.1 *PHYSICAL RESTRAINT*: Livestock shall be restrained from passing outside the owner's property lines unattended or uncontrolled.

ODORS: No objectionable odors shall be observable at the property line. Detailed plans for the elimination of odors may be required before the issuance of any building permit.

6.2 USES PERMITTED AFTER APPROVAL BY THE ZONING BOARD OF APPEALS

1. Trailer or mobile home, as a temporary office incidental to continuous construction on the site on which the trailer or mobile home is located.
2. Conversion of a single-family structure to contain no more than two dwelling units provided that each resulting dwelling unit shall contain a minimum floor area of 800 square feet and provided further that the lot area is at least double the lot area required in the district.
3. Farms¹ under five acres devoted principally to raising of livestock.

¹ Owners of animals kept as pets or projects on properties not devoted principally to farming shall conform to relevant Town By-Laws.

- | | |
|--|--|
| 4. Stables | 12. Hospitals or sanatoria |
| 5. Kennels | 13. Municipal uses |
| 6. Philanthropic & religious purposes | 14. Public or private utilities |
| 7. Public, private & parochial schools | 15. Golf courses |
| 8. Colleges | 16. Fraternal or civic buildings |
| 9. Municipal recreation areas | 17. Landscape nursery |
| 10. Libraries | 18. Cemeteries |
| 11. Museums | 19. Bed and Breakfast establishments
provided that: |

- 19.1 It shall be operated by the family residing on the premises.
- 19.2 It is a property with historical significance and the building is in existence as of this date.
- 19.3 It is on one lot with a minimum of (three) 3 acres of land.
- 19.4 No more than (eight) 8 bedrooms will be approved for use by Bed and Breakfast guests.
- 19.5 Off street parking will meet the standards set in Section 10 of the Zoning By-Laws.
- 19.6 The sewage disposal system shall be approved by the Board of Health.
- 19.7 The use be appropriate and maintain the character of the neighborhood.

	R-1	R-2	R-3	R-4
6.3 MINIMUM LOT AREA	14,400 sq. ft.	22,500 sq. ft.	40,000 sq. ft.	62,500 sq. ft.

6.3.1 Residential lots being subdivided in the R-2, R-3, and R-4 zones shall be designed geometrically as to show a 100' square resting at the midpoint of the setback line at its perpendicular. Residential lots being subdivided in the R-1 zone shall be designed geometrically as to show a 60' square resting at the midpoint of the setback line at its perpendicular.

	R-1	R-2	R-3	R-4
6.4 MINIMUM LOT WIDTH, MEASURED AT THE REAR OF THE REQUIRED FRONT YARD	120'	150'	200'	250'

AND

MINIMUM LOT WIDTH, MEASURED AT THE STREET LINE	100'	120'	150'	200'
---	------	------	------	------

6.5 MINIMUM DEPTH OF FRONT YARD AND OF CORNER SIDE YARD (See Section 13 for Front Yard Exception Provision.)	35'	35'	50'	50'
---	-----	-----	-----	-----

6.6 MINIMUM DEPTH OF REAR YARDS	25'	50'	70'	80'
--	-----	-----	-----	-----

6.7 MINIMUM DEPTH OF BOTH FRONT AND REAR YARDS	50% of longest side	---	---	---
---	---------------------	-----	-----	-----

6.8 MINIMUM WIDTH OF EACH INTERIOR SIDE YARD	15' + 5' for each story over one	20' + 5' for each story over one	35' + 5' for each story over one	35' + 5' for each story over one
---	---	---	---	---

6.9 MAXIMUM HEIGHT	3 stories or 40'	3 stories or 40'	3 stories or 40'	3 stories or 40'
---------------------------	---------------------	---------------------	---------------------	---------------------

However, with respect to buildings or structures used for municipal purposes, including water and sewerage, no restrictions relative to height shall apply.

6.10 ALTERNATE TO STANDARD MINIMUMS

This alternate is offered to encourage more normally acceptable lot configurations, increased open space, decreased density, reduced lengths of roads, utilities and drains, and to legalize potential nonconforming uses.

- 6.10.1 The minimum lot area must be increased by 250 square feet for each foot, or fraction thereof, of reduction of the minimum required lot width measured at the street line.
- 6.10.2 The minimum lot area must be increased by 250 square feet for each foot, or fraction thereof, of reduction of the minimum required lot width measured at the rear of the required front yard.
- 6.10.3 The minimum required lot width at the street line may be reduced to not less than 75% of the standard minimum of the affected zone, but not to less than 100'.
- 6.10.4 The minimum required lot width at the rear of the required front yard may be reduced to not less than 75% of the standard minimum of the affected zone, but not to less than 100'.
- 6.10.5 Any lot designed under 6.10 must be prominently identified on plans submitted for approval and/or endorsement.

6.11 HOME OCCUPATIONS

Home occupations customarily conducted entirely within a dwelling such as custom dressmaking, millinery, tailoring, and fabric sewing; foster family care of not more than four children; office in which goods, wares or merchandise are not commercially created or handled; and rooming and boarding of not more than two persons are permitted in all Residence Districts provided that any such home occupation:

- 6.11.1 shall be operated entirely within a dwelling unit and shall have no exterior display or storage;
- 6.11.2 shall be operated only by the person or persons residing within the dwelling unit;
- 6.11.3 may display only one sign of not more than 3 square feet lighted only by non-flashing and non-animated incandescent illumination;
- 6.11.4 shall utilize not more than 20% of the gross area in the dwelling unit but in any event not more than 300 square feet;
- 6.11.5 shall have not more than one employee or regular assistant not residing in the dwelling unit.

6.12 LOCATION OF DETACHED PRIVATE GARAGES AND OTHER DETACHED ACCESSORY BUILDINGS

A detached garage or other accessory buildings other than roadside stands shall not be located in any required front or side yard, or within ten feet of any rear lot line, or within ten feet from any other building. However, the words “within ten feet of any rear lot line” do not apply to garden/yard sheds of 10' × 14' × 8' from grade to roof peak, or less.

Accessory farm buildings, except roadside stands, shall be located at least 60' from any dwelling. Roadside stands shall be located at least 25' from any street line.

6.13 LOCATION OF ATTACHED GARAGES OR CARPORTS

An attached garage or carport shall not be located nearer to the front and side lot lines than the minimum distance provided herein for the main building.

6.14 SINGLE LOT DEVELOPMENT

The creation of or development of single lots which are not included in an approved subdivision (as per Chapter 41, Section 81K-81GG of the MA General Laws) shall conform with the following requirements. These requirements are in addition to those in effect under other local Boards, the Inspector of Buildings, and other sections of these By-Laws.

- 6.14.1 A site plan at a scale of at least 1" = 40' shall be submitted to the Inspector of Buildings, and it shall:
 - 6.14.1.1 List Assessors Plat and Lot number;
 - 6.14.1.2 Identify abutting street(s) and property owner(s);
 - 6.14.1.3 Locate proposed building(s) on the site and indicate the proposed lowest floor elevation of said building(s);
 - 6.14.1.4 Indicate existing and proposed grades on the lot at 1-foot contour intervals;
 - 6.14.1.5 Locate existing water bodies, wetlands, drainage swales and/or drainage structures that are on or abut the site;
 - 6.14.1.6 Locate the test hole(s) and indicate soil types found and the percolation rate;
 - 6.14.1.7 Locate proposed drainage swales, structures and/or retention areas and indicate the means of disposing of stormwater runoff.
- 6.14.2 The Inspector of Buildings shall review this plan to ensure that the following conditions are met on the site.

- 6.14.2.1 Stormwater runoff is disposed of so as not to cause additional runoff onto abutting lots nor to cause roadway flooding.
- 6.14.2.2 The lot is graded so as to shed stormwater runoff away from the proposed building(s).
- 6.14.2.3 The groundwater level is not raised so as to cause groundwater infiltration of basements or the malfunctioning of sewerage disposal systems in the proposed/existing building(s) of this property and of those abutting properties.
- 6.14.2.4 The Conservation Commission has reviewed and approved the plans whenever such action was required by State Statute or local By-Laws.
- 6.14.2.5 The lot is graded and landscaped so that the driveway entrance area provides an unobstructed view for exiting vehicles and roadway traffic.

SECTION 7. LOCAL AND HIGHWAY BUSINESS DISTRICTS AND LUTHER'S CORNERS VILLAGE DISTRICT

7.1. USES PERMITTED

Residence district uses permitted in Section 6.1 except dwellings.

LOCAL BUSINESS

Retail stores and service establishments other than restaurants and mini-storage facilities - the principal activities of which are the selling of merchandise at retail; the merchandise and services of which are sold for use or consumption either within a building or principally off the premises; and the customers of which are provided goods and services principally within a building.

Restaurants with the exception of those described under Highway Business.

Offices and banks - the principal activities of which are the conduct of governmental, professional, management, or financial activities.

Funeral homes.

Accessory buildings and uses.

HIGHWAY BUSINESS

Local business district uses. Retail stores and service establishments, excluding mini-storage facilities - the principal activities of which are the selling of services or merchandise at retail and the operations of which may be carried on outside a building as customarily as within.

Wholesale establishments, the principal activities of which are the sale of merchandise to individuals and corporations for resale to the public.

Hotels, motels.

Commercial recreation establishments.

Establishments processing for direct consumption - the principal products from which are customarily delivered to individuals or retail outlets, as for example, bakeries, cleaning and dyeing plants, carpet cleaning plants, ice plants, soft drink bottling plants, printers, provided such establishments comply with industrial district construction and operation standards and limitations.

Restaurants principally providing prepared and packaged food for customer pick-up at a counter for take-out or for self-service within the building (i.e., fast food restaurants) to be allowed only in Highway Business Zone.

Automotive service stations - provided that any building or facility within a service station site shall be at least 50' away from any residential district boundary and be at least 200' away from any entrance or exit to or from a school, playground, public library, church, hospital, or children's home, and provided further that any lubricating, washing, or repairing not conducted within a building shall be permitted only if a wall of solid appearance or a tight evergreen hedge not less than six (6) feet in height is erected and maintained between such uses and any adjoining residence district. That the minimum frontage measured at the street line shall be 150' and if a corner lot, it shall be 150' on both streets. That the minimum lot area shall be 15,000 sq. ft. or if a corner lot, 22,500 sq. ft.

LUTHER'S CORNERS VILLAGE DISTRICT

Single family, Residential

Duplex, Residential

Accessory Apartment above ground floor commercial (maximum 8 units)

Small business or office (under 2,000 sq.ft.)

Athletic/Physical Fitness

Bakery/cafe (Not including Drive Thru)

Bank (Includes walk up ATM)

Boarding House

Carpentry, plumbing and electrical workshops

Engineering Professional Offices

Entertainment or Recreation facilities (Indoor)

Bed and breakfast establishments

Medical or health related (under 25,000 sq. ft.)

Newspaper or job printing establishment

Retail (under 2,000 sq. ft., ex. Adult Uses defined in MGL Ch40A Sec. 9A)

7.2 USES PERMITTED AFTER APPROVAL OF THE ZONING BOARD OF APPEALS

Include those residence district uses permitted in Section 6.2, plus dwelling units that are an accessory use within a structure utilized primarily for uses listed in Sections 7.1 and 6.2.

7.3 SCREENING

LOCAL BUSINESS

All outdoor storage areas or facilities for fuels, materials and products, shall be enclosed by a wall of solid appearance or tight evergreen hedge not less than 6' high, erected and maintained where necessary to conceal such areas or facilities from adjoining residence districts and uses.

HIGHWAY BUSINESS

Any highway business use not conducted wholly within a building shall be permitted only if a wall of solid appearance or tight evergreen hedge not less than 6' high is erected and maintained between such use and any adjoining residence district or use.

LUTHER'S CORNERS VILLAGE DISTRICT

All outdoor storage areas or facilities shall be enclosed by a wall of solid appearance or tight evergreen hedge not less than 6 feet high, erected and maintained where necessary to conceal such areas or facilities from adjoining residence districts or uses.

7.4 MAXIMUM LOT COVERAGE BY ALL BUILDINGS

LOCAL BUSINESS

40 percent

HIGHWAY BUSINESS

30 percent

LUTHER'S CORNERS VILLAGE DISTRICT

LUTHER'S CORNERS VILLAGE DISTRICT

50'

7.7 MINIMUM WIDTH OF SIDE YARD

LOCAL BUSINESS

15', except 50' from a side street

HIGHWAY BUSINESS

15', except 50' from a side street

LUTHER'S CORNERS VILLAGE DISTRICT

5'

When a side yard adjoins a lot in a residence district, the side yard shall be of the same width as the required side yard in the adjoining district.

The side and rear yard adjoining any district or use shall include a minimum of 15' around any buildings. This includes appurtenances extending out from any building, or other items, which in the opinion of the Planning Board unduly constitute an obstruction or which impeded safe vehicular travel by current emergency vehicles.

7.8 MINIMUM DEPTH OF REAR YARD

When a rear yard abuts a lot in a residence district, the rear yard shall be of the same depth as the required adjoining yard, side or rear.

When a rear yard abuts a street, the rear yard shall be of sufficient depth to provide the required off-street loading space.

7.9 EXTERIOR LIGHTING

Exterior lighting shall not shine directly on properties and streets beyond the property line.

7.10 MAXIMUM HEIGHT REQUIREMENT

Local Business
3 stories or 40 feet

Highway Business
3 stories or 40 feet

Luther's Corners Village District
4 stories or 45 feet

SECTION 8. INDUSTRY DISTRICTS

The following provisions shall apply to industry districts:

8.1. PROHIBITED USES

Within any industry district the following are declared to be nonindustrial uses and no building may hereafter be constructed and no land hereafter may be used in whole or in part therefor: Dwellings, business district uses, except as provided in Section 8.3.

8.2 PERMITTED USES

Within an industry district industrial uses are declared to be the uses of land and buildings for administration, research, manufacturing, processing, fabrication, assembly, storage, mini-storage, freight handling or similar operation, but excluding junk and used material storage or salvage operations, which are not pertinent to a manufacturing or fabrication use on the premises. Also permitted within this district are religious and nonprofit educational uses. Any land or buildings in an industry district may hereafter be used or constructed to be used for any industrial, religious, or educational use, provided the construction and operation of such use complies with all provisions of this section.

8.3 USES PERMITTED AFTER APPROVAL BY THE BOARD OF APPEALS

Banks, restaurants, and other business district uses consistent with the requirements of an industry district.

8.4 CONSTRUCTION AND OPERATION STANDARDS AND LIMITATIONS

- 8.4.1 **Hazard to Adjacent Property**: Any industrial operation shall be carried on in such a manner and with such precautions against fire and explosion hazards as to produce no such hazard to a use on adjacent property.
- 8.4.2 **Odors**: No objectionable odors shall be observable at the property line. Detailed plans for the elimination of odors may be required before the issuance of any building permit. It is the intent of this paragraph that odors from any industrial use hereafter begun shall not be observable at the property line to a greater degree than those from plants for the manufacture or fabrication of books, clothing, jewelry, light metals, and other plants in which operations do not result in greater nuisances from the creation of odors.
- 8.4.3 **Gases**: No noxious, toxic or corrosive fumes or gases shall be emitted. Detailed plans for the elimination of fumes or gases may be required before the issuance of any building permit.
- 8.4.4 **Dust and Smoke**: No observable dust or smoke created by any industrial operation shall be exhausted into the air. Detailed plans for the elimination of dust or smoke may be required before the issuance of any building permit.

- 8.4.5 **Glare**: Any operation producing heat or glare shall be shielded so that the operation is not visible beyond the property line.
- 8.4.6 **Exterior Lighting**: Exterior lighting shall not shine directly on properties and streets beyond the property line.
- 8.4.7 **Noise**: At any point on the property line any noise produced by an industrial operation shall not be in excess of the average street and traffic noise at that point. Industrial noise shall be muffled so as not to become objectionable due to intermittence, beat frequency, or shrillness.
- 8.4.8 **Waste Disposal**: Approval of the Board of Health of all waste disposal plans shall be required before the issuance of any building permit.
- 8.4.9 **Vibration**: No industrial operation shall cause inherent and recurrently generated vibration perceptible at the property line.
- 8.4.10 **Radiation**: No industrial operation shall cause dangerous radiation at the property line.

8.5 YARD, SPACE AND HEIGHT REQUIREMENTS

- 8.5.1 Minimum lot area..... 20,000 square feet
- 8.5.2 Maximum building coverage..... 50% of area of lot
- 8.5.3 Minimum width of lot at street line..... 50'
- 8.5.4 Minimum depth of front yard..... 50'
- 8.5.5 Minimum side and rear yards except along boundaries abutting railroad tracks.... 20'
- Minimum side and rear yards when adjacent to a residence district..... 50'

Where a lot in an industry district adjoins a residence district and wherever an industrial building, use or associated parking space is to be within 300' of the residence district there shall be erected and maintained within 10' of and parallel to the common district a wall of solid appearance or a tight evergreen hedge not less than 6' in height which shall extend for the full length of the common zone boundary except for that portion within 25' of a street.

- 8.5.6 Maximum building height shall be three stories or 40 feet, whichever is less.

8.6 ACCESSORY BUILDINGS AND USES

Within any industry district, buildings, accessory buildings and uses of the land consistent with the principal land use are permitted. Accessory buildings shall not be located in any required front, side, or rear yard. Accessory buildings and uses include but are not limited to:

- 8.6.1. Garage for storage or repairs of appurtenant motor vehicles;
- 8.6.2 Offices pertaining to the industrial operation;
- 8.6.3 Employee restaurant and athletic facilities;
- 8.6.4 Laboratories;
- 8.6.5 Retail sales when such sales comprise a minor part (less than 10%) of the industrial operation and/or gross floor area, and sale of any of these items to be directly manufactured by that particular firm and/or corporation on that particular lot. No lot shall be further subdivided in order to meet the intent of this section. The gross floor area of the anticipated retail sales shall have parking, in addition to that required for the industrial use, in conformance with Section 10 of these By-Laws, and as part of a parking plan approved by the Planning Board.

SECTION 9. SPECIAL DISTRICTS

9.1. PLANNED UNIT DEVELOPMENT DISTRICTS

9.1.1 *DEFINITION AND INTENT*

A planned unit development district means a non-residential mixed use development on a plot of land containing a minimum of the greater of sixty thousand square feet or five times the minimum lot size of the zoning district in which a mixture of commercial uses or a mixture of industrial uses and a variety of building types are determined to be sufficiently advantageous to render it appropriate to grant special permission to depart from the normal requirements of the district to the extent authorized by these By-Laws.

Planned unit development districts may be for commercial use - PLANNED UNIT DEVELOPMENT DISTRICT COMMERCIAL - or industrial use - PLANNED UNIT DEVELOPMENT DISTRICT INDUSTRIAL. Such districts may be established from time to time in such a manner as best to fit the general pattern of land use established by these By-Laws and to constitute a harmonious, efficient, and convenient commercial or industrial center.

Planned unit development districts shall be established by process of amendment.

9.1.2 *SITE PLAN PREREQUISITE FOR APPROVAL*

Any amendment to this zoning By-Law by which a planned district may be established shall be adopted in accordance with the provisions of Section 17 of this By-Law and only after a site plan for said district shall have been reviewed and given final approval by the Seekonk Planning Board. Any such adoption shall become effective only after the site plan has been recorded with the Planning Board and Bristol County Registry of Deeds. Site plans as recorded may be revised provided such revisions are approved by the Town authority having appropriate jurisdiction, after a public hearing and after such revisions shall have been recorded with the Planning Board and the Bristol County Registry of Deeds.

9.1.3 *CONTENT OF SITE PLAN*

A site plan for a planned district shall be certified by a Registered Land Surveyor, Professional Engineer, Landscape Architect, or Architect, and it shall indicate the location of main and accessory buildings on the site and the relation of one to another, the traffic circulation features within and without the site, the height and bulk of buildings, the provision of off-street parking and loading spaces, the location of other open spaces on the site, the location and design of signs, and the description of uses of buildings and areas, provided, however, that the uses of buildings and areas which by virtue of the design of the building or area may be occupied by more than one type of enterprise need not be designated.

9.1.4 A site plan for a planned district commercial shall provide:

9.1.4.1 Front, side, and rear yards of depth at least as great as those required in highway business districts.

9.1.4.2 A wall of solid appearance or tight evergreen hedge at least six (6') feet high to be erected and maintained in any side or rear yard adjacent to a residence district.

9.1.4.3 Paved parking areas in a ratio of at least four square feet of parking area (including driveways) for each one square foot of gross floor area designed for retail business or service establishment use and excluding basement storage area.

9.1.5 A site plan for a planned district industrial shall provide:

9.1.5.1 Front, side, and rear yards of depths at least as great as those required in industry districts.

9.1.5.2 A wall of solid appearance or tight evergreen hedge at least six (6) feet high to be erected and maintained, said wall or hedge to be required in accordance with the provisions of Section 8.5.5.

9.1.6 In considering any site plan for a planned district, the Planning Board shall assure safety and convenience of traffic movement, both within the area covered by the plan and in relation to access streets, and harmonious and beneficial relations between the planned district and contiguous and adjacent neighborhoods.

9.1.7 *DURATION OF APPROVAL*

Any amendment to this By-Law by which a planned district is established shall cease to be in effect three years from the date of its adoption unless a building permit for construction in the planned district shall have been taken out. The zoning classification of any planned district, which has ceased to be in effect, shall revert to the classification in effect before the adoption of the appropriate planned district amendment.

9.2 **WETLANDS AND FLOODPLAIN PROTECTION DISTRICT**

9.2.1 *PURPOSE AND INTENT*

The purpose of the Wetlands and Floodplain Protection District is as follows:

9.2.1.1 To provide that lands in the Town of Seekonk subject to seasonal or periodic flooding as described hereinafter shall not be used for residence or other purposes in such a manner as to endanger the health, safety, or welfare of the occupants thereof, or of the public generally, or so as to burden the public with costs resulting from unwise individual choices of land use.

9.2.1.2 To protect, preserve and maintain the water table and water recharge areas within the Town so as to preserve present and potential water supplies for the public health and safety of the Town.

9.2.1.3 To assure the continuation of the natural flow pattern of the watercourse within the Town, in order to provide adequate and safe floodwater storage capacity to protect persons and property against the hazards of flood inundation.

9.2.2 *DEFINITION OF THE DISTRICT*

The Wetlands and Floodplain Protection District is superimposed over any other district established by this Zoning By-Law.

9.2.2.1 The Wetlands portion of this District shall be defined as all lands in the Town as shown on the map entitled “Superimposed Zoning District” and which have been identified as follows:

- | | |
|----------------------------------|------------------------------|
| - shallow fresh water marsh (FM) | - cranberry bog (CB) |
| - deep fresh water marsh (DM) | - pond (P) |
| - salt marsh (SM) | - river (R) |
| - shrub swamp (SS) | - drainage ditches and other |
| - wooded swamp (WS) | water courses |

9.2.2.2 The floodplain portion of this District includes all special flood hazard areas within the Town of Seekonk designated as Zone A. AE, AH, AO, A99, V or VE on the Bristol County Flood Insurance Rate Map (FIRM) issued by the Federal Emergency Management Agency (FEMA) for the administration of the National Flood Insurance Program. The map panels of the Bristol County FIRM that are wholly or partially within the Town of Seekonk are panel numbers 25005C0114F, 25005C0118F, 25005C0202F, 25005C0203F, 25005C0204F, 25005C0206F, 25005C0208F, 25005C0212F, 25005C0214F, 25005C0216F, 25005C0218F, dated July 7, 2009. The exact boundaries of the District may be defined by the 100-year base flood elevations shown on the FIRM and further defined by the Bristol County Flood Insurance Study (FIS) report dated July 7, 2009. The FIRM and FIS report are incorporated herein by reference and are on file with the Town Clerk, Planning Board, Building Official, and Conservation Commission.

9.2.3 *USES PERMITTED*

Municipal use, such as waterworks, pumping stations, essential services and parks, is permitted under this section. Land in the Wetlands and Floodplain Protection District may be used for any purpose otherwise permitted in the underlying residential, business or industrial district subject to all the provisions of this section, as well as all provisions of the underlying district.

9.2.3.1 No structure intended for human occupancy or use on a permanent basis having water and sewerage facilities and no other building, wall, dam or structure (except flagpoles, signs, or the like) intended for permanent use shall be erected,

constructed, altered, enlarged or otherwise created or moved for any purpose unless a Special Permit is granted by the Zoning Board of Appeals.

However, a structure existing at the time this By-Law becomes effective may be reconstructed or repaired to the original proportions after a fire or other casualty provided that no other provisions of these By-Laws are violated.

- 9.2.3.2 Dumping, filling, mining, dredging, grading, drilling, paving, or transferring of any earth material within the district is prohibited unless the Zoning Board of Appeals grants a Special Permit.

However, this does not prohibit ordinary gardening or farming activities in lawn, garden or farm areas, which are used for such purposes at the time this By-Law becomes effective.

- 9.2.3.3 No ponds or pools shall be created nor shall there be other changes in water courses for swimming, fishing, or other recreational uses, agricultural uses, scenic features, or drainage improvements or any other uses without a Special Permit being issued by the Zoning Board of Appeals.

- 9.2.3.4 Within the regulatory floodway, no development or encroachment, including fill or change of grade, shall be allowed.

9.2.4 *SPECIAL PERMITS AND PROCEDURE*

Any persons(s) desiring a Special Permit shall submit an application to the Zoning Board of Appeals which shall comply with the conditions and submittal requirements as listed in the following subsections. Such conditions shall include, where applicable, approval by the Conservation Commission, the Massachusetts Department of Public Works, and the Massachusetts Division of Environmental Management under Chapter 131 of the General Laws, acts relating to the protection of the inland wetlands of the Commonwealth.

9.2.4.1 *SUBMITTAL REQUIREMENTS*

An application for a Special Permit shall be accompanied by the following information:

- 9.2.4.1.1 *LOCUS PLAN*: A location plan at a scale of 1" = 600' shall be submitted showing the lot(s) to be developed, lot lines within which the development is proposed and tie-in to the nearest road intersection.

- 9.2.4.1.2 *SITE PLAN*: A site plan at a scale of 1" = 40' shall be prepared by a registered land surveyor, professional engineer, landscape architect or architect. The site plan shall show the following information:

- 9.2.4.1.2.1 The location, boundaries and dimensions of each lot in question.

- 9.2.4.1.2.2 One foot contours of the existing and proposed land surface.
- 9.2.4.1.2.3 Delineation of the wetlands and/or base flood level on the lot(s).
- 9.2.4.1.2.4 The location of existing and proposed structures, water courses, drainage easements, and means of access and the location of drainage and sewage disposal facilities.
- 9.2.4.1.2.5 The elevation of the basement and first floor.
- 9.2.4.1.2.6 The area and location of leaching fields.

9.2.4.2 *DEVELOPMENT CONDITIONS*

For the development of land within the Wetlands and Floodplain Protection District, the following conditions shall apply:

- 9.2.4.2.1 All new construction and substantial improvements, including the placement of prefabricated and manufactured buildings, shall be adequately anchored to prevent flotation, collapse or lateral movement of the structure, and be constructed with materials and utility equipment resistant to flood damage, and by methods and practices that minimize flood damage. Methods of anchoring may include, but are not limited to, use of over-the-top, or frame ties, to ground anchors, in addition to applicable state and local anchoring requirements for resisting wind forces.
- 9.2.4.2.2 All subdivision proposals and other proposed new development shall be consistent with the need to minimize flood damage and shall provide adequate drainage to reduce exposure to flood hazards.
- 9.2.4.2.3 All electrical, heating, ventilation, plumbing and air conditioning equipment, and all other service facilities and public utilities, shall be designed and/or located so as to prevent water from entering or accumulating within any component during conditions of flooding.
- 9.2.4.2.4 All new and replacement water supply systems and sanitary sewerage systems shall be constructed to minimize or eliminate infiltration of floodwaters into the systems. Sanitary sewer systems shall also be constructed to minimize or eliminate discharges from the system into flood water, and on-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.
- 9.2.4.2.5 The following minimum requirements apply in all unnumbered "A" zones and all zones numbered "A1 through A7" designated on the Flood Insurance Rate Maps:
 - 9.2.4.2.5.1 All new construction and substantial improvements of residential structures shall have the lowest floor, including basement, elevated to or above the base flood level.

9.2.4.2.5.2 All new construction and substantial improvements of nonresidential structures shall have the lowest floor, including basement, elevated to or above the base flood level or constructed so that the structure and attendant utility and sanitary facilities below the base flood level are watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy.

9.2.4.2.5.3 Where floodproofing is utilized for a particular structure, including nonresidential when it is intended to be made watertight below the base flood level, in accordance with the above paragraphs, a registered professional engineer or architect shall certify that the floodproofing methods are adequate to withstand the flood depths, pressures, velocities, impact and uplift forces and other factors associated with the base flood.

9.2.4.3 *SPECIAL PERMIT PROCEDURE*

The applicant shall file for a Special Permit in accordance with Section 11, “Special Permits”, of these By-Laws.

9.2.5 *ADMINISTRATION*

This By-Law shall be administered by the Inspector of Buildings as follows:

9.2.5.1 Review proposed development within the Wetlands and Floodplain Protection District to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State Law.

9.2.5.2 Review all permit applications to determine whether proposed building sites will be reasonably safe from flooding.

9.2.5.3 Obtain, review and reasonably utilize any base flood elevation data from a federal, state, or other source as criteria for requiring that all new construction, substantial improvements, or other development in Zone A and other special flood hazard areas meet the requirements of these By-Laws. All new subdivision proposals or any development greater than fifty lots or five acres, whichever is the lesser, any portion of which is in the floodplain of Zone A, shall include base flood elevation data based on the Hundred Year Storm.

9.2.5.4 Obtain the elevation, in relation to mean sea level, of the lowest floor, including basement, of all new or substantially improved structures. Also determine whether the structure has been floodproofed, and if so, the elevation to which it was floodproofed.

9.2.5.4.1 For all new construction or substantial improvements, fully enclosed areas below the lowest floor, which are subject to flooding, shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Any such design must be certified by a registered professional engineer/architect or meet or exceed all the following criteria:

- a minimum of two openings having a total net area of a minimum of one square inch for every square foot of enclosed area which is subject to flooding;
- the bottom of all opening shall be no higher than one foot above grade;
- openings may be equipped with screens, louvers, or other devices provided they permit automatic entry/exit of floodwaters.

Records of the lowest floor elevations and floodproofing certification prepared by the architect or engineering and in accordance with these By-Laws shall be maintained on file as a matter of public record.

9.2.5.5 Prior to any alteration or relocation of a watercourse, notify adjacent affected communities and the Massachusetts Division of Water Resources, and also submit copies of such notification to the Federal Insurance Administration.

9.2.5.6 Assure that the flood carrying capacity within the altered or relocated portion of any watercourse is maintained.

9.2.5.7 No occupancy permit shall be issued until all Boards with jurisdiction under this By-Law have given written notice to the issuing officer that they are satisfied with compliance by the applicant with this By-Law. Failure by any Board to respond within 21 days to a written request from the issuing officer for an opinion on compliance will constitute agreed compliance by the requested Board.

9.2.5.8 All development in the district, including structural and non-structural activities, whether permitted by right or by special permit must be in compliance with Chapter 131, Section 40 of the Massachusetts General Laws and with the following:

-Section of the Massachusetts State Building Code which addresses floodplain and coastal high hazard areas (currently 780 CMR 120.G, “Flood Resistant Construction and Construction in Coastal Dunes”);

-Wetlands Protection Regulations, Department of Environmental Protection (DEP) (currently 310 CMR 10.00);

-Inland Wetlands Restriction, DEP (currently 310 CMR 13.00);

-Minimum Requirements for the Subsurface Disposal of Sanitary Sewage, DEP (currently 310 CMR 15, title 5);

9.2.6 *AREA AND YARD REQUIREMENTS*

A lot, a portion of which is in the Wetlands and Floodplain Protection District, meets the minimum area regulations as specified under other sections of these By-Laws, provided that not more than 20% of the lot area which is required to meet the minimum area requirements is within the Wetlands and Floodplain Protection District, and provided no construction or drains are planned or executed within this protected district.

9.3. **MIXED USE ZONE**

9.3.1 *DEFINITION AND INTENT*

A mixed use zone is an overlay zone, which is superimposed upon residential zones along major designated traffic routes. The purpose of this zone is to preserve the rural character along Seekonk's major roadways, to prevent strip commercial development and its associated problems, to concentrate commercial activity in clusters, to preserve and enhance the environmental assets of the Town, and to promote well planned viable commercial development in the community.

9.3.2 *USES PERMITTED*

Residence district uses permitted in Section 6.1.

9.3.3 *USES PERMITTED BY SPECIAL PERMIT OF THE ZONING BOARD OF APPEALS*

Residence district uses permitted in Section 6.2.

The following business activities:

9.3.3.1 Businesses such as antique shops, craft shops, specialty shops, etc.

9.3.3.2 Nursing homes and funeral homes.

9.3.3.3 Professional offices, such as doctors, attorneys, real estate and insurance offices.

9.3.3.4 Businesses, which do not generate traffic flows in excess of those listed in 9.3.3.1, 9.3.3.2, and 9.3.3.3.

9.3.3.5 The type and number of commercial vehicles to be parked on the property shall be appropriate to the location.

9.3.3.6 No outside display, storage or demonstration shall be allowed.

9.3.4 *SITE PLAN PREREQUISITE FOR APPROVAL*

- 9.3.4.1 **Content of Site Plan:** The site plan shall indicate the location of main and accessory buildings on the site and the relation of one to another, the traffic circulation features within and without the site, off-street parking and loading spaces, the location of open spaces and natural features on the site, the location and design of signs, the description of uses of buildings and areas, and landscaping.
- 9.3.4.2 **Design Requirements:** The site plan shall be designed in conformance with the provisions of Section 10, "Parking and Loading Regulations", of the Zoning By-Laws, as well as the following provisions. (If there is a conflict between Section 10 and the following provisions, the more restrictive shall be considered in effect.)
- 9.3.4.2.1 **Setback:** Buildings, parking areas and all associated improvements, with the exception of free-standing signs, shall be located no closer than 50' to the street lot line.
- 9.3.4.2.2 **Side and Rear Yards:** Buildings, parking areas and all associated structures shall be located no closer than the side and rear yard requirements of the underlying residential district of the area.
- 9.3.4.2.3 **Building Coverage:** Buildings shall cover no more than 30% of the total lot area.
- 9.3.4.2.4 **Landscaping:** All landscaping shall be of natural vegetation. A screening type of landscaping of at least six feet in height, and of solid appearance, shall be located along the property lines to the rear of the setback line.
- 9.3.4.2.5 **Entrance/Exit:** The entrance/exit shall be limited to one, but otherwise shall conform with Section 10 of these By-Laws.
- 9.3.4.2.6 **Natural Features:** Any natural features of the site such as hills, ledge outcroppings, wetlands, floodplain, trees of at least 10" in diameter, etc., shall be retained in the site design to the extent feasible.
- 9.3.4.2.7 **Building Height:** The height of all buildings shall be limited to three stories, but shall not exceed 40'.
- 9.3.4.2.8 **Signs:**
- 9.3.4.2.8.1 Free-standing signs shall conform with the requirements of Section 12 of these By-Laws and, in addition, shall be of a colonial or rustic design of a size not to exceed 12 square feet. Approval by the Zoning Board of Appeals shall be required as a part of the special permit process.
- 9.3.4.2.8.2 Signs affixed to the building(s) shall conform with the requirements of Section 12 of these By-Laws.

9.3.5 *PERIOD OF VALIDITY*

A special permit granted under this section is subject to the provisions as specified in Section 11, "Special Permits", of the Zoning By-Laws of the Town of Seekonk.

9.4 **GROUNDWATER AQUIFER PROTECTION DISTRICT**

9.4.1 *PURPOSE AND INTENT*

- 9.4.1.1 To protect, preserve, and maintain the existing and potential groundwater supply and groundwater recharge areas within the Town of Seekonk, and adjoining cities and towns, so as to promote the health, safety, and general welfare of the community;
- 9.4.1.2 To preserve and protect present and potential water resources;
- 9.4.1.3 To conserve the natural resources of the town;
- 9.4.1.4 To prevent blight and pollution of the environment.

9.4.2 *DEFINITION OF TERMS*

Aquifer: A geologic formation composed of rock, sand, or gravel, capable of yielding over eighty gallons per minute of potentially usable, or recoverable, amounts of water.

Groundwater: Water in the surface zone beneath the water table in which most or all pore spaces are filled with water.

Hazardous substance: Any hazardous substance or mixture of such physical, chemical, or infectious characteristics as to pose significant actual or potential hazard to water supplies, or to human or animal health, if such substance or mixture were discharged to land or waters of this town. These would include organic chemicals, petroleum products, heavy metals, radioactive or infectious wastes, acids and alkalies, and other products such as pesticides, herbicides, solvents, and thinners, as also defined by M.G.L., Chapter 21E and Chapter 111.

Impervious surface: Material above or on the surface of, or immediately occurring within 12" of the surface of, the ground that does not allow water to penetrate into the soil below.

Leachable wastes: Waste materials, be they directly relatable or by-products of surface or subsurface generators including solids, sewage, sludge, and agricultural wastes that are capable of releasing waterborne contaminants to the surrounding environment.

Mining of land: Removal or relocation of geologic materials, including topsoil, for the purpose of extracting sand and gravel, metallic ores, or bedrock.

Recharge area: That area composed of permeable stratified sand and gravel, and certain wetlands that collect surface water and carry it to aquifers. Primary recharge area lies directly over the designated aquifer, and adjacent areas of strata, from which groundwater flows directly into the aquifer. Secondary recharge area lies adjacent to the primary area, and from which groundwater moves downgradient into the aquifer. Tertiary recharge area is the upstream drainage area of streams that traverse the primary and/or secondary recharge areas.

Septage: Sludge produced by domestic waste that is pumped from septic tanks.

Solid waste: Discarded solid material, decomposing or not, which may contain other liquid or gaseous materials, but with insufficient liquid content to be free flowing. This includes, but is not limited to, rubbish, garbage, scrap materials, junk, refuse, inert fill material.

9.4.3 *DEFINITION OF THE DISTRICT*

The Groundwater/Aquifer Protection District (hereinafter called “district” in this section) shall be considered as overlying other zoning districts established by these Zoning By-Laws, and as revised.

9.4.3.1 The district shall be defined as all lands in the Town of Seekonk as shown on a map entitled “Superimposed Aquifer Protection District” comprising the following elements and which also lie within said district:

1. aquifers, together with the surface of the land lying directly above them;
2. a surrounding protective strip to the public well supply, 400' in radius;
3. recharge areas, and the surface of the land lying directly above them.

9.4.3.2 The district shall also include the entire length of shoreline(s), to the seasonal high water line(s), plus an additional twenty (20) horizontal feet, of any stream or river, or other body of water, flowing into said district.

9.4.3.3 The Aquifer Protection District has been superimposed onto a map, which is hereby made a permanent part of this By-Law, and may be amended from time to time by a vote of Town Meeting.

9.4.4 *USES REGULATED*

The following shall apply within the boundaries of the district.

9.4.4.1 *USES AUTHORIZED:*

1. Maximum, one dwelling unit per 40,000 square feet of land area, provided no more than twenty percent (20%) of each lot, including driveways and roofs of buildings and structures, is rendered impervious. Larger percentages, if required, may be constructed with permeable material;
2. Conservation of soil, water, plants, and wildlife;
3. Outdoor recreation, nature study, fishing, hunting;
4. Foot, bicycle, and/or horse paths or bridges; normal operation and maintenance of existing water bodies and dams, splash boards, and other water control, supply, protection, and conservation devices;
5. Maintenance, repair, enlargement of any existing structure, provided there is no increase in impermeable surface beyond the twenty percent (20%) allowed in Section 9.4.4.1 (1);
6. Pesticides, herbicides, and fertilizers which are in compliance with mandated and revised federal and state regulations, and which are subject to a yearly review and update by the Board of Health;
7. Safe storage of petroleum products or other legally permissible discharges above ground that assures containment of potential spills;
8. Runoff from impervious surfaces shall be recharged on-site and diverted towards areas covered by vegetation for surface infiltration to the maximum extent possible. Drywells shall only be used where other methods are unfeasible, built according to state standards, and shall be preceded by oil, grease, and sediment traps to facilitate removal of contaminants.
9. Residential structure(s) intended for human occupancy, and out-buildings in existence prior to the effective date of these By-Laws, and existing businesses and industrial facilities and structures within the aquifer protection district that would not be allowed under this By-Law, become legal nonconforming, but are subject to inspection by the Board of Health to insure they are in compliance with current federal, state, and local regulations pertaining to storage, use, and/or disposal of solid waste, hazardous substances and septage as defined in 9.4.2. These facilities and structures may be repaired or reconstructed to the original proportions after a fire or other casualty, provided that the intent of this section or other sections of these By-Laws are not violated. (See Section 5.)
10. Normal residential lawn and garden maintenance;

11. Tree trimming, pruning, and bracing; removal of dead or diseased trees; removal of trees sufficient only to clear that portion of the land necessary for building construction, septic system placement, and associated structures, provided that the natural drainage pattern is minimally disrupted and/or compensated for;
12. Ordinary repair, construction, maintenance of stone or retaining walls provided that surface water runoff is not altered;
13. Decorative landscaping, including the addition of trees and plants;
14. Emergency activities necessary to preserve the health, safety and well being of any person(s) or to prevent damage to personal or real property. Such emergency work shall be performed as to cause the least change, modification, disturbance, or damage to the district.

9.4.4.2 *USES PROHIBITED.*

1. Disposal of solid wastes, other than brush and stumps;
2. Underground storage of petroleum or similar products, excepting storage within buildings it will heat;
3. Disposal of liquid or leachable septage waste, except that of Board of Health approved residential subsurface waste disposal greater than that allowed under 9.4.4.3.1;
4. Industrial uses which discharge process wastewater on-site. These include, but are not limited to:
 - a) chemical and bacteriological laboratory;
 - b) electronic circuit assembly;
 - c) metal plating, finishing, and polishing;
 - d) motor and machinery service and assembly;
 - e) printing;
5. Commercial board and motor vehicle repair, service, and/or assembly, including junk or salvage yards;
6. Cabinet making, painting, wood preserving, and furniture stripping commercial establishments;
7. Cleaning of septic systems or cesspools utilizing chemicals;
8. Photographic processing;
9. Open storage of roadsalts or other de-icing chemicals utilized by the town, or other major application of roadsalt on a ratio of less than 14 parts of sand to one part of salt;
10. Dumping of snow containing de-icing chemicals from off site;

11. Storage of uncovered manure:
12. Mining of land, except as incidental to the exercise of a permitted use allowed hereunder;
13. Hazardous waste siting facility;
14. Introduction of influents of high thermal content so as to cause detrimental ecological effect.

9.4.4.3 *USES REQUIRING SPECIAL PERMIT*

1. Commercial or industrial uses, except those activities outlined in 9.4.4.2 above, and which are permitted in the underlying zone, provided that the development will not increase any loading of contaminants to the groundwater. A maximum of six (6) gallons of wastewater per one thousand (1000) square feet of land area may be discharged per day through a septic system;
2. The rendering of imperviousness of more than twenty percent (20%) of any lot;
3. Any use not mentioned above or in other sections of these By-Laws shall be allowed by a Special Permit.
4. For any Special Permit hereinafter issued by the Special Permit Granting Authority, it shall be the duty of the Planning board to render written advice to the Zoning Board of Appeals within the time frame allotted by Massachusetts General Laws pertaining to Special Permits.

9.4.5 *SPECIAL PERMITS AND PROCEDURE* (required in addition to Section 11)

After public notice and public hearing, and after due consideration of any reports and recommendations of other boards or agents, the Zoning Board of Appeals may grant a Special Permit provided only that the proposed use or work:

1. Is in harmony with the purpose and intent of this By-Law and will promote the purposes of this district;
2. Is appropriate to the natural topography, soils and other characteristics of the site to be developed;
3. Will not have, during construction and after, an adverse environmental impact on an aquifer or its recharge area;
4. Will not adversely affect an existing water supply.

9.4.5.1 The aquifer district, as defined in 9.4.3, has been superimposed onto a map which is to be part of this By-Law, and may be changed from time to time by a 1/3 majority vote of Town Meeting.

9.4.6 *ADMINISTRATION*

This By-Law shall be administered by the Inspector of Buildings, as follows:

9.4.6.1 Review proposed development within this district to assure that all necessary permits have been received from all governmental agencies from which approval is required by local, state, and federal laws, prior to issuing a certificate of occupancy.

9.4.6.2 A lot, any portion of which is in this district shall be affected by the intent of this section, and must conform to the requirements of this section.

9.4.6.3 The development of each lot within this district shall conform to the area, yard, and other regulations of the underlying zone, the more restrictive being applied. Where this section conflicts with the intent, purpose, or administration of other sections of these By-Laws, in particular Section 9.2, Wetlands and Floodplains, the more restrictive regulation shall apply.

9.4.6.4 Submittal requirements of a site plan shall, at a minimum, be in accordance with Section 9.2.4.1 of these By-Laws, and Subdivision Rules and Regulations, when necessary.

9.5 ADULT ENTERTAINMENT OVERLAY DISTRICT

9.5.1 *AUTHORITY*

This By-Law is enacted pursuant to M.G.L. Chapter 40A and pursuant to the Town's authority under the Home Rule Amendment to the Massachusetts Constitution to serve the compelling Town interests of limiting the location of and preventing the clustering and concentration of certain adult entertainment enterprises, as defined and designated herein, because of their deleterious effect in generating crime and blight.

9.5.2 *PURPOSE*

It is the purpose of the Adult Entertainment Overlay District to address and mitigate the secondary effects of the adult entertainment establishments and sexually oriented businesses that are referenced and defined herein. Secondary effects have been shown to include increased crime, adverse impacts on public health, adverse impacts on the business climate of the Town, adverse impacts on the property values of residential and commercial properties, and adverse impacts on the quality of life in the Town. All of said secondary impacts are adverse to the health, safety and general welfare of the Town of Seekonk and its inhabitants.

The provisions of this By-Law have neither the purpose nor intent of imposing limitation on the content of any communicative matter or materials, including sexually oriented matter or materials. Similarly, it is not the purpose or intent of this By-Law to restrict or deny access by adults to adult entertainment establishments or to sexually oriented matter or materials that are protected by the Constitutions of the United States of America or of the Commonwealth of Massachusetts, nor to restrict or deny rights that distributors or exhibitors of such matter or materials may have to sell, rent, distribute or exhibit such matter or materials. Neither is it the purpose or intent of this By-Law to legalized the sale, rental, distribution or exhibition of obscene or other illegal matter or materials.

9.5.3 *DEFINITIONS*

Adult Entertainment Uses: Shall include the following uses:

- (1) Adult Bookstores, as defined by G.L. c.40A, Section 9A;
- (2) Adult Motion Picture Theaters, as defined by G.L. c.40A, Section 9A;
- (3) Adult Paraphernalia Store, as defined by G.L. c.40A, Section 9A;
- (4) Adult Video Store, as defined by G.L. c.40A, Section 9A;
- (5) Establishment Which Displays Live Nudity For Its Patrons, as defined by G.L. c.40A, Section 9A;

9.5.4 *ADULT ENTERTAINMENT USES BY SPECIAL PERMIT IN THE ADULT ENTERTAINMENT OVERLAY DISTRICT*

Notwithstanding any other provision in this By-Law to the contrary, adult entertainment uses shall be prohibited in all Zoning districts in the Town of Seekonk except in the Adult Entertainment Overlay District, which shall have the boundaries defined in Section 3.2.1 of this By-Law and shall overlay the underlying industrial district, and, furthermore may be permitted in the Adult Entertainment Overlay District only upon issuance of a special permit by the Zoning Board of Appeals. Such a special permit shall not be granted unless each of the following standards has been met.

- (1) The application for a special permit for an adult use shall provide the name and address of the legal owner of the establishment, the legal owner of the property, and the manager of the proposed establishment.
- (2) No adult use special permit shall be issued to any person convicted of violating the provisions of M.G.L. Chapter 119, Section 60 or M.G.L. Chapter 272, Section 28.
- (3) Adult uses shall not be located within:
 - (a) 400' from the nearest residential zoning district; or

- (b) 400' from the nearest church, school, park, playground, play field, youth center or other location where groups of minors regularly congregate; or
- (c) 400' from the nearest adult entertainment use as defined herein;
or
- (d) 400' from the nearest establishment licensed under M.G.L. Chapter 138, Section 12.

The distances specified above shall be measured by a straight line from the nearest property line of the premises on which the proposed adult entertainment use is to be located to the nearest boundary line of a residential zoning district or to the nearest property line of any of the other designated uses set forth above.

- (4) All building openings, entries and windows shall be screened in such a manner as to prevent visual access to the interior of the establishment by the public.
- (5) No adult use shall be allowed to display for advertisement or other purpose any signs, placards or other like materials to the general public on the exterior of the building or on the interior where the same may be seen through glass or other like transparent material any sexually explicit figures or words as defined in M.G.L. Chapter 272, Section 31.
- (6) No adult use shall be allowed to disseminate or offer to disseminate adult matter or paraphernalia to minors or suffer minors to view displays or linger on the premises.
- (7) No adult use shall be allowed within a building containing other retail, consumer or residential uses.
- (8) No adult use shall be allowed within a shopping center, shopping plaza or mall.
- (9) The proposed adult entertainment use shall comply with the off-street parking requirements set forth in Section 10 of the Zoning By-Laws.
- (10) No adult entertainment use shall have any flashing lights visible from outside the establishment.
- (11) No adult entertainment use shall have a free-standing accessory sign.
- (12) No adult entertainment use shall be established prior to submission and approval of a site plan by the Zoning Board of Appeals. The site plan shall depict all existing and proposed buildings, parking spaces, driveways, service areas and other open uses. The site plan shall show the distances between the proposed adult entertainment use and the boundary of the nearest residential zoning district and the property line of each of the uses set forth in Section 9.5.4(3).

9.5.5 *CONDITIONS*

The special permit granting authority may impose reasonable conditions, safeguards, and limitations on time or use of any special permit granted and shall require that any such special permit granted shall be personal to the applicant, shall not run with the land and shall expire upon sale or transfer of the subject property.

9.5.6 *EXPIRATION*

A special permit to conduct an adult entertainment use shall expire after a period of three calendar years from its date of issuance and shall be automatically renewable for successive three-year periods thereafter, provided that a written request for such renewal is made to the special permit granting authority not less than 30 days prior to said expiration date and that no objection to said renewal is made and sustained by the special permit granting authority based upon the public safety factors applied at the time that the original special permit was granted.

9.5.7 *RETROACTIVE APPLICATION*

Each adult use in existence upon the effective date of this section shall apply for an adult use special permit within 90 days of the adoption of this By-Law.

9.5.8 *SEVERABILITY*

The provisions of this section are severable and, in the event that any provision of this section is determined to be invalid for any reason, the remaining provisions shall remain in full force and effect.

9.6 MULTIFAMILY DEVELOPMENT OVERLAY DISTRICT (MDOD)

9.6.1 *PURPOSE*

The purpose of this Section, Multifamily Development Overlay District (MDOD), is to protect the value of real property; to promote more sensitive siting of buildings and better overall site planning; to allow landowners a reasonable return on their investment; to facilitate the construction and maintenance of streets, utilities, and public services in a more economical and efficient manner; and to promote the development of varied housing opportunities.

9.6.2 *OVERLAY DISTRICT*

The MDOD is an overlay district superimposed on all underlying zoning districts. All uses permitted by right or by special permit in the pertinent underlying zoning district shall be similarly permitted in the MDOD subject to the provisions of this Section. Where the MDOD authorizes uses not otherwise allowed in the underlying district, the provisions of the MDOD shall control.

9.6.3 *MINIMUM AREA*

The parcel or set of contiguous parcels containing the MDOD shall not be less than forty (40) acres, all of which shall be located exclusively in the Town of Seekonk.

9.6.4 *MULTIFAMILY DEVELOPMENT PROJECT*

Within the MDOD, a Multifamily Development Project (MDP), as defined herein, may be constructed as of right, upon site plan approval by the Planning Board, as set forth below. A MDP shall meet all of the standards set forth in this By-law.

9.6.5 *PROCEDURES*

An applicant for site plan approval of a MDP shall file with the Planning Board six (6) copies of a Development Plan conforming to the requirements for a preliminary subdivision plan under the Subdivision Regulations of the Planning Board. Such plan shall also include:

9.6.5.1 existing and proposed topography;

9.6.5.2 wetland areas; where wetland delineation is in doubt or dispute, the Planning Board shall require the applicant to submit to the Conservation Commission a request for determination of applicability pursuant to G.L., c. 131, §40, and 310 CMR 10.05(3), the Wetlands Protection Act.

9.6.5.3 unless the development is to be sewerred, the results of deep soil test pits and percolation tests. The Planning Board shall refer data on proposed wastewater disposal to the Board of Health for their review and recommendation.

9.6.5.4 specifications demonstrating that access roads and drainage facilities shall meet the functional requirements of the Planning Board's Rules and Regulations.

9.6.5.5 notwithstanding the provisions of Section 10.3.9, the applicant shall not be required to submit the parking plan otherwise required therein.

9.6.5.6 the applicant may be required to submit any additional information necessary to make the determinations and assessments cited herein.

9.6.6 *DWELLING UNITS*

The following standards shall govern dwellings and dwelling units:

9.6.6.1 Density:

The maximum number of units allowed in a MDP shall be the greater of a) the total area of the subject property in square feet divided by 10,000 sq. ft. or b) the total upland area of the subject property in square feet divided by 5,000 sq ft. Upland area "shall mean land not regulated by the provisions of G.L.C. 131 S.40 as protected resource area. The unit count of (a) in excess of (b) or (b) in excess of (a) will be constructed as 55 and over units.

9.6.6.2 Buildings:

No individual structure within a MDP shall contain more than forty-eight (48) dwelling units, unless a special permit for more dwelling units is granted by the Planning Board.

9.6.6.3 Height:

No building shall exceed four (4) stories or fifty-five (55) feet in height, unless a special permit for greater height is granted by the Planning Board.

9.6.6.4 Parking:

Each dwelling unit shall be served by two (2) parking spaces.

9.6.7 *OPEN SPACE REQUIREMENTS*

A minimum of 20% of the parcel shown on the Development Plan shall be contiguous open space, excluding required yards and buffer areas. Such open space may be separated by the road(s) constructed within the MDP.

9.6.7.1 Use:

The required open space shall be used for conservation, historic preservation and education, outdoor education, recreation, park purposes, agriculture, horticulture, forestry, or for a combination of these uses, and shall be served by suitable access for such purposes.

9.6.7.2 Cover:

The required open space shall remain un-built upon, provided that 10% of such open space may be paved or built upon for structures accessory to the dedicated use or uses of such open space, pedestrian walks, and bike paths, and agriculture.

9.6.7.3 Utilities:

Underground utilities to serve the MDP may be located within the required open space.

9.6.7.4 Ownership:

The required open space shall, at the owner's election, be conveyed to the Town or its Conservation Commission; a nonprofit organization, the principal purpose of which is the conservation of open space and any of the purposes for such open space set forth above; or a corporation or trust owned jointly or in common by the owners of units within the MDP. If such corporation or trust is utilized, ownership thereof shall pass with conveyance of the units in perpetuity.

9.6.8 *STANDARDS*

The following standards shall apply for the design of a MDP:

9.6.8.1 Buffer Areas:

All dwellings and structures shall be located a minimum of twenty-five (25) feet from adjacent properties, and fifty (50) feet from adjacent surface waters or wetlands. Buffer areas shall be retained in their natural vegetative state to the maximum extent feasible, except where adjacent to agriculturally used property.

9.6.8.2 Utilities:

The MDP shall be served by a public water supply.

9.6.8.3 Irrigation:

Water for irrigation purposes may be provided on-site and not by the public water supply.

9.6.8.4 Accessory Buildings:

Permitted accessory buildings may include property management office, common recreational facilities (including fitness center, swimming pool, meeting rooms, etc.), physical plant and maintenance facilities, wastewater treatment facility, water treatment facilities, water storage tank or tanks and the like.

9.6.8.5 Stormwater Management:

Stormwater management shall be consistent with the requirements for subdivisions set forth in the Rules and Regulations of the Planning Board.

9.6.8.6 Roadways:

The principal roadway(s) serving the MDP shall be adequate for the intended use and vehicular traffic and shall be maintained by an association of unit owners or by the applicant.

9.6.8.7 Maximum Coverage:

Not more than 45% of the MDP shall be covered by an impervious surface.

9.6.9 *DECISION*

The Planning Board shall render its decision regarding the site plan within (60) days of the date of the application, which such deadline may only be extended by agreement in writing. If no extension is agreed upon and no decision is rendered within 60 days, the application will be considered and deemed to have been approved. Such decisions (or a certification that no decision has been timely made) shall be filed with the office of the Town Clerk. Site plans will be accepted for review immediately following the passage of this zone change by Town meeting and the 60 day time period will start immediately upon submission of those plans. Site plan approval for a MDP shall be granted upon determination by the Planning Board that new building construction or other site alteration satisfies all of the following objectives:

- 9.6.9.1 Minimize the volume of cut and fill, the number of removed trees 6" caliper or larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion, and threat of air and water pollution;
- 9.6.9.2 Maximize pedestrian and vehicular safety both on the site and egressing from it;
- 9.6.9.3 Minimize obstruction of scenic views from publicly accessible locations;
- 9.6.9.4 Minimize visual intrusion by controlling the visibility of parking, storage, HVAC or other outdoor service areas viewed from public ways or premises residentially used or zoned;
- 9.6.9.5 Minimize glare from headlights and lighting intrusion and light overspill into the night sky;
- 9.6.9.6 Provide adequate access to each structure for fire and other emergency service equipment;
- 9.6.9.7 Provide adequate stormwater management consistent with the functional design standards in the Planning Board's Subdivision Rules and Regulations;
- 9.6.9.8 Minimize unreasonable departure from the character, materials, and scale of buildings in the vicinity, as viewed from public ways and places; and,
- 9.6.9.9 Minimize contamination of ground-water from on-site wastewater disposal systems or operations on the premises involving the use, storage, handling, or containment of hazardous substances.

9.6.10 *APPEAL*

Any decision of the Planning Board pursuant to this Section shall be appealed in accordance with G.L., c. 40A, §17 to a court of competent jurisdiction.

9.6.11 *RELATION TO OTHER REQUIREMENTS*

The submittals and permits of this section shall be in addition to any other requirements of the Subdivision Control Law or any other provisions of this Zoning By-law.

9.7 TELECOMMUNICATION FACILITIES OVERLAY DISTRICT

9.7.1 Establishment of District

This section establishes a Telecommunication Facilities Overlay District in addition to the zoning districts described in Section 3 and other overlay districts described in these By-Laws. The District is established as a special district, which may overlay any other zoning district. The provisions of this Section shall apply in addition to the requirements of the underlying zoning district.

9.7.2 Purpose

The Telecommunication Facilities Overlay District is established for the purpose of permitting telecommunication facilities in specific areas of Seekonk, in order to minimize visual impacts from such towers and facilities on the Town's rural, residential and village areas.

9.7.3 Location

The Telecommunication Facilities Overlay District consists of all lands zoned as "Industry" or "Highway Business," and any other areas that may be added thereto by amendment to the Zoning Map duly adopted in accordance with the law.

9.7.4 Use Regulations

Land within the Telecommunication Facilities Overlay District may be used for all the purposes permitted in the underlying zoning district, as modified by any other overlay district, and for telecommunication facilities subject to the provisions of this Section. All development shall be subject to the regulations of the underlying zoning district, and of any applicable overlay district that are not specifically modified by the provisions of this Section.

9.7.5 General Provisions for Telecommunication Facilities

9.7.5.1 Special Permit Requirement: Telecommunication facilities may be erected only in a Telecommunication Facilities Overlay District or enclosed within or attached to existing structures, such as, but not limited to, steeples, utility stanchions or water tanks, upon the issuance of a special permit by the Zoning Board of Appeals, subject to the conditions of this By-Law and other reasonable conditions that may be applicable.

9.7.5.2 Applicability: The provisions of this Section shall apply to any Telecommunication facility except the following:

- a. An antenna structure used by a federally licensed amateur radio operator, provided that the (1) tower shall be set back from property lines a distance at least equal to its height, and (2) the tower must be removed if the use is discontinued for six months.

9.7.6 Standards for Towers

Construction of telecommunication facilities shall be subject to all of the following conditions:

9.7.6.1 Only self-supporting towers shall be permitted. Guyed towers are specifically prohibited. The towers shall be designed to utilize internally-mounted antennas.

9.7.6.2 Tower height shall not exceed 100 feet above the mean finished grade of the tower base. Variance applications to exceed this height limit cannot be requested.

9.7.6.3 A tower shall not be erected nearer to any property, not owned by the applicant, than a distance equal to the vertical height of the tower (inclusive of any appurtenant devices), measured at the mean finished grade of the tower base. This distance shall be increased to one and half times the vertical height of the tower when abutting a residential zoning district.

9.7.6.4 A tower shall be set back from any public way, except interstate highways, a distance at least equal to one and one-half times the vertical height of the tower, measured at the mean finished grade of the tower base.

9.7.6.5 Telecommunication facilities shall be designed to allow for up to three separate telecommunication carriers, as defined in the Telecommunications Act of 1996, and the original telecommunication facility owner shall allow co-location by these said additional carriers.

9.7.6.6 Towers shall not include facilities for microwave transmission and shall comply with all lawful and applicable FCC regulations concerning radio frequency emissions.

9.7.6.7 All network interconnections from the lot on which the tower is located shall be via landlines.

9.7.6.8 One Telecommunication facility accessory building, not to exceed in the aggregate 300 square feet gross floor area per telecommunication carrier, as defined in the Telecommunications Act of 1996, may be constructed, provided that the building is similar in architectural style and materials to other structures in the neighborhood. Such an accessory building must comply with the setbacks of the underlying zoning district.

9.7.6.9 Any electrical generators shall be shielded so as to prevent unreasonable noise impacts on neighboring properties.

9.7.6.10 Tower lighting shall not be permitted unless required by the FAA.

9.7.6.11 Existing on-site vegetation shall be preserved to the maximum extent practicable and all fencing shall be entirely screened by landscaping.

9.7.6.12 Towers shall be enclosed by a fence which shall be locked at all times and have a sign identifying the owner of the facility and information regarding contact for a responsible party in the event of an emergency. No other signs shall be allowed except those indicating no trespassing/private property or any other signage required by law or regulation, including without limitation, FCC regulations.

9.7.7 Special Permit Procedures

9.7.7.1 Submittal Requirements

An application for a permit for a telecommunication facility shall include a site plan, with the number of copies prescribed on a Zoning Board of Appeals application, prepared by a professional engineer or land surveyor registered to do business in the Commonwealth of Massachusetts, which shall show the following at a minimum:

- a. Ownership, zoning, use, the general location of structures and topography within two hundred feet of the property line of the lot; and
- b. All major site features; including:
 - i. Driveways, including widths;
 - ii. Parking areas;
 - iii. Street line, including widths;
 - iv. Roadways, including widths;
 - v. Pedestrian walks, including widths;
 - vi. Wetlands;
 - vii. Drainage, including detail design data, pipe sizing, etc.; and
 - viii. Stone walls.

The applicant shall also describe the number and types of antennas that the telecommunications facility can accommodate and any accessory structures.

9.7.7.2 Required Findings: The Zoning Board of Appeals may grant a special permit for a telecommunication facility only if it makes all of the following findings:

- a. Existing or approved towers or structures cannot accommodate the telecommunication facility planned for the proposed tower.
- b. The design of the telecommunication facility will minimize adverse visual effects on the environment to the maximum extent feasible.
- c. Traffic associated with the telecommunication facility shall not adversely affect abutting ways.

9.7.7.3 Conditions: The Zoning Board of Appeals may impose reasonable conditions on a special permit granted under this section, including fencing requirements and painting and lighting standards.

9.7.8 Modification of an Approved Telecommunication Facility

9.7.8.1 Additional antennas and equipment may be added, by-right, to a telecommunication facility that has received a special permit under this section, unless specifically prohibited in the special permit decision. Thirty (30) days prior to such addition, the telecommunication facility owner shall, in writing, notify the Zoning Enforcement Officer regarding the name and address of the entity adding the antennas or equipment.

9.7.8.2 Any modifications to an approved telecommunication facility must be consistent with the requirements of this Section.

9.7.9 Non-Use

Any telecommunication facility which has not been used for 6 months shall be dismantled and removed at the telecommunication facility owner's expense. A removal bond shall be posted in an amount consistent with a cost removal estimate issued by a registered professional engineer, which shall be approved by the Zoning Board, to cover to the cost of removal of said telecommunication facility in the event the owner does not remove the telecommunication facility within 6 months after cessation of use.

9.8 SOLAR PHOTOVOLTAIC OVERLAY DISTRICT

9.8.1 Purpose

The purpose of the Solar Photovoltaic Facility (SPF) Overlay District is to promote the creation of new large-scale ground-mounted SPFs by providing standards for the placement, design, construction, operation, monitoring, modification and removal of such facilities, which standards address public safety, minimize impacts on scenic, natural and historic resources and providing adequate financial assurance for the eventual decommissioning of such facilities.

The provisions set forth in this section shall apply to the construction, operation, repair and/or eventual removal of large-scale ground-mounted SPFs.

9.8.2 Applicability

This section applies to large-scale ground-mounted SPFs proposed to be constructed after the effective date of this section within the SPF Overlay District. This section also pertains to physical modifications that materially alter the type, configuration, or size of these facilities or related equipment.

9.8.3 Definition of Terms

As-of-Right Siting: As-of-Right Siting shall mean that development may proceed without the need for a special permit, variance, amendment, waiver, or other discretionary approval. As-of-right development of large-scale ground-mounted SPFs within the SPF District shall be subject to Site Plan Review, as set forth in Section 9.8.6, to determine conformance with this Zoning Bylaw.

Building Permit: A construction permit issued by the Building Official; the building permit evidences that the project is consistent with the state and federal building codes as well as these Zoning Bylaws, including those provisions governing ground-mounted large-scale SPFs.

Large-Scale Ground-Mounted Solar Photovoltaic Facility: A solar photovoltaic system that is structurally mounted on the ground and is not roof-mounted, and has a minimum rated nameplate capacity of 250 kW DC.

Rated Nameplate Capacity: The maximum rated output of electric power production of the Photovoltaic system in Direct Current (DC).

9.8.4 Location

The SPF District shall be defined as all lands within the Industry District located in the southeastern area of the Town, bordered to the east by the Town of Rehoboth, to the south by the Town of Swansea, to the north by the Town's Residential-4 zoning district and to the west by the Town's Residential-3 Zoning District as shown on the Seekonk, Massachusetts, Zoning Map dated 1979 and amendments.

9.8.5 Compliance with laws, Ordinances, and Regulations

The construction and operation of all large-scale ground-mounted SPFs shall be consistent with all applicable local, state and federal requirements, including but not limited to all applicable safety, construction, electrical, and communications requirements. All buildings and fixtures forming part of a large-scale ground-mounted SPF shall be constructed in accordance with the State Building Code.

9.8.6 Solar Photovoltaic Facility Site Plan Review

The following section applies only to Site Plan Review procedures and requirements related to applicants proposing to develop large-scale ground-mounted SPFs within the SPF District. Applicants within the SPF District proposing to develop a large-scale ground-mounted SPF shall abide by this section and shall not be subject to Section 10, Site Plan Review, of these Zoning Bylaws.

9.8.6.1 Purpose

The purpose of the SPF Site Plan Review is to protect the safety, public health, convenience and general welfare of the inhabitants of the Town of Seekonk by providing detailed review of the design and layout of large-scale ground-mounted SPFs with 250 kW or larger of rated nameplate capacity. These facilities shall undergo Site Plan Review prior to construction, installation or modification as provided in this section.

9.8.6.2 Powers and Administrative Procedure

All site plans are subject to the review and approval by the Planning Board (Board), which shall be administrative. The Board shall impose any reasonable conditions they find appropriate to improve the site design as based on the design standards below.

9.8.6.3 Pre-Application Review

The applicant is strongly encouraged to request a Pre-Application Review with the Town Planner, Conservation Agent, Building Official, Health Agent, Fire Chief, Water Superintendent, Public Works Superintendent, or other Town official. The applicant's consultants are strongly encouraged to attend. The purpose of this review is to outline the applicant's preliminary plan and receive comments from the members of the Town staff listed above so as to minimize the applicant's costs for engineering and other technical experts that may arise throughout the development process.

9.8.6.4 Procedure

Applicants shall submit an application for SPF Site Plan Review in accordance with the rules and regulations effectuating the purposes of this bylaw adopted and periodically amended by the Board. Said application shall be deemed complete by the Town Planner in accordance with the required items for a completed application as outlined in the rules and regulations. An application will be deemed either complete or incomplete within one week of its receipt. Applicants who have submitted incomplete applications will then be notified in writing of which required items are missing.

When reviewing an application for approval, the Board may determine that the assistance of outside consultants is warranted due to a project's potential impacts. The cost of such outside consultants shall be borne by the applicant.

No large-scale ground mounted SPF shall be constructed, installed or modified as provided in this section without first obtaining a building permit. A building permit shall not be issued without either an approved plan signed by the Clerk of the Board that is compliant with any conditions put forth as part of the approval by the Board or by indicated approval as follows. If the Board does not act upon such plan within three-hundred-sixty five (365) days after receipt of a completed application, it shall be deemed to be acceptable and the plan shall be signed "Approved by Default" by the Town Clerk.

Site Plan approvals are valid for one year following the date of approval. Construction shall commence within this timeframe. A one-year extension may be granted by the Board upon receipt of written correspondence by the applicant seeking said extension. Prior to construction, erosion and sedimentation control measures shall be in place in accordance with these Bylaws.

9.8.6.5 Compliance with Approved Plan

Before the issuance of a permanent occupancy permit, the Building Inspector, in consultation with the Town Planner, shall verify compliance with the approved site plan and an as-built plan, certified by a registered professional land surveyor or engineer, which shall be submitted to the Board and Building Inspector. The as-built plan shall attest to a development's conformity to its approved site plan by indicating landscaping, buildings, drainage flow, number of parking stalls, and limits of parking areas and drives.

Any changes in the approved site plan or in the activity to be conducted on the site that would cause a change to any of the standards in Section 9.8.7 shall be submitted to the Board for review and approval. The Town Planner may administratively approve any changes to the approved site plan that do not cause non-compliance with any of the standards in Section 9.8.7.

9.8.6.6 Appeals

Any person aggrieved by a decision of the Board under this section, may appeal this decision to the Zoning Board of Appeals. Subsequent appeals shall be brought forth to Superior Court, the Land Court or the District Court pursuant to Chapter 40A, Section 17 of the Massachusetts General Laws.

9.8.7 Dimensional and Design Standards

The following elements, in addition to any standards prescribed elsewhere in this Bylaw, shall be utilized by the Board in considering all site plans.

9.8.7.1 Dimensional Standards

(a) Setbacks

All construction shall comply with the yard, space, and height requirements of the underlying zoning district(s).

9.8.7.2 Design Standards

(a) Parking Requirements

The application shall demonstrate that adequate access, parking, and circulation are provided for service and emergency vehicles as determined by the Board.

(b) Drainage

Erosion and sedimentation control shall conform to Category 20B – Stormwater Management of the General Bylaws. Runoff control shall conform to Category 20C – Stormwater Management of the General Bylaws.

(c) Landscaping

- (i) A minimum 10-foot landscaped buffer around the perimeter of all sites shall be provided. A 25-foot buffer containing landscaping, a grassed earth berm, a fence, masonry wall or some combination of these screening devices, shall be provided on each side which adjoins or faces the side or rear lot line of a parcel in residential use or in a residential district.
- (ii) Any double row of parking spaces shall be terminated by landscaped islands which measure not less than ten feet in width and not less than 36 feet in length. The interior of parking lots shall have at a minimum landscaped center islands at every other double row as applicable. Pedestrian paths may be incorporated within the landscaped area provided a minimum of four feet, exclusive of paved areas, is maintained for all landscaped areas. Said double rows of parking spaces shall not exceed twenty (20) adjacent spaces or ten (10) spaces in each row.
- (iii) The interior of parking areas shall be shaded by deciduous trees to the maximum extent practicable without limiting sunlight exposure of the SPF
- (iv) Landscaping shall be so designed as to prevent parking or driving on any portion of a landscaped area except grassed areas to be used as overflow parking areas.
- (v) Landscaping, which shall all be live, shall include trees or shrubs of a potential height of at least three (3) feet sufficiently spaced to define and screen the area in the event the landscaping is inadequately

maintained. Landscaping shall not interfere with a safe view of traffic or pedestrian flow.

- (vi) Utility areas as well as garbage collection, recycling areas, and other outside storage areas shall be screened by a planted buffer strip along three sides of such a facility. Planting material should include a mixture of evergreen trees and shrubs.

(d) Lighting

The minimum illumination levels measured in footcandles for all parking spaces serving the designated uses of the SPF District is 1.0 footcandle.

The maximum spillover illumination to adjacent property shall be 1.0 footcandle. No areas shall be floodlit. Drives and parking areas shall not be illuminated by lighting fixtures higher than twenty (20) feet. Sidewalks shall not be illuminated by lighting fixtures higher than fifteen (15) feet. All lighting fixtures shall be shielded to have a total cutoff of all light at less than ninety (90) degrees. The total cutoff of all light shall occur within the property lines of the parcel to be developed. A lighting plan showing the location and type of lighting fixtures as well as a photometric plan conforming to this section shall be submitted.

(e) Architectural Guidelines

The design of the proposed large-scale ground-mounted SPFs and associated appurtenant structures shall complement, whenever feasible, the general setback, roof line, arrangement of openings, color, and exterior materials, proportion and scale of existing buildings in the vicinity.

(f) Signage

Signs on large-scale ground-mounted SPFs shall comply with Section 12, Signs and Advertising Devices, of these Bylaws. A sign consistent with Section 12 shall be required to identify the owner and provide a 24-hour emergency contact phone number. SPFs shall not be used for displaying any advertising except for reasonable identification, as determined by the Board, of the manufacturer or operator of the SPF.

(g) Utility Connections

Reasonable efforts, as determined by the Board, shall be made to place all utility connections from the SPF underground, depending on appropriate soil conditions, shape, and topography of the site and any requirements of the utility provider. Electrical transformers for utility interconnections may be above ground if required by the utility provider.

9.8.8 Safety and Environmental Standards

9.8.8.1 Emergency Services

The applicant shall submit a plan clearly marking all means of shutting down the SPF and identification of a responsible person for public inquiries throughout the life of the facility to the Board, Fire Chief and Police Chief.

9.8.8.2 Land Clearing, Soil Erosion, and Habitat Impacts

Clearing of natural vegetation shall be limited to what is necessary for the construction, operation and maintenance of the large-scale ground-mounted SPF or as otherwise prescribed by applicable laws, regulations, and bylaws.

9.8.9 Operation and Maintenance Plan

The applicant shall submit a plan for the operation and maintenance of the large-scale ground-mounted SPF, which shall include measures for maintaining safe access to the facility, stormwater controls, as well as general procedures for operational maintenance of the facility. Maintenance shall include, but not be limited to, painting, structural repairs, and integrity of security measures.

9.8.10 Utility Notification

No large-scale ground-mounted SPF shall be constructed until evidence has been given to the Board that the utility company that operates the electrical grid where the facility is to be located has been informed of the SPF owner or operator's intent to install an interconnected customer-owned generator. Off-grid systems shall be exempt from this requirement.

9.8.11 Abandonment and Decommissioning

9.8.11.1 Removal Requirements

Any large-scale ground-mounted SPF which has reached the end of its useful life or has been abandoned consistent with Section 9.8.11.2 of this Bylaw shall be removed. The owner or operator shall physically remove the facility no more than 180 days after the date of discontinued operations. The owner or operator shall notify the Board by certified mail of the proposed date of discontinued operations and plans for removal. Decommissioning shall consist of:

- (a) Physical removal of all large-scale ground-mounted SPFs, structures, equipment, security barriers and transmission lines from the site.

- (b) Disposal of all solid and hazardous waste in accordance with local, state, and federal waste disposal regulations.
- (c) Stabilization or re-vegetation of the site as necessary to minimize erosion. The Board may allow the owner or operator to leave landscaping or designated below-grade foundations in order to minimize erosion and disruption to vegetation.

9.8.11.2 Abandonment

Absent notice of a proposed date of decommissioning or written notice of extenuating circumstances, the SPF shall be considered abandoned when it fails to operate for more than one year without the written consent of the Board. If the owner or operator of the large-scale ground-mounted SPF fails to remove the facility in accordance with the requirements of this section within 180 days of abandonment or the proposed date of decommissioning, the Town may enter the property and physically remove the facility.

9.8.12 Financial Surety

Applicants proposing to develop large-scale ground-mounted solar photovoltaic projects shall provide a form of surety, either through escrow account, bond or otherwise, to cover the cost of removal in the event the Town must remove the facility and restore the landscape, in an amount and form determined to be reasonable by the Board, but in no event to exceed more than 125 percent of the cost of removal and compliance with the additional requirements set forth herein, as determined by the applicant. As a condition of approval, an applicant shall bind itself to grant the necessary license or easement to the Town to allow entry to remove the structure. The Town shall have the right but not the obligation to remove the facility. Such surety will not be required for municipally- or state-owned facilities. The applicant shall submit a fully inclusive estimate of the costs associated with removal, prepared by a qualified engineer. The amount shall include a mechanism for calculating increased removal costs due to inflation.

9.9 ECONOMIC DEVELOPMENT AREA OVERLAY DISTRICT (EDAOD)

9.9.1 Purpose

It is the purpose of this Section 9.9 – Economic Development Area Overlay District (EDAOD) to encourage economic development within the EDAOD, specifically for the establishment of restaurants with liquor licenses.

9.9.2 Overlay District

The EDAOD is established as an overlay district and includes that area designated on a map entitled “Economic Development Area Overlay District,

Seekonk, MA” that is on file with the Town Clerk and the Building Commissioner and which, together with any explanatory material thereon, is hereby incorporated in and made a part of these By-Laws. This map shall be considered as superimposed over other districts established by these By-Laws.

9.9.3 Applicability

Buildings and land uses within the EDAOD shall be governed by the pertinent regulations within the underlying districts and any other applicable regulations of these By-Laws.

9.10 CONTINUING CARE RESIDENCY CAMPUS OVERLAY DISTRICT (CCRCOD)

9.10.1 PURPOSE

The purpose of this Section, Continuing Care Residency Campus Overlay District (CCRCOD), is to:

1. provide for the development of the various residential opportunities including continuing care as set forth herein in a manner that conserves environmental features, woodlands, wet areas, open space, areas of scenic beauty, views and vistas; and
2. develop such residential opportunities in a manner harmonious with the surrounding land uses while protecting natural resources and open space; and
3. protect the value of real property; and
4. promote sensitive siting of buildings and better overall site planning; and
5. allow landowners a reasonable return on their investment; and
6. facilitate the construction and maintenance of streets, utilities, and public services in a more economical and efficient manner.

9.10.2 DEFINITIONS

Adult day care facility: A social day care or adult day health facility as those terms are defined by the Commonwealth's Department of Elder Affairs.

Assisted Living Facility (ALF) - A facility as defined in 651 CMR 12.02, which offers supportive services to individuals who are unable to live independently in the community by supervising and/or assisting with basic activities of daily life, such as, but not limited to, dressing, bathing, toileting, and nutrition.

Congregate Care or Independent Living Facility - A facility reserved for occupancy by persons who are able to care for themselves, but with some common facilities as described herein in a multifamily dwelling.

Dwelling: A structure containing no more than 100 dwelling units or other residential facilities. Each dwelling shall be constructed on one level, or constructed with an elevator; not to exceed two bedrooms.

Dwelling Unit - A residence containing a living area, bathroom or bathrooms, and one or two bedrooms, which may contain a kitchen area or combination kitchen/living area.

Nursing Home: Any facility defined in and licensed under G.L. c. 111, s. 71.

Continuing Care Residency Campus (CCRC) - A combination of any of the uses permitted in Section 9.10.5, below, meeting all of the standards set forth in this by-law on a single property or set of contiguous properties in common control, or subject to an agreement to operate as a common entity or in concert.

Upland Area - Land not wetlands.

Wetlands - Land subject to the provisions of G.L. c. 131, ss. 40 and 40A and Seekonk Wetland By-Law.

9.10.3 OVERLAY DISTRICT

The CCRCOD is an overlay district superimposed on all underlying zoning districts pertinent to the locus. All uses permitted by right or by special permit in the pertinent underlying zoning district shall be similarly permitted in the CCRCOD subject to the provisions of this Section. Where the CCRCOD authorizes uses not otherwise allowed in the underlying district, the provisions of the CCRCOD shall control. The boundaries of the CCRCOD are set forth in Section 3.2.7.

9.10.4 MINIMUM AREA

The parcel or set of contiguous parcels containing the CCRCOD shall not be less than thirty-five (35) acres, all of which shall be located exclusively in the Town of Seekonk.

9.10.5 PERMITTED USES

The first phase of a project in a Continuing Care Residency Campus must include an Assisted Living Facility and may include any of the other permitted uses. Within the CCRCOD, a Continuing Care Residency Campus may be constructed as of right, upon site plan approval by the Planning Board, as set forth below. A Continuing Care Residency Campus may include in combination three or more of the following permitted uses, whether located in the same structure or not:

1. Assisted Living Facility
2. Congregate Care or Independent Living Facility

3. Nursing Home

4. Independent Care Dwellings

5. Golf course open to the general public, and to the residents of the CCRC and other private members, with accessory facilities normally associated therewith including a pub or tavern with a license pursuant to G. L. c. 138, subject to approval of the licensing board.

6. Structures and uses accessory to the Continuing Care Residency Campus may also be provided in the same or in a freestanding building, or in outdoor areas set aside to enhance the same uses, including, but not limited to, the following: beauty and barber salons; recreational, physical fitness and therapy services; nondenominational chapel; library; bank automated teller machine; management offices; office buildings, specialty shops, such as: flower, donut, coffee, juice bar, liquor, postage or shipping, pet, candle, t-shirt, clothing, tailor, golf, photo, pharmacy, ice cream, antique, candy, arcade, art studio, pottery, jewelry, medical supplies, general store, convenience store, video, music, book, bakery, gift,; day care, adult day care or adult day health facility; hospice residence; food service; laundry, dry cleaners, tanning salon, and restaurants, including pizza, deli, diner, sandwich, breakfast and covered parking areas. Except for swimming pools, tennis courts, and other outdoor recreational uses, including a health club, such accessory uses shall be in designated outdoor areas or within a structure, and shall comply with the signage requirements of the Zoning By-law or any other use that is allowed by the underlying Mixed Use Zone. Any use other than that stated in paragraph 6 or in the underlying zone will require a special permit from the Zoning Board of Appeals.

9.10.6 PROCEDURES

An Applicant for site plan approval of a Continuing Care Residency Campus shall file with the Planning Board ten (10) copies of a Development Plan conforming to the requirements for a site plan review under the Zoning By-laws of the Town of Seekonk. Such plan shall also indicate:

- 9.10.6.1 existing and proposed topography;
- 9.10.6.2 wetlands; where wetland delineation is in doubt or dispute, the Planning Board shall require the applicant to submit to the Conservation Commission a request for determination of applicability pursuant to G.L. c. 131, §40 and 310 CMR 10.05(3), the Wetlands Protection Act;
- 9.10.6.3 unless the development is to be sewered, the results of deep soil test pits and percolation tests. The Planning Board shall refer data on proposed wastewater disposal to the Board of Health for their review and recommendation;
- 9.10.6.4 specifications demonstrating that access roads and drainage facilities shall meet the functional requirements of the Planning Board's rules and regulations;
- 9.10.6.5 notwithstanding the provisions of Section 10.3, the applicant shall not be

subject to Site Plan Review otherwise required therein.

- 9.10.6.6 the applicant may be required to submit any additional information necessary to make the determinations and assessments cited herein.

9.10.7 DWELLING UNITS

The following standards shall govern dwellings and dwelling units:

- 9.10.7.1 Density; Congregate Care/Independent Living and Multifamily Structures. The maximum number of dwelling units allowed in any Congregate Care/Independent Living and Multifamily Structures in a CCRC shall not exceed 300 units.
- 9.10.7.2 Density; Assisted Living Facility or Nursing Home. The maximum number of beds allowed in any Assisted Living Facility or Nursing Home in a CCRC shall not exceed 160 beds.
- 9.10.7.3 Density; The combined total density of dwelling units and beds shall not exceed the amount of dwelling units allowed in any Congregate Care/Independent Living and Multifamily Structures in Section 9.10.7.1 together with the maximum number of beds allowed in any Assisted Living Facility or Nursing Home in Section 9.10.7.2 for a maximum density of three hundred dwelling units and 160 beds.
- 9.10.7.4 Structures. No individual structure within a Continuing Care Residency Campus shall contain more than one hundred (100) dwelling units or 160 beds, as the case may be, unless a special permit for more dwelling units or beds is granted by the Planning Board. The Assisted Living Facility must be the first structure constructed, as defined as the first building permit drawn for the Continuing Care Residency Campus. However, the sewer connection must be completed, prior to obtaining any building permits.
- 9.10.7.5 Height. No structure shall exceed four stories or 55 feet in height, unless a special permit for greater height is granted by the Planning Board
- 9.10.7.6 Parking. The number of parking spaces to be provided for independent living dwelling units shall be at a ratio of parking space per two independent living dwelling units. The Planning Board may require additional visitor parking spaces if deemed necessary. The number of parking spaces to be provided for any assisted living facility or nursing home shall be equal to the number of employees on the largest shift, plus one space per every 5 beds. The number of parking spaces to be provided for any offices, commercial establishments or other uses listed in Section 9.10.5 shall be at least one space per 500 square feet but not more than one space per 250 square feet of gross floor area.
- 9.10.7.7 Setbacks. Each structure shall be a minimum of 30 feet from adjacent properties.

- 9.10.7.8 Multiple Structures on a Lot or Parcel. Except as provided in Section 9.10.7.2, the Continuing Care Residency Campus may be a single lot or parcel, or in the alternative, a structure or multiple structures may be placed on separate lots or parcels. The requirements of the underlying districts shall not apply with regard to such lots or parcels.

9.10.8 OPEN SPACE REQUIREMENTS

- 9.10.8.1 Minimum Area. A minimum of 40% of the parcel shown on the Development Plan shall be contiguous open space, excluding required yards and buffer areas, including wetland areas and planted/landscape area. Such open space may be separated by roadways or driveways either proposed or constructed within the Continuing Care Residency Campus.
- 9.10.8.2 Use. The required open space shall be used for conservation, historic preservation and education, outdoor education, recreation, golf course, park purposes, agriculture, horticulture, forestry, or for a combination of these uses, and shall be served by suitable access for such purposes.
- 9.10.8.3 Cover. The required open space shall remain unbuilt upon, provided that ten percent (10%) of such open space, other than any golf course, may be paved or built upon for structures accessory to the dedicated use or uses of such open space, pedestrian walks, and bikepaths, and agriculture.
- 9.10.8.4 Utilities. Underground utilities to serve the Continuing Care Residency Campus may be located within the required open space. All utilities within a continuing care residency campus shall be located underground; excluding a waste water treatment facility and any other such improvements that cannot be constructed underground.

9.10.9 STANDARDS

The following standards shall apply for the design of a Continuing Care Residency Campus:

- 9.10.9.1 Buffer Areas. All dwellings and structures shall be located a minimum of 30 feet from adjacent properties, and 50 feet from adjacent wetlands, subject to approval from the Conservation Commission pursuant to 310 CMR 10.00 and the Seekonk Wetlands Protection By-Law. Buffer areas shall be retained in their natural vegetative state to the maximum extent feasible, except where adjacent to agricultural or recreational used property. Parking areas will have a 10 foot minimum landscaped buffer from adjacent properties.
- 9.10.9.2 Utilities. A Continuing Care Residency Campus shall be served by a public water supply, electricity, natural gas, a combined heat and power system and shall be served by a sewage disposal system or a wastewater treatment facility (WWTF) within two miles of the CCRC provided that the WWTF has adequate excess capacity available. The WWTF must obtain all necessary

permits from the Massachusetts Department of Environmental Protection (MADEP) for the conveyances and treatment of wastewater from the CCRC. The CCRC may install a sanitary sewer force main within the CCRC, public highways or roads, public sidewalks and public or private easements to convey sanitary sewage and treated effluent between the CCRC and WWTF provided that the installation and repair of all disturbances to roadway improvements are made in accordance with the Seekonk Department of Public Works and Mass Highway Standards and Specifications for Roadways and Bridges. The sanitary sewer force main will be constructed and installed within roadway crossings as perpendicular as possible, and off of the traveled way and in the shoulder or sidewalk area wherever feasible.

- 9.10.9.3 Irrigation. Water for irrigation purposes will be provided on-site and not by the public water supply.
- 9.10.9.4 Accessory Buildings. Permitted accessory buildings may include property management office, structures to serve allowed accessory uses, common recreational facilities (including fitness center, swimming pool, meeting rooms, etc.), physical plant and maintenance facilities, wastewater treatment facility, water treatment facilities, water storage tank or tanks and the like.
- 9.10.9.5 Stormwater Management. Stormwater management shall be consistent with the requirements for subdivisions set forth in the Rules and Regulations of the Planning Board, Section 10.6.2 of the Zoning By-Law and any other applicable federal or state standards and the Seekonk Wetlands Protection By-Laws.
- 9.10.9.6 Roadways. The principal roadway(s) serving the Continuing Care Residency Campus shall be adequate for the intended use and vehicular traffic and shall be maintained by the Applicant.
- 9.10.9.7 Maximum Coverage. Not more than 55% of the Continuing Care Residency Campus shall be covered by an impervious surface.
- 9.10.9.8 Lighting. Lighting shall comply with Section 10.6.4 of the Zoning By-law.
- 9.10.10 DECISION

The Planning Board shall render its decision regarding the site plan within sixty (60) days of the date of the application, as may be extended by agreement in writing. Such decision shall be filed with the office of the Town Clerk. Site plan approval for a Continuing Care Residency Campus shall be granted upon determination by the Planning Board that new building construction or other site alteration satisfies all of the following objectives.

- 9.10.10.1 Minimize the volume of cut and fill, the number of removed trees 6" caliper or larger, the length of removed stone walls, the area of wetland vegetation displaced, the extent of stormwater flow increase from the site, soil erosion, and threat of air and water pollution;

- 9.10.10.2 Maximize pedestrian and vehicular safety both on the site and egressing from it;
- 9.10.10.3 Minimize obstruction of scenic views from publicly accessible locations;
- 9.10.10.4 Minimize visual intrusion by controlling the visibility of parking, storage, HVAC or other outdoor service areas viewed from public ways or premises residentially used or zoned;
- 9.10.10.5 Minimize glare from headlights and lighting intrusion and light overspill into the night sky;
- 9.10.10.6 Provide adequate access to each structure for fire and other emergency service equipment;
- 9.10.10.7 Provide adequate stormwater management consistent with the functional design standards in the Planning Board's Subdivision Rules and Regulations;
- 9.10.10.8 Minimize unreasonable departure from the character, materials, and scale of buildings in the vicinity, as viewed from public ways and places;
- 9.10.10.9 Minimize contamination of groundwater from on-site wastewater disposal systems or operations on the premises involving the use, storage, handling, or containment of hazardous substances.

9.10.11 APPEAL

Any decision of the Planning Board pursuant to this Section shall be appealed in accordance with G.L. c. 40A, s. 17 to a court of competent jurisdiction.

9.10.12 RELATION TO OTHER REQUIREMENTS; SEVERABILITY

The submittals and permits of this section shall be in addition to any other requirements of the Subdivision Control Law or any other provisions of this Zoning By-Law. In the event any provision of this Section 9.10 is deemed unconstitutional or invalid, it is the intention that such decision shall not affect the validity of this Section 9.10 as a whole, or any part thereof, other than the part so declared to be unconstitutional or invalid.

Section 10. Site Plan Review

10.1 Purpose:

The purpose of this section is to protect the safety, public health, convenience and general welfare of the inhabitants of the Town of Seekonk by providing detailed review of the design and layout of certain developments which may have a substantial impact upon the character of the Town and upon traffic, utilities and services therein.

10.2 Powers and Administrative Procedures:

All site plans are subject to the review and approval by the Planning Board (Board). The Board shall impose any conditions they find reasonably appropriate to improve the site design as based on the design standards below. The Board may adopt and periodically amend rules and regulations to effectuate the purposes of this by-law. Failure by them to promulgate such rules and regulations shall not have the effect of suspending or invalidating this by-law.

10.3 Applicability:

Any construction or alteration of a non-residential structure or change of use of a building or property to a non-residential use that would necessitate an on-site change to any of the design standards of 10.6 shall be subject to Site Plan Review. Residential uses are exempt from this section.

Notwithstanding the aforesaid, all activities subject to the provisions in Section 9.8 of the Zoning Bylaw (Solar Photovoltaic Facility Overlay District) and the associated Site Plan Review process shall not be subject to Site Plan Review as described in this section.

10.4 Pre-Application Review:

The applicant is strongly encouraged to request a pre-application review with the Town Planner, Conservation Agent, Building Official, Health Agent, Fire Chief, Water Superintendent and Public Works Superintendent. The applicant's consultants are strongly encouraged to attend. The purpose of this review is to outline the applicant's preliminary plan and receive comments from the members of the town staff listed above so as to minimize the applicant's costs for engineering and other technical experts that may arise throughout the development process.

10.5 Procedure:

Applicants shall submit an application for Site Plan Review in accordance with the rules and regulations effectuating the purposes of this bylaw adopted and periodically amended by the Board. Said application shall be deemed complete by the Town Planner in accordance with the required items for a completed application as outlined in the rules and regulations. An application will be deemed either complete or incomplete within one week of its receipt. Applicants who have submitted incomplete applications will then be notified of which required items are missing.

When reviewing an application for approval, the Board may determine that the assistance of outside consultants is warranted due to a project's potential impacts. The cost of such outside consultants shall be borne by the applicant. Review fees shall be in the form of a check made out to the Board's

reviewing engineer. Said review fee should be forwarded to the Board for payment to the Board's reviewing engineer.

Prior to the issuance of a building permit, a site plan shall be submitted to the Planning Board for review of compliance with these By-Laws. A building permit shall not be issued without either an approved plan signed by the Clerk of the Board that is compliant with any conditions put forth as part of the approval by the Board or by indicated approval as follows. If the Planning Board does not act to reject such plan within sixty (60) consecutive days after receipt of a completed application, it shall be deemed to be acceptable and the plan shall be signed "Approved by Default" by the Town Clerk.

Site Plan approvals are valid for one year following the date of approval. Construction shall commence within this timeframe. A one-year extension can be granted by Board upon receipt of correspondence by the applicant seeking said extension. Prior to construction erosion and sedimentation control measures shall be in place in accordance with any bylaws regulating said measures.

10.6 Design Standards:

The following elements, in addition to any standards prescribed elsewhere in this by-law, shall be utilized by the Board in considering all site plans.

10.6.1. Parking Requirements

10.6.1.1 Number of Spaces: Off-street parking shall be provided in all districts for uses where off-street parking is required, according to the standards set forth in the following schedule.

10.6.1.2 Shared Parking: Where mixed primary uses occur, applicants may propose a reduction in parking requirements based on an analysis using data from the Institute of Traffic Engineers (ITE). For peak demands of non-competing uses, a reduction up to 25% of the parking requirements in 10.6.1.3 may be approved by the Planning Board. For peak demands of competing uses, a reduction up to 10% of the parking requirements in 10.6.1.3 may be approved by the Planning Board.

10.6.1.3 Parking Space Schedule

Land Use	Minimum	Maximum
Hotel or Motel	1 per guest room	1.2 per guest room
Place of assembly, church, meeting hall or room, club, lodge and country club	1 per five seats	1 per three seats
Restaurant, stadium, gymnasium, auditorium, arena	1 per five seats	1 per three seats
Theater	1 per four seats	1 per two seats
Bank	1 per 400 square feet of gross floor area	1 per 150 square feet of gross floor area
Commercial establishments at least 20,000 square feet	1 per 500 square feet of gross floor area	1 per 250 square feet of gross floor area

Public utility	1 per 400 square feet of gross floor area	1 per 200 square feet of gross floor area
Manufacturing or industrial establishment	1 per each three employees of the largest working shift	2 per each three employees of the largest working shift

The Planning Board shall determine the closest similar use for any use permitted by these By-Laws not interpreted to be covered by this schedule. Only the primary land use needs to be considered in calculating the required parking spaces. The Planning Board may suggest an appropriate number of spaces for a specified land use within the range of minimum and maximum parking spaces based on historical demand. Handicapped spaces shall be in conformance with 521 CMR and an appropriate notation stating such conformance shall be placed on the prepared site plan.

- 10.6.1.4 Dimensions: Each off-street parking space shall be a minimum of nine (9) feet in width by twenty (20) feet in length. In the case of angle parking, the minimum dimensions for stalls and aisles shall be in compliance with the Institute of Traffic Engineers (ITE) standards.
- 10.6.1.5 Aisle and Entrance Dimensions: The minimum width of aisles and entrance drives providing access to more than two spaces shall be at least 24 feet wide. On lots where one entrance and exit driveway or access is constructed, the access shall not exceed fifty-four (54) feet in width. Where two or more driveways or accesses are constructed, the accesses

shall each not exceed thirty (30) feet in width. For automotive service stations, the maximum width shall be thirty-two (32) feet for each driveway or access.

10.6.1.6 Off-Street Loading: For every building hereafter erected and for every use hereafter established in an existing building or area, the off-street loading requirements presented in the Loading Space Schedule apply. Provided however, that for any building existing prior to October 2, 1973, but not expanded after such date, the Zoning Board of Appeals may grant a variance to allow for on or off loading on the street where conditions unique to the use reasonably justify such loading.

10.6.1.7 Loading Space Schedule

Use	Minimum number of loading spaces per units
All uses under 5000 square feet	No minimum, sufficient provision to eliminate all on or off loading on the street pursuant to normal economic activity
Retail trade, manufacturing and hospital establishments over 5000 square feet of gross floor area	1 per 20,000 square feet or fraction thereof of gross floor area up to two spaces; one additional space for each 60,000 square feet or fraction thereof of gross floor area over 40,000 square feet; spaced used for ambulance receiving at a hospital is not to be used to meet these loading requirements.
Business services, other	1 per 75,000 square feet or fraction thereof of gross floor area up to two spaces; one additional space for each 20,000 square feet or fraction thereof of gross floor area over 150,000 square feet

10.6.1.8 Dimensions: Each space for off-street loading shall be a minimum of five (5) feet longer than and four (4) feet wider than the largest vehicle which shall use the loading space. Each loading space shall have a vertical clearance of at least fourteen (14) feet. Each loading space shall have an additional area adequate for parking, loading, and maneuvering off any public street, sidewalk, or any portion thereof.

10.6.1.9 Computation of Spaces: When the computation of required parking or loading spaces results in the requirements of a fractional space, any fraction over ½ shall require one additional space.

10.6.1.10 Location of Parking Spaces: Required off-street parking spaces shall be provided on the same lot as the principal use they are required to serve, or when practical difficulties prevent their establishment upon the same lot, the Planning Board shall rule upon the acceptability of alternative plans.

10.6.1.11 Rental Spaces: No lot in common ownership shall contain more than two spaces for rental or lease except as an understood accessory to rental of a room on the same lot.

10.6.1.12 The location of spaces shall be suitably marked by painted lines or other appropriate markings.

- 10.6.1.13 A substantial bumper of concrete, steel, or heavy timber, or a concrete curb or berm curb which is backed, or a natural berm, shall be so located at the edge of surfaced areas except driveways as to protect abutting structures, properties, sidewalks, and landscaping.
- 10.6.1.14 No parking or loading area shall be used for the sale, repair, display, storage, dismantling or servicing of any vehicle, equipment, merchandise, material or supplies except as specifically permitted by these By-Laws in conjunction with uses directly involving sale, servicing, storage or repair of vehicles in districts where such uses are permitted.
- 10.6.1.15 Parking and loading spaces other than those for single-family or two family dwellings shall be so arranged as not to require backing of vehicles onto any public street.
- 10.6.1.16 No portion of any entrance or exit driveway shall be closer than fifty (50) feet to the nearest edge of the legal layout of an intersecting street.
- 10.6.1.17 All parking areas shall have clearly defined traffic flow into and out of the area and throughout the lot. Traffic moving in one direction may be required to be separated from traffic moving in an opposite direction at the entrance and exit to the parking lot by barrier, striping, rumble strip or the like, as determined to be necessary by the Planning Board. The flow pattern shall direct traffic into parking units. All driveways shall be clearly identified as to exit and/or entrance and direction of traffic flow. Where possible, curb-cuts shall be located on secondary roads and limited to only one on primary roads.
- 10.6.1.18 Curbing and walkways wherever developed shall meet all standards for curbing and walkways specified in the effective Rules & Regulations Governing the Subdivision of Land in the Town of Seekonk.
- 10.6.1.19 All parking spaces shall be accessible from the driving aisles or lanes by a single turn.
- 10.6.1.20 If the proposed development may generate 100 or more additional peak hour trips, based on the Institute of Traffic Engineers (ITE) Trip Generation Handbook, or if the Board determines that a safety or capacity deficiency exists, a traffic impact analysis prepared by a registered professional engineer shall be submitted by the applicant of existing conditions and future conditions with the proposed development.
- 10.6.1.21 The Planning Board may require that parking lots of adjacent properties be connected so as to prevent multiple entrances and exits on to the public streets by consumers.

10.6.2 Drainage

- 10.6.2.1 Any increase in the rate and or volume of stormwater runoff from existing conditions to the proposed conditions shall be prohibited unless said runoff can be captured onsite with drainage facilities designed to handle 100-year storm events. No drainage facilities shall dispose any runoff onto abutting properties.

10.6.3 Landscaping

- 10.6.3.1 A minimum 10 foot landscaped buffer around the perimeter of all sites shall be provided. A 25 foot buffer containing landscaping, a grassed earth berm, a fence, masonry wall or some combination of these screening devices, shall be provided on each side which adjoins or faces the side or rear lot line of a parcel in residential use or in a residence district to buffer non-residential sites from residential areas.
- 10.6.3.2 Each double row of parking spaces shall be terminated by landscaped islands which measure not less than ten feet in width and not less than 36 feet in length. The interior of parking lots shall have at a minimum landscaped center islands at every other double row. Pedestrian paths may be incorporated within the landscaped area provided a minimum of four feet, exclusive of paved areas, is maintained for all landscaped areas. Said double rows of parking spaces shall not exceed twenty (20) adjacent spaces or ten (10) spaces in each row.
- 10.6.3.3 The interior of parking areas shall be shaded by deciduous trees, which at maturity, each tree shall be presumed to shade a circular area having a radius of 15 feet with the trunk as the center. There must be sufficient trees so that, using this standard, 30 percent of the parking will be shaded.
- 10.6.3.4 Landscaping shall be so designed as to prevent parking or driving on any portion of a landscaped area except grassed areas to be used as overflow parking areas.
- 10.6.3.5 Landscaping, which shall all be live, shall include trees or shrubs of a potential height of at least three (3) feet sufficiently spaced to define and screen the area in the event the landscaping is inadequately maintained. Landscaping shall not interfere with a safe view of traffic or pedestrian flow.
- 10.6.3.6 Garbage collection, recycling areas, utility areas and other outside storage areas shall be screened by a planted buffer strip along three sides of such a facility. Planting material should include a mixture of evergreen trees and shrubs.
- 10.6.3.7 Display lots for motor vehicle sales shall be exempt from section 10.6.3.2 and 10.6.3.3 as long as a landscaped setback area not less than twenty (20) feet in depth except the area covered by access drives is provided. No vehicle shall be parked in the landscaped area or nearer than twenty (20) feet from the street lot line.

10.6.4. Lighting: The following shall be the minimum illumination levels measured in footcandles for all parking spaces serving the designated uses:

Industrial - 1.0;

Commercial - 2.0;

Shopping Centers - 3.0

The maximum spillover illumination to adjacent property shall be 1.0 footcandle. No areas shall be floodlit. Drives and parking areas shall not be illuminated by lighting fixtures higher than twenty (20) feet. Sidewalks shall not be illuminated by lighting fixtures higher than fifteen (15) feet. All lighting fixtures shall be shielded to have a total cutoff of all light at less than ninety (90) degrees. The total cutoff of all light shall occur within the property lines of

the parcel to be developed. A lighting plan showing the location and type of lighting fixtures as well as a photometric plan conforming to this section shall be submitted.

10.6.5. Drive-thrus

10.6.5.1 Drive-through facilities shall provide a minimum of 10 stacking spaces for donut shops, fast-food restaurants and banks and a minimum of 4 stacking spaces for pharmacies. If an order board and a transaction window are proposed, a minimum of 4 spaces between the two shall be provided. If more than one board and/or window are proposed, the stacking spaces may be divided between said boards and/or windows. A minimum of 3 stacking spaces to exit the facility shall also be provided.

10.6.5.2 Each stacking space shall be a minimum of 20 feet in length and 10 feet in width along straight portions and 12 feet in width along curved segments of the stacking lanes.

10.6.5.3 Stacking lanes shall be delineated from traffic aisles, other stacking lanes and parking areas with striping, curbing, landscaping, alternative paving materials, or raised medians. Said lanes shall be designed to prevent circulation congestion and shall not impede access into or out of parking spaces, pedestrian traffic, refuse/recycling areas and loading areas. An emergency by-pass lane shall be provided with all drive-through facilities.

10.6.6. Architectural Guidelines

The design of proposed buildings, structures and additions shall complement, whenever feasible, the general setback, roof line, arrangement of openings, color, exterior materials, proportion and scale of existing buildings in the vicinity.

10.6.7. Sustainable design incentives

The Board may waive any standards within the Site Plan Review section if any LEED certified standards or LID techniques are provided on the subject property.

10.6.8. Additional Site Plan Standards for the Luther's Corners Village District

10.6.8.1. Front yards shall not be used for parking. The parking standards in section 10.6.1.3 can be waived by the Planning Board if in the Board's opinion they will have a detrimental effect on the neighborhood character.

10.6.8.2. Front, side, or rear yards of commercial and mixed use buildings may be used as seasonal outdoor seating areas for businesses, provided that such areas are regularly cleaned and maintained, with trash removed on a daily basis. Seasonal outdoor seating areas may be installed during warm weather months. All related temporary furnishings and fixtures, including but not limited to tables, chairs, umbrellas, light fixtures, freestanding signs and menu boards, etc., shall be stored indoors off season; however any fencing, bollards, planters, or other means of delineating the boundaries of such outdoor seating areas may remain in place permanently.

10.6.8.3. Service alleys shall be provided behind mixed-use, commercial, or multi-family residential buildings to provide access for parking, loading, and garbage collection.

Alleys will typically be narrower than primary streets and need not include sidewalks, street trees, or parking lanes.

- 10.6.8.4. On streets with mixed and non-residential uses, sidewalks should be approximately 6 feet wide; for residential uses, approximately 5 feet wide. Smooth or aggregate concrete pavement, or unit pavers of brick, stone, or similar materials are preferred (unit pavers should be easily negotiable by wheelchairs); color-tinted asphalt stamped to resemble unit pavers may also be considered, but smooth black asphalt is discouraged. Accessible curb cuts shall be provided at all intersections and pedestrian crosswalks.
- 10.6.8.5. Crosswalks shall be provided at all intersections where heavy volumes of pedestrian and vehicular traffic are expected to intersect, and are encouraged for all street crossings along primary routes of pedestrian travel through this District. Crosswalks shall be constructed to provide both a change in color and texture from the regular roadway surface; such changes shall be A.D.A. compliant.
- 10.6.8.6. All streets trees shall be planted in a landscaped belt at least 5 feet wide between the street curb and the sidewalk. New development should consider utilizing existing mature trees for this purpose, particularly if such trees already frame or can be used to frame an important vista. New trees shall have a minimum 4-inch caliper at a level of 4 feet above grade, and shall be planted at intervals of approximately 40 feet or less. Hardy, climate-appropriate, deciduous species that will grow to a mature height of approximately 60 feet and will provide shade are preferred; smaller, ornamental trees may be interspersed with larger trees. Lower branches shall be trimmed to a height of at least 7 feet, so as not to interfere with pedestrians and to provide good visibility for drivers.
- 10.6.8.7. Buildings may vary in size and form and should provide that a comfortable pedestrian scale is maintained; variety in massing is specifically encouraged in developments containing multiple buildings. Vertical proportions are generally preferred, especially for windows and doors on horizontally massed buildings. Buildings with 100 feet or more of frontage should utilize design techniques that will create the appearance of a several smaller buildings, such as variations in the plane of the façade, in materials, in ornamentation, and/or in fenestration patterns (windows and doors).
- 10.6.8.8. Buildings shall be sited with their primary façade and main entrance facing either a street or a public open space; a sidewalk shall be provided to access the main entrances of all buildings. Rear elevations may face a service alley but shall not face a main road or a public open space. In a residential development with multiple buildings, consider varying the positioning of buildings within individual lots to provide visual interest along the streetscape.
- 10.6.8.9. A variety of roof lines is encouraged, including front gable, side gable, hip, and flat (with or without a parapet), particularly where buildings are to be sited close together within the same development. All buildings shall have a defined cornice.

- i. Dormers are permitted on residential and mixed use buildings, provided that the ridge of any dormer shall be below the ridge of the main roof.
 - ii. Buildings sited at the intersection of two or more streets may have a clock tower at the corner(s) nearest that intersection(s), to create a focal point on a streetscape. The height of any such clock tower shall not exceed 55 feet.
- 10.6.8.10. All buildings shall be designed with varied and articulated facades to provide visual interest; decorative patterning in exterior wall materials should be considered. Long expanses of blank walls facing the street or public open space are not permitted, either on the ground floor or on upper floors. Where building frontage along a street is greater than 100 feet, architectural elements such as vertical piers, bay windows, and recessed entrances should be used to maintain pedestrian scale.
- 10.6.8.11. Mixed use and non-residential buildings shall provide continuous storefronts at the ground floor level, with at least sixty percent (60%) of the storefront containing transparent clear glass. Storefront windows may either provide views into the interior space used by a business, or be used for display only, enclosed on the interior by opaque walls. Storefront entrances may be recessed.
- 10.6.8.12. Awnings and/or Canopies may be provided above storefront windows and entrances, and may incorporate signage for a business. Preferred materials are opaque canvas, metal, or glass. Exterior illumination for awnings and canopies is preferred; gooseneck lamps or other decorative fixtures should be considered.

10.7 Compliance:

Before the issuance of a permanent occupancy permit, the Town Planner shall verify compliance with the approved site plan and an as-built, certified by a registered professional land surveyor or engineer shall be submitted to the Planning Board and Building Inspector. The as-built plan shall attest to a development's conformity to its approved site plan by indicating landscaping, buildings, drainage flow, number of parking stalls, and limits of parking areas and drives.

Any changes in the approved site plan or in the activity to be conducted on the site that would cause a change to any of the design standards of section 10.6 shall be submitted to the Planning Board for review and approval. The Town Planner may administratively approve any changes to the approved site plan that do not cause a change in any of the design standards of section 10.6.

10.8 Appeals:

Any person aggrieved by a decision of the Board under this section, shall first appeal to the Zoning Board of Appeals. Subsequent appeals shall be brought forth to Superior Court, the Land Court or the District Court pursuant to Chapter 40A, section 17 of the Massachusetts General Laws.

SECTION 11. SPECIAL PERMITS

11.1 DEFINITION

The Zoning By-Laws of the Town of Seekonk provide for specific types of uses which shall only be permitted in the specific districts upon the issuance of a special permit.

11.2 POWERS

The Seekonk Zoning Board of Appeals shall have the power, after public hearing notice has been given by publication and posting as provided in Section 21 and by mailing to all parties in interest, to issue, upon application, special permits for uses permitted thereby in certain districts.

Special permits are to be issued only for uses which are in harmony with the general purpose and intent of these By-Laws, and shall be subject to general or specific provisions set forth herein. Special permits may also impose conditions, safeguards and limitation on time or use.

11.3 PROCEDURES

Special permits shall only be issued following public hearings held within sixty-five days after filing of an application with the Town Clerk, a copy of which shall forthwith be given to the Zoning Board of Appeals by the Town Clerk. The Zoning Board of Appeals shall adopt and from time to time amend rules relative to the issuance of such permits and shall file a copy of said rules in the office of the Town Clerk. Such rules must prescribe the size, form, contents, style and number of copies of plans and specifications and the procedure for the submission and approval of such permits.

The Zoning Board of Appeals shall act within ninety days following a public hearing for which notice has been given by publication or posting as provided in Section 21 and by mailing to all parties in interest. Failure by the Zoning Board of Appeals to take final action upon an application for a special permit within said ninety days following the date of the public hearing shall be deemed to be a grant of the permit applied for. Special permits issued by the Zoning Board of Appeals shall require four (4) concurring votes.

11.4 PERIOD OF VALIDITY

A special permit granted under this section shall lapse after one year, plus such time as is required to pursue or await the determination of an appeal referred to in Section 24 from the grant thereof, if a substantial use thereof has not soon commenced except for good cause or, in the case of permit for construction, if construction has not begun by such date except for good cause.

11.5 SPECIAL PERMITS FOR SCIENTIFIC RESEARCH DEVELOPMENT /PRODUCTION USES

Uses, whether or not on the same parcel as activities permitted as a matter of right, accessory to activities permitted as a matter of right, which activities are necessary in connection with scientific research or scientific development or related production, may be permitted upon the issuance of a special permit provided the Zoning Board of Appeals finds that the proposed accessory use does not substantially derogate from the public good.

SECTION 12. SIGNS AND ADVERTISING DEVICES

12.1 PURPOSE

12.1.1 This section is adopted for the regulation of signs, and advertising devices, within the town in order to protect and enhance the visual environment of Seekonk, by creating a balanced sign texture, diminishing any visual confusion, enhancing a particular building, or total streetscape, and stimulating responsible business activity. This section shall also serve to protect and enhance the safety, convenience, and welfare of all residents, businesses and consumers alike, and to prevent and minimize damage to the environment.

12.1.2 Any sign or advertising device hereafter erected or maintained shall conform to the provisions of this zoning by-law, and the provisions of the State Building Code, and any other by-laws, or regulations of the municipality. The term “sign” shall include any advertising device.

12.2 DEFINITIONS

Abandoned Sign - Any sign associated with a use which has ceased operations for sixty (60) or more days and/or contains or exhibits broken panels, visible rust, visible rot, damaged support structures, missing letters, or which is otherwise dilapidated, unsightly, or unkempt shall be deemed an abandoned sign.

Accessory Sign - A sign that provides information pertaining to, but that does not specifically identify a business, product or activity, including signs such as, "open," "closed," "VISA," phone number, website, email or other similar information.

Address Sign - A sign indicating the numerical location, or numerical and street location, of a particular property.

Ad Step - Advertising placed on the riser or treads of stairs.

Advertising Device - (excluding Balloon Signs)

Any principally non-verbal device designed for advertising purposes, such as caricatures, animals, ice cream cones, arches etc.

AdWalk - Advertising placed on or within a sidewalk.

A-Frame Sign - A sandwich sign that is connected at the top or bottom.

Animated Sign - A sign employing actual motion, or the illusion of motion. Animated signs, which are differentiated from changeable signs as defined and regulated by this code, include the following types:

1. Environmentally Activated: Animated signs or devices motivated by wind, thermal changes, or other natural environmental input. Includes spinners, pinwheels, pennant strings, and/or other devices or displays that respond to naturally occurring external motivation.
2. Mechanically Activated: Animated signs characterized by repetitive motion, and/or rotation, activated by a mechanical system powered by electric motors, or other mechanically induced means.
3. Electrically Activated: Animated signs producing the illusion of movement by means of electronic, electrical, or electrical-mechanical input, and/or illumination capable of simulating movement through employment of characteristics of one, or both of the classifications noted below:
 - A. Flashing: Animated signs, or animated portions of signs whose illumination is characterized by a repetitive cycle in which the period of illumination is either the same as, or less than the period of non-illumination. For the purposes of this ordinance, flashing will not be defined as occurring, if the cyclical period between on-off phases of illumination exceeds seven (7) seconds.
 - B. Patterned Illusionary Movement: Animated signs, or animated portions of signs, whose illumination is characterized by simulated movement, through alternate, or sequential activation of various illuminated elements, for the purpose of producing repetitive light patterns designed to appear in some form of constant motion.

Arcade - A series of arches supported by columns or piers, that may be attached to a wall or freestanding.

Area of a Sign - The area of a sign shall be calculated by measuring the entire face of a sign including the advertising surface and any framing, trim or molding, but excluding supports which do not bear advertising. Where a sign consists of individual letters, symbols or multiple panels (i.e. a multiple faced sign), the area shall be considered to be the smallest rectangle which encompasses all the letters, symbols or panels. Only one (1) face of a double-faced sign shall be used in computing the area of that sign.

Audible Sign - Any sign which emits a sound which is audible or emits a signal which can be converted into audible sounds, whether by radio or other means.

Awning - Any device, fixed or retractable, of any material, which extends over or otherwise covers a sidewalk, courtyard, walkway, eating area, driveway, or other area or space whether that area or space is intended for pedestrians, vehicles or other purposes. Also known as a “canopy.”

Awning Sign - Any sign that is a part of, attached to, or displayed on an awning, canopy or other fabric, plastic or structural protective cover over a door, entrance, window, or outdoor service area.

Balloon Sign - A type of advertising device consisting of a bag made of lightweight material supported by helium, hot air, pressurized air, or other gaseous substance having a greatest dimension in excess of 24 inches, or containing more than four (4) cubic feet of air.

Banner - A sign having characters, letters or illustrations applied to cloth, paper or fabric of any kind, with only such non-rigid material for backing or background, placed above or across a public or private street, or way, with the prior written permission of the Building Commissioner or designee, the Building Commissioner shall determine the terms and conditions for the use of

such sign, including, but not limited to, dimensional and length of time of allowances. Neither flags nor awning signs are considered banners.

Banners, Flags, Streamers with Logos – Includes other advertising features, or any other banners, teardrop banners, and flags not specifically identified. Any fabric or similar flexible material containing distinctive colors or patterns attached at least one end of the material, usually to a staff or pole that contain distinctive colors, patterns, symbols, emblems, insignia or other symbolic devices.

Banners, Flags, Streamers without Logos – Includes other advertising features, including “Open” Flags and unmarked flags or a non-commercial message. Any fabric or similar flexible material containing distinctive colors or patterns attached at, at least one end of the material, usually to a staff or pole, that contain distinctive colors, patterns, symbols, emblems, insignia or other symbolic devices.

Barber Sign - Rotating barber poles.

Beacon – A stationary revolving light that flashes or projects illumination, single color or multicolored, in any manner that is intended to attract or divert attention; not including any type of lighting device required or necessary under the safety regulations described by the Federal Aviation Administration or similar agencies.

Billboard - A sign that directs attention to a business, product, service, or entertainment conducted, sold or offered at a location other than the premises on which the sign is located.

Billboard - Portable - A sign designed to be readily relocated, that directs attention to a business, product, service, or entertainment conducted, sold or offered either on or off the premises on which the sign is located. Portable billboard signs also include signs on wheels, or on portable structures such as

trailers, tent signs, and normal advertising placed on motor vehicles designed specifically to be used as mobile billboards. Portable billboard signs do not include A-Frame Signs, Sandwich Signs, Menu Signs, and V-Shaped Signs, but may include Changeable Copy Signs if they are not permanently attached to a structure.

Building Commissioner -The Building Commissioner of the Town of Seekonk, or the Commissioner's designee.

Business Establishment - Any non-residential use, whether or not consisting of one (1) or more buildings. In a building with more than one (1) non-residential tenant, each tenant shall constitute a separate business establishment.

Building Front -The portion of a building facing the road, or any portion of a building that has separate businesses, and separate egress and ingress for the public facing a parking lot, or another public way.

Building Sign - Any sign attached to any part of a building, as contrasted to a ground sign.

Canopy - A roof-like cover, often of fabric, plastic, metal, or glass on a support, that provides shelter over a doorway.

Changeable Copy - Any lights, lettering, or images that may be electronically, or manually changed to form a sign message or messages.

Changeable Sign - A sign with capability of content change by means of manual, or remote input. Includes the following types:

1. Manually Activated- Changeable sign whose message copy or content can be changed manually on a display surface.
2. Electrically Activated: Changeable sign whose message copy or content can be changed by means of remote electrically energized on-off switching combinations of alphabetic, or pictographic components arranged on a display surface. Illumination may be integral to the components, such as characterized by lamps, or other light-emitting devices; or it may be from an external light source designed to reflect off the changeable component display. See also: Electronic Message Sign or Center.

Commercial Message - Any sign wording, logo, or other representation that, directly or indirectly, names, advertises, or calls attention to a business, product, service, or other commercial activity.

Construction Signs - A sign identifying an architect, builder, contractor, subcontractor, material supplier, financing entity, or others participating in construction, design or alteration on the property on which the sign is located. Said signs may also include a picture of the building under construction.

Directional Signs - Any sign limited solely to directing both vehicular and pedestrian traffic within or setting out restrictions on the use of parking areas.

Directional or Traffic Safety Signs with Logos - A sign identifying entrances, exits, parking areas or other operational features of premises, and/or providing directions for the safe and/or efficient flow of vehicular or pedestrian traffic. (Directional or traffic safety signs within public roadway layouts are governed by the Massachusetts Department of Transportation and Highways Manual on Uniform Traffic Control Devices.)

Directional or Traffic Safety Signs without Logos - A sign identifying entrances, exits, parking areas or other operational features of premises, and/or providing directions for the safe and/or efficient flow of vehicular or pedestrian traffic. (Directional or traffic safety signs within public roadway layouts are governed by the Massachusetts Department of Transportation and Highways Manual on Uniform Traffic Control Devices.)

Directory Sign - A sign which may be utilized by multiple business establishments occupying a single building with a shared public entrance.

Display Surface - The area of the sign measured by exterior dimension of established bordering available for the advertising message.

Double-Faced Sign - A sign with two faces or panels, neither that is visible at the same time, and that, unlike a V-shaped sign, are directly back to back.

Drive-through Menu Sign - A sign associated with drive-through windows or kiosks, and directed to drive-through traffic.

Electronic Message Sign or Center - A sign on which the characters, letters or illustrations can be changed automatically, or through electronic or mechanical means. Electronic message centers exclude time and temperature signs. See also Changeable Copy Signs.

Electric Sign - Any sign activated, or illuminated by means of electric energy.

Entrance - A means of accessing a building. For the purpose of regulating signage the following are types of entrances:

1. Public Entrance - An entrance to a single business establishment available for use by the general public during hours of operation.
2. Principal Entrance - The primary public entrance to a single business establishment.
3. Secondary Entrance - A public entrance to a single business establishment that is additional to the principal entrance.
4. Shared Public Entrance - A common public entrance that provides access to multiple business establishments but does not directly access any single business establishment.

Erect - To attach, build, paint, construct, reconstruct, alter, enlarge, or relocate.

Externally Illuminated Sign - A sign illuminated by an external light source directed solely toward such sign.

Facade of the Business Establishment - That portion of the building wall facing a street or containing a public entrance, which corresponds to the height and width of the interior space rented or owned by the tenant of the business establishment.

Flag - Any fabric or bunting containing colors, patterns, or symbols used as a symbol of a government or other entity or organization.

Flashing Sign - A sign that contains an intermittent or sequential flashing light source, but excluding changeable-copy signs, electronic message centers, animated signs or signs that, through reflection or other means, create an illusion of flashing or intermittent light.

Free-Standing Ground Sign - A freestanding sign that is supported by one (1) or more uprights or braces that are in or upon the ground.

Garage Bay Signs – Signs over the entry way to service bays at a gasoline station or garage.

Government Signs - Any sign erected and maintained by a duly constituted government agency.

Grade - Height above ground level as determined by the crown of the closest public road.

Ground Sign - Any sign, supported by structures or supports that are placed on or anchored in the ground, independent from any building or other structure.

Halo Lighting - Light showing from the back of, or from within a letter or graphic shape, out towards the surface that the letter or graphic is mounted on, without having any light visible through the face of the letter or graphic.

Height of a Sign - The vertical distance including landscape features and mounding measured from the highest point of a sign to the grade.

Historic or Commemorative Plaque - Any sign or plaque indicating the name of a building, the date of erection and/or incidental information about its construction, also known as memorial signs or markers.

Home Occupation Sign - An on-premises sign indicating a business, trade, occupation or profession conducted at the proprietor's residence or within a structure accessory to the residence.

Illegal Sign - A sign that does not meet the requirements of this code.

Illuminated Sign - A sign lighted or exposed to artificial light either by lights on or in the sign or directed towards the sign including Halo Lighting, Direct/External Lighting, Indirect Lighting, Internal Illumination, Flashing or Intermittent Lighting.

Indirect Lighting - Illumination by means of a concealed light source, whereby all devices are shielded from view by opaque or translucent materials, and including reflected lighting.

Individually Lettered Sign -A sign made of separate and distinct lettering, promoting, or as part of the same message, the dimensions of which shall be the height of the tallest letter, and the width of all combined letters fully displayed.

Institutional Use - For the purpose of this Section, shall mean any religious or educational use.

Internally Illuminated Sign - A sign illuminated by an internal light source, utilizing translucent panels, canvas or other fabric, letters, devices or other similar components to create an image by allowing light to pass through. A "Reverse Lit" sign is not an internally illuminated sign.

Ladder (Directory) Signs - A freestanding ground sign with two (2) vertical

supports and two (2) or more crosspieces serving as individual signs.

Location - No sign or any part thereof shall be within the layout of a public way or sidewalk or shall obstruct highway vision.
No signs permitted or temporary shall be erected or placed on public property, unless exempted hereunder, including all municipal and all other allowed governmental signs, including all governmental street devices.

Logo - A distinctive emblem, symbol or insignia identifying a particular product, service, business, activity or entity.

Maintenance Sign - A sign identifying an architect, builder, contractor, subcontractor, material supplier or others participating in maintenance on the property on which the sign is located.

Maintaining a Sign - The cleaning, painting, or repair or replacement of defective parts of a sign in a manner that does not alter the basic information, design or structure of the sign.

Marquee - Any sign attached to a roof, side of building and extending perpendicular to a wall, or awning, which then projects over the entrance, or other portion of the building.

Mechanically Activated Sign - Signs that have moving parts other than Barber signs.

Menu Signs - A sign illustrating the menu or specials for an establishment.

Moving Sign - Any and every sign, any part of which that is animated by mechanical or other means.

Multi-Faced Sign - Any sign consisting of more than one (1) sign face.

Municipal Signs- Municipal signs are exempt from the provisions of this section.

Neon Signs - An illuminated sign containing a glass tube filled with neon, phosphors or other gaseous substance that is bent to form letters, symbols or other shapes. Exposed Neon Signs shall include tubes, and other materials that mimic neon such as fiber optic, that are visible either through exposed lighting on the sign face, or through transparent or translucent material from a light source within the sign. This includes said signs whether or not they are enclosed in a box or other framing material.

Non-Conforming Sign - Any sign legally erected prior to the adoption of this section, or any amendment thereof, which does not conform to the requirements of this section or such future amendments

Normal Grade - The lower of 1) existing grade prior to construction or, 2) the newly established grade after construction, exclusive of any filling, bermming, mounding, or excavating solely for the purpose of locating the sign.

Off-Premise Signs - A sign that identifies or provides information pertaining to a business, lessor, lessee, service, owner, product or activity that is not located on the premises where such sign is located.

On-Premise Sign - A sign which identifies or provides information pertaining to a business, lessor, lessee, service, owner, product or activity, which is located on the premises where such sign is located.

Open House Signs – A sign promoting an “Open House”.

Out-of-Store Marketing Device - An out-of-store marketing device is any facility or equipment which is located outside of a primary building on a site zoned for nonresidential uses, which is used for the primary purpose of providing a product or service without the owner’s or agent’s immediate presence, and which is manufactured to include a color, form, graphic, illumination, symbol, and/or writing thereon to communicate information regarding the product or service provided thereby to the public. Examples of out-of-store marketing devices include: fuel pumps, bank ATM units, vending machines, newspaper racks, drink machines, ice boxes, and phone booths.

Painted Wall Sign -A wall sign that is applied with paint, or similar substance on the face of a wall; such sign shall be considered a wall sign for calculation purposes.

Pennant - Any lightweight plastic, fabric, or other material, whether or not containing a message of any kind, suspended from a rope, wire, or string, usually in a series, designed to move in the wind. Also known and referred to as a streamer.

Permanent Sign - Any sign of a type and construction as not to be easily or readily removed, which, when installed, is intended for permanent use. Types of permanent signs include, but are not limited to, standing signs, wall signs, awning signs, and window signs.

Portable Sign - A sign which is not permanently affixed to the ground or to a structure, including but not limited to signs on trailers which are parked in such a manner as to serve the purpose of a sign.

Preexisting Nonconforming Sign - Any sign that conformed to the provisions of the Sign Code By-law, if any, at the time it was erected, but does not conform to the current requirements of this by-law.

Projecting Sign - A type of wall sign which is perpendicular to the wall to which it is attached and projects away from such wall.

Public Service Signs - A sign that exclusively promotes an activity or event of general interest to the community and that contains no advertising features.

Real Estate Signs - Any sign that is used for the sale, lease or rental of real property.

Residential Decorative Signs - A sign indicating a name for a residence at the premises, and not advertising any products or services.

Residential Identification Signs - A sign indicating a name for a residence at the premises, and not advertising any products or services.

Regulatory or Safety Signs - A sign that provides directions or regulations for the safe and legal conduct of activities on the premises.

Reverse Lit - A type of sign and/or sign illumination using an opaque face and sides, generally constructed of aluminum, and a clear polycarbonate back or no back. Light does not pass through the face of the sign, but rather comes out of the back of the sign and is cast off the wall behind the sign, thereby creating a silhouette of the outline of the sign face. Also known and referred to as “Reverse Back Lit”, “Halo”, or “Halo Lit” sign or sign illumination.

Roof Sign - Any sign erected and constructed above, or projecting above, the lowest point of the eave or the top of a parapet wall of any building, or which is painted, or otherwise attached, or affixed to a roof.

Sandwich Board Signs - A self-supporting, double-paneled sign, whose panels are not parallel but that are connected along one (1) edge and separated along the opposite edge. If connected on a side edge, it is a V-shaped sign. If connected at the top or bottom, it is an A-frame sign.

Seasonal -The regular cyclic seasons of the year, whether winter, spring, summer or fall; or special “holiday seasons” such as Christmas, Easter etc.

Unless otherwise specified, seasonal shall refer to the normal summer tourist season – generally the time period between Easter and Columbus Day.

Seasonal Display - An outdoor display for the purpose of celebration of the holidays, or seasons.

Seasonal Sign - A Temporary Sign used by a business that operates on a seasonal basis

Special Purpose Sign - A sign giving warning, prohibition or instruction, such as “no hunting”, “no turning”, “no trespassing” or “beware of dog”.

Subdivision Lot Plan Sign - A sign depicting the lot plan of a subdivision.

Subsidiary Sign - A sign that is attached to and smaller than another sign.

Sign or Advertising Device - Any permanent or temporary device, billboard, placard, painting, drawing, poster, letter, word, banner, striping, denoting a particular firm, pennant, insignia, trade flag, article, object, or other representation used as an advertisement, announcement, direction, calling attention to, or indicating and identifying any premises, firm, person, or activity, whatever the nature of the material used, and manner of composition or construction, and used to communicate information of any kind to the public.

Sign Face - That part of a sign that is or can be used for the purpose of advertising, identification or conveying a message.

Sign Officer, Sign Committee, or Designee - Individuals appointed by the Board of Selectmen to represent the Board. The Sign Officer or designee is responsible for permitting signs and enforcing compliance.

Sign Permit - A permit issued by the Building Commissioner for the erection,

construction, display, removal, enlargement, alteration, repair or improvement of any sign.

Sign Structure - The support, uprights and braces of any sign and display area, term use, containing no reflecting elements, flags, or projections and which, when erect, stands at a height not greater than six (6) feet. Sandwich board signs shall be considered to be a type of standard informational sign.

Standard Informational Sign - A sign with no one side consisting of an area greater than six (6) square feet, with a sign face made for short term use, containing no reflecting elements, flags, or projections and which, when erect, stands at a height not greater than six (6) feet. Sandwich board signs shall be considered to be a type of standard informational sign.

Standing Sign - A permanent sign erected on or affixed to the ground and not attached to a building.

Temporary Sign – Any sign, banner, valance or advertising display, intended to display either commercial or non-commercial messages of a transitory or temporary nature. Portable signs, or any sign not permanently embedded in the ground, or not permanently affixed to a building or sign structure that is

permanently embedded in the ground, are considered temporary signs. Ok with additions.

Time & Temperature Signs - A sign or portion thereof that is designed to illustrate the current time and temperature.

Under Canopy Sign – A sign suspended beneath a canopy, ceiling, roof or marquee.

Vehicle Signs - Signs on or affixed to a bus, car, boat, trailer or other motorized vehicle. A sign on an inoperative vehicle or on a vehicle that is not used in the activities of the business and parked on public or private property with the primary purpose of providing advertisement of products or directing people to a business or activity located on the same or near by premises. This provision is not intended to prohibit signs painted upon or applied directly to a vehicle that is actively used in the regular function of a business, as long as it is parked within a legal parking space on the site.

Vending Machine Sign - A Sandwich Sign that is connected at a side edge, with two panels, neither of which is visible at the same time, and that unlike a double-faced sign, are not flush or parallel.

V-Shaped Signs - A Sandwich Sign that is connected at a side edge, with two panels, neither of which is visible at the same time, and that unlike a double-faced sign, are not flush or parallel.

Wall Sign - A permanent building sign not considered to be a roof sign, window sign, temporary sign, temporary window sign, or directory, attached to or erected and confined within the limits of an outside wall of any building or structure, which is supported by such wall or building. Wall signs may be mounted parallel or perpendicular to a wall, subject to the requirements herein.

Wall or Fascia Sign – A sign that is in any manner affixed to any exterior wall of a building or structure, and that projects not more than eighteen (18) inches from the building or structure wall. Also includes signs affixed to architectural projections that project from a building, pro façade, or to the face, or faces of the architectural projection to which it is affixed, provided the copy area of such signs remains on a parallel plane to the face of the building.

Window Sign - Any sign attached, painted or otherwise similarly affixed directly to the glass surface of a window or door, either inside or outside the building, and designed to be visible from the exterior of the structure.

Yard or Garage Sale Signs - A sign advertising a yard, barn or garage sale.

12.3 ADMINISTRATION AND ENFORCEMENT

12.3.1 A permit from the Inspector of Buildings is required prior to the erection of all signs except those specifically exempt under Section 12.3.2. Application for said sign permit shall specify the proposed sign location by street and number, the name(s) and address(es) of the owner(s), the sign contractor or erector and initial display date. Applicant shall also file a site plan, except for temporary signs, showing, at a scale of at least 1" = 40', the location(s) of all proposed signs, and lot and building dimensions. No permit shall be required to refinish an existing sign or to change the lettering on a changeable letter sign, so long as they meet the further requirements of these By-Laws.

12.3.2 EXEMPTIONS FROM PERMIT

- 12.3.2.1 Signs erected or maintained by local, state, or federal law;
- 12.3.2.2 Highway directional or traffic control signs required or allowed by law;
- 12.3.2.3 Signs exempt under M.G.L. c. 93, Section 32;
- 12.3.2.4 Flags or insignia of the United Nations, United States or any political subdivision thereof, or any other nation or country, provided it shall not be used for commercial promotion, display, or as an inducement to promote, or attract attention to, a particular business or person;

- 12.3.2.5 One sign displaying the street number of the occupant of any premises, not to exceed one square foot in display area;
- 12.3.2.6 Two “For Sale” or “For Rent” signs not exceeding a combined total display area of six square feet placed only on the premises for which each sign advertises, and which shall be removed from the premises within seven calendar days from completion of sale or rent;
- 12.3.2.7 One developer's or contractor's sign not to exceed six (6) square feet in area in a residential or Mixed Use Zone, and not to exceed thirty-two (32) square feet in other zones, maintained on the premises while construction is in process and containing information relevant to the project or premises. Such sign shall be removed promptly and within seven calendar days after completion of the construction.
- 12.3.2.8 Directional signs on the pavement and within parking and entrance areas;
- 12.3.2.9 Off premise commercial and noncommercial temporary signs which have been authorized to be erected and maintained on municipal or town owned property under the jurisdiction of either the Board of Selectmen, School Committee, or Recreation/Youth Committee.

12.3.3 PROHIBITED SIGNS

- 12.3.3.1 Off premise commercial signs are hereby prohibited. All noncommercial signs shall comply with the provisions of this By-Law.
- 12.3.3.2 Those which obstruct or impede the immediate use of a fire escape, a fire or other emergency exit, or any emergency escape route;
- 12.3.3.3 Those which obstruct the free passage of air, sunlight, or other means of lighting to any door, window, skylight or other opening of similar nature, or to mechanical means for providing a source of solar energy to an adjacent building or any other building on the same or adjoining lot, either passive or active;
- 12.3.3.4 Those defined as roof signs;
- 12.3.3.5 Those abandoned for a period of at least two continuous years;
- 12.3.3.6 Those which advertise or call attention to any product, business, or activity which is no longer sold, leased, or carried on, whether generally in town or elsewhere, or at that particular premises;
- 12.3.3.7 Those which have not been repaired or properly maintained within thirty days after written notice to that effect has been given to the owner of said sign by the Inspector of Buildings;
- 12.3.3.8 All temporary signs except those described in Section 12.7;

- 12.3.3.9 Those placed within any public right-of-way or upon any sidewalk;
- 12.3.3.10 Those projecting over any public right-of way or over a sidewalk;
- 12.3.3.11 Those painted or composed of fluorescent, phosphorescent or similar material;
- 12.3.3.12 Those, either in whole or in part, that are moving, mobile, or revolving;
- 12.3.3.13 Those considered as strings, streamers, flags, pennants, revolving or flashing lights, spinners, or other similar devices which are attached or strung across, upon, over, or along any premises or building, whether as part of a sign or not;
- 12.3.3.14 Those that are painted on the exterior surface of any wall or roof;
- 12.3.3.15 Those that are attached to any tree, utility pole, or natural feature on any street, highway, or right-of-way unless expressly permitted elsewhere in this section.

12.3.4 LEGAL NONCONFORMING SIGNS

Those legal nonconforming signs existing prior to the adoption of this section at Town Meeting are granted exemption. Existing nonconforming signs shall not be enlarged, reworded, redesigned, or altered in any way, excluding repainting to a similar color or manner, except to conform to the revised requirements of this section. Further, any such nonconforming sign which has deteriorated or been destroyed to such extent that the cost of restoration would exceed 50% of the replacement cost of the sign at the time of restoration shall not be repaired, rebuilt, or altered except in compliance with this By-Law.

12.3.5 ENFORCEMENT

- 12.3.5.1 The Inspector of Buildings is hereby designated as the enforcing officer for this By-Law. The Inspector of Buildings is hereby authorized to order the repair or removal of any sign and/or its supporting structure which is obstructive, hazardous, or dangerous due to age, damage, or poor construction, in disrepair or neglected contrary to the intent of this By-Law.

The Outdoor Advertising Board within the Department of Environmental Quality Engineering of Massachusetts shall be informed of the name and address within ten working days upon the designation of a new or acting Inspector of Buildings.

- 12.3.5.2 The permit required of the applicant through the Inspector of Buildings mentioned in Section 12.3.1 shall be issued only if the Inspector of Buildings determines that the sign complies or will comply with this By-Law and the State of Massachusetts Building Code, Article 14. Such application of the permit must be filed either by the owner of the land or building or by any person showing written proof from the owner of said land that he has the authority to erect a sign on the premises.

12.3.5.3 The Inspector of Buildings shall act within thirty (30) days of the receipt of said application for a permit and shall assign a reasonable administrative fee during that time frame. The Inspector of Buildings' action on this, or other elements of this section of By-Law, or failure to act, may be appealed to the Zoning Board of Appeals under the provisions of the Massachusetts General Laws, Chapter 40A. A schedule of fees for such permits may be established from time to time by the Board of Selectmen.

12.3.5.4 PENALTIES

Whosoever violates any provision of this By-Law, or any lawful order of the Inspector of Buildings, shall be subject to a fine of not more than one hundred dollars (\$100) per offense. Each day that such violation continues shall constitute a separate offense.

12.4 SIGNS - LOCAL BUSINESS, HIGHWAY BUSINESS AND INDUSTRIAL DISTRICTS AND USES

12.4.1 There shall be no temporary or permanent special promotion signs, banners, streamers, or placards erected, suspended, posted or affixed in any manner outdoors or on the building exterior of premises in Local Business, Highway Business, or Industrial Districts, except as permitted elsewhere in this By-Law.

12.4.2 On each premises in a Local Business, Highway Business, or Industrial District, there is permitted one sign affixed to the exterior of a building for each occupancy therein. The top edge of each such sign shall not be higher than either the roof ridge of the building of the highest point of the roof excluding ornamental portions thereof, if no ridge pole, or higher than the plate of a flat roof.

12.4.2.1 One sign affixed to the exterior of a building is permitted provided it shall not exceed an area of two hundred (200) square feet or five (5) percent of the face of the wall below the plate on the side of the building on which the sign is mounted, whichever limit is smaller.

12.4.2.2 If a building faces on more than one street, a second sign may be affixed to the building similar to the first sign but with the restriction that total area of both signs will not exceed one hundred fifty (150) percent of the maximum allowable area of the first sign, nor will the area of the second sign exceed five (5) percent of the area of the wall below the plate on the side of the building on which the sign is mounted.

12.4.2.3 Exception to the area limitation is allowed for individually mounted letters mounted directly on the face of the building for the simple purpose of displaying the occupying company name. Such letters shall not exceed twenty (20) percent of the height of the building face below the plate on the side of the building on which the letters are mounted. The maximum height of individually-mounted letters shall be four (4) feet.

12.4.2.4 Either the affixed signs or the individually lettered name may be used, but not both, for the same building occupant.

- 12.4.3 Free-standing signs are limited in number to one per contiguous land ownership, not per lot. Only one free-standing sign is permitted for the whole combination of any number of lots mutually adjoining in a single or common ownership on one side of a street.
- 12.4.3.1 An exception allowing two free-standing signs on property as previously described is permitted where the property fronts on two or more streets. One such sign is permitted on each of the two streets.
- 12.4.4 The top edge of any free-standing sign shall not be higher than twenty-five (25) feet vertical measured above the average level of the ground between the supports of each sign exclusive of base planters.
- 12.4.5 For public safety, the whole of the signboard or display elements of any free-standing sign shall be either below three (3) feet height, or above seven (7') feet height, above average ground level. Such free-standing sign or its supports shall be located a minimum of twelve (12') feet from any lot line.
- 12.4.5.1 An exception to 12.4.5 is permitted only if a front yard of less than twelve (12') feet deep from the lot line to the front of the building is a pre-existing condition or caused by land taking. In this case a low profile double-face sign is permitted. This sign shall be no longer than four (4') feet or no higher than three (3') feet above average ground level. Any lighting shall be directed from the front toward the sign and the building so as to not pose a safety hazard for any vehicles passing the site.
- 12.4.6 No free-standing sign shall have a single face area for display or signs in excess of sixty (60) square feet in Local Business Zones or one hundred twenty (120) square feet in Highway Business or Industrial Zones measured from the tops of the topmost display elements to the bottoms of the lowest display elements, and from exterior side to exterior side of display elements, and including in such measurements any blank spaces between display elements. These measurements apply to the overall sign size and not just to display area. The signs may be double-faced. There shall be no printing or display on the thickness dimension.
- 12.4.6.1 The maximum allowed thickness from face to face of a double-faced sign is twelve (12") inches, plus ten (10) percent of either the height or width, whichever is smaller.
- 12.4.6.2 The support members shall not extend beyond the vertical planes of the faces and ends of free-standing signs, except single-pole cantilever mounted signs wherein such pole shall not exceed twelve (12) inches in diameter.
- 12.4.6.3 All support members shall be rigidly secured in the ground at every point of contact with the ground.
- 12.4.6.4 Protective bumpers or bases shall not exceed eighteen (18) inches from the surface of support members or from the plane between the faces of adjacent supporting members unless such base is of a built-in-place planter type. Such planter is not limited.

- 12.4.7 No sign shall be animated or otherwise moving, except as permitted in Section 2.6.1.1.

12.5 SIGNS - RESIDENTIAL DISTRICT

- 12.5.1 No sign shall be erected, posted, or otherwise displayed external of a residence except as permitted as follows.
- 12.5.2 Residence identification by name or address or both is permitted for each family in a dwelling. Such signs shall not exceed one (1) square foot per face and may be double-faced.
- 12.5.3 One double-faced sign not in excess of one (1) square foot per face is permitted to advertise taking of boarders, earth removal or home occupation. Such signs may be combined with the residence identifications sign for a single double-face sign not in excess of two (2) square feet per face.
- 12.5.4 For permitted uses, other than residential, in Residential Districts or as limited otherwise, one double-faced sign of not over twelve (12) square feet per face is permitted.
- 12.5.5 Only one real estate, developer's or contractor's sign on the premises may be double-faced but shall not exceed six (6) square feet per face, nor shall it be allowed less than twelve (12) feet from the street or lot line.
- 12.5.5.1 An exception shall be the advertising of a subdivision as defined in Chapter 41, Section 81K, M.G.L. Such exception shall permit a double-faced sign not to exceed thirty-two (32) square feet per face, or ten (10) feet in any direction erected. Construction and mounting shall conform to the provisions of Section 15.2 of this By-Law. One such sign is permitted near each entrance to the subdivision except that not more than one such sign shall face the same street. This sign will be removed from the premises within seven (7) days from the completion of the purpose.
- 12.5.6 Nonconforming legal land uses in residential districts shall be allowed signs normally permitted in the most restrictive districts in which the particular land use would conform, but only with the permission of the Board of Appeals. The Board of Appeals shall stipulate any limits or additional restrictions they deem necessary or desirable to ensure compatibility with the surrounding area.

12.6 ILLUMINATION OF SIGNS: LOCAL BUSINESS, HIGHWAY BUSINESS, INDUSTRIAL, AND RESIDENTIAL

- 12.6.1 Any signs permitted may be steadily illuminated either from within or by some outside source, subject to the following further provisions:
- 12.6.1.1 No sign shall be intermittently illuminated, nor have traveling, flashing or animated lighting, except that there may be displayed to the public by changing or intermitting letters, numbers or lights, information as to the time of day (or night), temperature,

weather forecast, visibility, or pollution index or other similar information. The public information section intermittently illuminated in any sign shall not exceed forty (40) square feet in any zoning district. No sign shall rotate.

12.6.1.2 Signs shall neither emit nor reflect light with an intensity greater than fifty (50) foot candles at one hundred (100) feet from the sign.

12.6.1.3 The illumination of signs for commercial or business or industrial purposes shall be permitted in Residence or Local Business Zones only between seven o'clock in the morning and eleven o'clock in the evening and in the Highway Business and Industrial Zones during the hours such business is open and/or operating.

12.6.2 The source of illumination for any sign shall be placed or hooded so that the lighting source itself is not visible at any point beyond the lot lines or leasehold lines of the premises.

12.6.2.1 Source is herein designated to mean the light-emitting element and any elements designed or employed for the purpose of reflecting and directing emitted light.

12.7 TEMPORARY SIGNS

12.7.1 Temporary exterior signs are permitted to advertise the opening of a business at its new location; to advertise a special event at its intended location; or to advertise political candidates, campaigns, or programs.

12.7.2 Such signs shall not exceed thirty-two (32) square feet.

12.7.3 No two or more such signs shall be closer than five hundred (500') feet apart on land or contiguous ownership.

12.7.4 Any illumination of such permitted sign shall not exceed the allowed limits in the district in which it is located.

12.7.5 All temporary signs require a permit from the Inspector of Buildings.

12.7.6 All such temporary signs as herein described must meet the approval of the Inspector of Buildings regarding safety of construction, placement, mounting and lighting. By written notice specifying the corrections needed, the Inspector of Buildings shall order the immediate action of the displayer to either make the corrections or remove the sign. If immediate action is not taken, the Inspector of Buildings may, at his own initiative or with the enlisted aid of any other Town Department remove such sign.

12.7.7 All such temporary signs as permitted in this section shall be permitted on the same premises for not more than thirty (30) days in the same calendar year. At the end of the period of permitted use, the sign shall be removed by the initiative of the company, organization, individual, or their agents, as indicated by the displayed information.

SECTION 13. YARD EXCEPTIONS

13.1 REQUIRED FRONT YARDS IN DEVELOPED AREAS

In any residence district, notwithstanding the provisions of Section 6, the required front yard of any residence hereafter erected shall conform to the average alignment of any existing dwellings on the same side of the street within 250' except that no residence shall have a front yard of less than 10' in depth or need have a front yard of greater depth than 50' in an R-4 District or 50' in an R-3 District or 35' in an R-2 District or 35' in an R-1 District.

13.2 THROUGH LOTS

In any district, a lot having frontages on two streets that do not intersect shall have two front yards each of a depth as provided in this By-Law.

SECTION 14. SEEKONK ZONING BOARD OF APPEALS

14.1 ORGANIZATION

The Zoning Board of Appeals shall consist of five members who are citizens living within the confines of the town, and to be appointed by the Board of Selectmen in accordance with provisions of Section 12, Chapter 40A of the General Laws.

The terms of office for members of the Zoning Board of Appeals shall be for three years and the term of at least one member shall expire each year as provided in the Town Charter.

There shall also be appointed by the Board of Selectmen three Associate Members of the Zoning Board of Appeals, also citizens living within the confines of the town, in accordance with the provisions of the same section of the General Laws.

The terms of office for Associate Members shall be for three years and shall be staggered so that the term of one associate member shall expire each year.

The Zoning Board of Appeals heretofore established under the Zoning By-Law previously in effect shall continue as the Zoning Board of Appeals under this By-Law. The members and associate members thereof shall continue in office for the duration of their appointed terms as modified by the Board of Selectmen to conform to the provision for staggered terms described in the preceding paragraphs.

The Zoning Board of Appeals shall elect annually a chairman from its own number and a clerk, and may, subject to appropriation, employ experts and clerical and other assistants.

Any member may be removed for cause by the Board of Selectmen upon written charges and after a public hearing.

Vacancies shall be filled for unexpired terms in the same manner as in the case of original appointments.

The Chairman of the Zoning Board of Appeals shall designate an Associate Member to sit on the Board in case of absence, inability to act or conflict of interest on the part of any member thereof or in the event of a vacancy on the Board until said vacancy is filled in the manner provided in this section.

The Zoning Board of Appeals shall adopt rules not inconsistent with the Zoning By-Laws of the Town of Seekonk for the conduct of its business and for the purposes of Chapter 40A of the General Laws.

A copy of said rules shall be filed with the Town Clerk.

14.2 POWERS

The Zoning Board of Appeals shall have all the powers and duties of Board of Appeals under the applicable provisions of the General Laws of the Commonwealth of Massachusetts and of this By-Law as specified therein.

The Board shall:

14.2.1 Hear and decide appeals from any person aggrieved by reason of his inability to obtain a permit or enforcement action from any administrative officer under the provisions of this By-Law or Chapter 40A of the General Laws, by the Southeastern Regional Planning and Economic Development District, or by any person including an officer or Board of the Town of Seekonk, or of an abutting city or town aggrieved by an order or decision of the Inspector of Buildings, or other administrative official, in violation of any provision of this By-Law or Chapter 40A of the General Laws. Prior to making a decision on applications for building permits referred to the Board of Appeals in accordance with the provisions of Section 15.3, the Board may request the opinion of the Planning Board and one or more expert consultants selected by the Board as qualified to advise as to whether a proposed use will conform to performance standards contained in these By-Laws.

Any building permit so authorized and issued shall be conditioned on, among other things, the applicant's completed building and installations in operation being in conformity with the applicable performance standards.

14.2.2 Hear and decide petitions or appeals for variances as set forth in Section 20 of this By-Law.

14.2.3 Hear and decide applications for special permits.

In exercising its powers, the Zoning Board of Appeals may, in conforming with the provisions of this By-Law and Chapter 40A of the General Laws, make orders or decisions, reverse or affirm in whole or in part, or modify any order or decision, and to that end shall have all the powers of the office from whom the appeal is taken and may issue or direct the issuance of a permit.

14.3 APPEALS PROCEDURE

Any appeal to the Zoning Board of Appeals under Section 14.2.1 of this By-Law shall be taken within thirty days from the date of the order or decision which is being appealed, by filing a notice of appeal, specifying the grounds thereof, with the Town Clerk, who shall forthwith transmit copies thereof to such office or Board whose order is being appealed and to the Zoning Board of Appeals. Such officer or Board shall forthwith transmit to the Zoning Board of Appeals all documents and papers constituting the record of the case in which the appeal is taken.

Meetings of the Zoning Board of Appeals shall be held at the call of the chairman or when called in such other manner as the Board shall determine in its rules. The Zoning Board of Appeals shall hold a hearing on any appeal, application or petition transmitted to it by the Town Clerk within sixty-five days from the transmittal to the Board of such appeal, application or petition. The Board shall cause notice of such hearing to be published and sent to parties in interest as provided for herein, and shall notify the Planning Board of the Town of Seekonk and, the Planning Board of adjacent cities and towns which may forward recommendations with respect to said matter for the consideration of the Zoning Board of Appeals. The Chairman, or in his absence the Acting Chairman, may administer oaths, summon witnesses, and call for the production of papers.

The concurring vote of four members of the Zoning Board of Appeals shall be necessary to reverse any order or decision of any administrative official under this By-Law or to effect any variance in the application of any By-Law.

All hearings of the Zoning Board of Appeals shall be open to the public. The decisions of the Board shall be made within one hundred days after the date of the filing of an appeal, application or petition, except in regard to special permits. Failure by the Board to act within said one hundred days shall be deemed to be the grant of the relief, application or petition sought, subject to an applicable judicial appeal as provided for in Chapter 40A of the General Laws. The Board shall cause to be made a detailed record of its proceedings, indicating the vote of each member upon each question, or if absent or failing to vote, indicating such fact, and setting forth clearly the reason or reasons for its decision and of its official actions, copies of all of which shall be filed within fourteen days in the office of the Town Clerk and shall be a public record; and notice of the decision shall be mailed forthwith to the petitioner, applicant or appellant, to the parties in interest designated in Section 21 and to every person present at the hearing who requested that notice be sent to him and stated the address to which such notice was to be sent. Each notice shall specify that appeals, if any, shall be made pursuant to Section 24 and shall be filed within twenty days after the date of filing of such notice in the office of Town Clerk.

SECTION 15. ENFORCEMENT

15.1 INSPECTOR OF BUILDINGS

This By-Law shall be enforced by the Board of Selectmen through the Inspector of Buildings. The Inspector of Buildings shall approve no application, plan, or permit, or the specifications thereof except in conformity with this By-Law.

15.2 BUILDING PERMITS

No structure shall hereafter be erected or structurally altered and no premises shall hereafter be changed in use until a permit authorizing the same shall be issued by the Inspector of Buildings. The Inspector of Buildings shall withhold a permit for the construction, alteration or moving of any building or structure if the building or structure as constructed, altered, or moved would be in violation of these By-Laws. No permit or license shall be granted for a new use of a building, structure or land which use would be in violation of this By-Law. If the Inspector of Buildings is requested in writing to enforce this By-Law against any person allegedly in violation of the same and declines to act, he shall notify, in writing, the party requesting such enforcement of any action or refusal to act, and the reasons therefore, within fourteen days of receipt of such request.

Any application for a building permit shall be accompanied by plans and specifications in duplicate showing the actual shape and dimensions of the lot to be built upon, the exact location and size of all buildings or structures already on the lot, together with the lines within which all buildings or structures are to be erected, the existing and intended use of each building or structure, and such other information as may be necessary under the provisions of these By-Laws to provide for its execution and enforcement.

A record of all such applications, plans and permits shall be kept on file by the Inspector of Buildings.

15.3 CONSTRUCTION AND OPERATION STANDARDS DATA

The Inspector of Buildings may require the submission both of plans of any proposed machinery, operations and products and of specifications for the mechanisms and techniques to be used in restricting the emission of dangerous and objectionable elements referred to in Sections 6.1 and 8.4. The Inspector of Buildings may also require an affidavit from the applicant acknowledging his/her understanding of the applicable performance standards of Sections 6.1 and 8.4, and his/her agreement to conform with the same at all times. No applicant will be required to reveal any secret processes, and any information will be treated as confidential if so requested.

If there is any reasonable doubt concerning the likelihood of conformance with the performance standards of Sections 6.1 and 8.4, the Inspector of Buildings shall refer the application to the Board of Appeals, which shall take action in accordance with the provisions of Section 14.2.1.

SECTION 16. SUBDIVISION OF LAND

The subdivision of land in all districts shall conform to the subdivision regulations as approved by the Planning Board.

SECTION 17. AMENDMENT

These Zoning By-Laws or any portion thereof may be amended, modified or repealed in the following manner:

17.1 INITIATION

Change of Zoning By-Laws may be initiated by the submission to the Board of Selectmen, by the Zoning Board of Appeals, by an individual owning land to be affected by the change, by request of registered voters of the town pursuant of Section 10 of Chapter 39 of the General Laws, by the Planning Board, by the Southeastern Regional Planning and Economic Development District, or by other methods provided by municipal charter. The Board of Selectmen shall, within fourteen days of receipt of such Zoning By-Law, submit it to the Planning Board for review.

17.2 PUBLIC HEARING

No Zoning By-Law or amendment thereto shall be adopted until after the Planning Board has held a public hearing thereon at which interested persons shall be given an opportunity to be heard. Said public hearing shall be held within sixty-five days after the proposed Zoning By-Law is submitted to the Planning Board by the Board of Selectmen. Notice of time and place of such public hearing, of the subject matter, sufficient for identification, and of the place where texts and maps thereof may be inspected shall be published in a newspaper of general circulation in the town once in each of two successive weeks, the first publication to be not less than fourteen days before the day of the hearing and by posting such notice in a conspicuous place in the Town Hall for a period of not less than fourteen days before the day of said hearing. Notice of said hearing shall also be sent by mail, postage prepaid, to the Department of Community Affairs, the Southeastern Regional Planning and Economic Development District and the Planning Boards of all abutting cities and towns. A separate, conspicuous statement shall be included with property tax bills sent to non-resident property owners, stating that notice of hearings under this By-Law shall be sent by mail, postage prepaid, to any such owner who files an annual request for such notice with the Town Clerk no later than January first, and pays a fee of five dollars per annum. In cases involving boundary or use changes within a district, notice shall be sent without charge to any such nonresident property owner who has filed such a request with the Town Clerk and whose property lies in the district where the change is sought. No defect in the form of any notice under this By-Law shall invalidate any Zoning By-Laws unless such defect is found to be misleading.

17.3 TOWN MEETING ACTION

No vote to adopt any such proposed By-Law shall be taken until a report with recommendations by the Planning Board has been submitted to Town Meeting, or twenty-one days have elapsed without submission of such report or recommendations. After such notice, hearing and report, or after twenty-one days shall have lapsed after such hearing without submission of such report, a Town Meeting may adopt, reject, or amend any By-Laws. If a Town Meeting fails to vote to adopt any proposed By-Law within six months after such hearing, no action shall be taken thereon until after a subsequent public hearing is held with notice and report as above provided.

No Zoning By-Law shall be adopted or changed except by a 2/3 vote of a Town Meeting.

17.4 RECONSIDERATION

No proposed Zoning By-Law which has been unfavorably acted upon by a Town Meeting shall be considered by Town Meeting within two years after the date of such unfavorable action unless the adoption of such proposed By-Law is recommended in the final report of the Planning Board.

17.5 SUBMISSION TO ATTORNEY GENERAL

When Zoning By-Laws or amendments thereto are submitted to the Attorney General for approval as required by Section 32 of Chapter 40A of the General Laws, he shall also be furnished with a statement prepared by the Planning Board explaining the By-Laws or amendments proposed, which statement may be accompanied by explanatory maps or plans if appropriate.

17.6 EFFECTIVE DATE OF AMENDMENT

The effective date of the amendment of the Zoning By-Laws shall be the date on which such amendment was voted upon by a Town Meeting.

SECTION 18. PENALTY FOR VIOLATIONS

Any person, partnership, association or corporation violating any of the provisions of this By-Law shall be punished by a fine not exceeding one-hundred dollars for each offense; and each day that such violation shall continue shall be deemed to constitute a separate offense.

Whenever it is necessary to take administrative or other action to recover a fine or damages or to compel the removal, alteration or relocation of any structure or alteration of a structure by reason of any violation of these By-Laws, the provisions of this section and Section 14 of these By-Laws and Section 7 of Chapter 40A of the General Laws shall be followed.

The following provisions apply to real property that has been improved and used in accordance with the terms of the original building permit issued by a person duly authorized to issue such permits.

Any action, the effect or purpose of which is to compel

- (1) the abandonment, limitation or modification of a use allowed by such a properly issued building permit, or
- (2) the removal, alteration or relocation of any structure erected in reliance on such a properly issued building permit, must be commenced and notice thereof recorded in the Registry of Deeds for Bristol County within six years after the commencement of the alleged violation of law.

Any action that does not meet this requirement cannot be maintained. The notice to be recorded shall include names of one or more of the owners of record, the name of the person initiating the action, and adequate identification of the structure and the alleged violation.

- 1.** *The Superior Court has jurisdiction to enforce the provisions of Chapter 40A of the General Laws, and any By-Laws adopted thereunder, and may restrain by injunction violations thereof.*

SECTION 19. VALIDITY

19.1 INVALIDITY

The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision.

19.2 OTHER REGULATIONS

Nothing contained herein shall be construed as repealing or invalidating any existing By-Law or regulation of the town, but shall operate in addition thereto. Where this By-Law imposes restrictions greater than are imposed by such By-Law or regulation, the provisions of this By-Law shall prevail.

SECTION 20. VARIANCES

20.1 *DEFINITION, POWERS*

The Zoning Board of Appeals shall have the power, after public hearing notice has been given by publication and posting as provided in Section 21 and by mailing to all parties in interest, to grant, upon petition with respect to particular land or structures, a variance from the terms of the By-Law where the Zoning Board of Appeals specifically finds that owing to circumstances relating to the soil conditions, shape, size or topography of such land or structures but not affecting generally the zoning district in which it is located, a literal enforcement of the provisions of the By-Law would involve substantial hardship, financial or otherwise, to the petitioner or appellant, and that desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of these By-Laws. No variance may authorize a use or activity not otherwise permitted in the district in which the land or structure is located, provided, however, that such variances properly granted prior to January first, nineteen hundred and seventy-six by limited in time, may be extended on the same terms and conditions that were in effect for such variance upon said effective date.

20.2 *CONDITIONS OF VARIANCE*

The Zoning Board of Appeals may impose conditions, safeguards and limitations both of time and use, including the continued existence of any particular structures but excluding any condition, safeguards and limitation based upon the continued ownership of the land or structures to which the variance pertains by the applicant, petitioner or any owner.

If the rights authorized by a variance are not exercised within one year of the date of grant of such variance they shall lapse, and may be re-established only after notice and a new hearing pursuant this section.

SECTION 21. PUBLIC HEARING

21.1 GENERAL REQUIREMENTS

In all cases where notice of a public hearing is required, notice shall be given by publication in a newspaper of general circulation in the Town of Seekonk once in each of two successive weeks, the first publication to be not less than fourteen days before the day of the hearing and by posting such notice in a conspicuous place in the Town Hall for a period of not less than fourteen days before the day of such hearing. In all cases where notice to individuals or specific boards or other agencies is required, notice shall be sent by mail, postage prepaid.

21.2 PARTIES IN INTEREST

“Parties in interest” as used in this By-Law shall mean the petitioner, abutters, owners of land directly opposite on any public or private street or way and owners of land within three hundred feet of the property line all as they appear on the most recent applicable tax list, notwithstanding that the land of any such owner is located in another city or town, the Seekonk Planning Board, and the Planning Board of every abutting city or town. The Assessors maintaining any applicable tax list shall certify to the Zoning Board of Appeals or the Planning Board the names and addresses of parties in interest and such certification shall be conclusive for all purposes. The Zoning Board of Appeals or Planning Board may accept a waiver of notice from, or an affidavit of actual notice to any party in interest or, in his stead, any successor owner of record who may not have received a notice by mail, and may order special notice to any such person, giving not less than five nor more than ten additional days to reply.

21.3 PUBLIC HEARING NOTICE CONTENT

Publications and notices required by this section shall contain the name of the petitioner, a description of the area or premises, street address, if any, or other adequate identification of the location, of the area or premises which is the subject of the petition, the date, place and time of the public hearing, the subject matter of the hearing, and the nature of action or relief requested, if any. No such hearing shall be held on any day on which a state or municipal election, caucus or primary is held in the Town.

21.4 REVIEWING AGENCIES

All applications for special permits, petitions for variance, or appeals submitted to the Zoning Board of Appeals shall be submitted to and reviewed by the following, and such reviews may be held jointly: the Board of Selectmen, the Board of Health, the Planning Board, the Inspector of Buildings, the Superintendent of Public Works, the Conservation Commission and the Industrial Development Commission. Any such board or agency to which said petitions, appeals, or applications are referred for review shall make such recommendations as they deem appropriate and shall send copies thereof to the Zoning Board of Appeals and to the applicant, provided, however, that failure of any such board or agency to make recommendations within 35 days shall be deemed lack of opposition thereto.

SECTION 22. REPETITIVE PETITIONS

Any appeal, application or petition which has been unfavorably and finally acted upon by the Zoning Board of Appeals shall not be acted favorably upon within two years after the date of final unfavorable action unless said Zoning Board of Appeals finds, by a vote of four members, specific and material changes in the conditions upon which the previous unfavorable action was based. The Board shall describe such changes in the record of its proceedings. All but one of the members of the Planning Board must also consent thereto. Notice shall be given to parties in interest of the time and place of the proceedings when the question of such consent will be considered.

Any petition for a variance or application for a special permit which has been transmitted to the Zoning Board of Appeals may be withdrawn, without prejudice, by the petitioner prior to the publication of the notice of a public hearing thereon, but thereafter may be withdrawn without prejudice only with the approval of the Zoning Board of Appeals.

SECTION 23. NOTICE OF DECISION

Upon the granting of a variance or special permit, or any extension, modification, or renewal thereof, the Zoning Board of Appeals shall issue to the owner and to the applicant, if other than the owner, a copy of its decision, certified by the Zoning Board of Appeals, containing the name and address of the owner, identifying the land affected, setting forth compliance with the statutory requirements for the issuance of such a variance or special permit and certifying that copies of the decision and all plans referred to in the decision have been filed with the Planning Board and Town Clerk. No variance or special permit, or any extension, modification or renewal thereof, shall take effect until a copy of the decision bearing the certification of the Town Clerk that twenty days have elapsed and no appeal has been filed or that if such appeal has been filed, that it has been dismissed or denied, is recorded in the Registry of Deeds for Bristol County and indexed in the grantor index under the name of the owner of record or is recorded and noted on the owner's certificate of title. The fee for recording or registering shall be paid by the owner or applicant.

SECTION 24. APPEAL

Any person aggrieved by a decision of the Zoning Board of Appeals, whether or not previously a party to the proceedings, or any municipal officer or board may appeal to the Superior Court or to the Land Court under Section 14A of Chapter 240 of the General Laws for the County in which the land concerned is situated by bringing an action in the manner provide by the Laws of Massachusetts, and particularly by Section 17 of Chapter 40A of the Massachusetts General Laws.

SECTION 25. CONSERVATION SUBDIVISION DESIGN

25.1 PURPOSE

The purpose of this Conservation Subdivision Design is to encourage the preservation of open land for its scenic beauty and to enhance agricultural, open space, forestry, and recreational use; to preserve historical and archeological resources; to protect the natural environment; to protect the value of real property; to promote more sensitive siting of buildings and better overall site planning; to perpetuate the appearance of Seekonk's traditional New England natural landscape; to allow landowners a reasonable return on their investment; to facilitate the construction and maintenance of streets, utilities and public services in a more economical and efficient manner; and to promote the provision of safe, sanitary, and affordable housing for all sectors of Seekonk's population, including low- and moderate income households.

25.2 APPLICABILITY

Any subdivision of eight (8) or more lots, from a parcel or set of contiguous parcels held in common ownership and located within a Residence District other than an R-1 zoning district may be permitted by right upon approval by the Planning Board (Board).

25.3 PRE-APPLICATION REVIEW

The applicant is strongly encouraged to request a pre-application review with the Town Planner, Conservation Agent, Building Official, Health Agent, Fire Chief, Water Superintendent and Public Works Superintendent. The applicant's consultants are strongly encouraged to attend. The purpose of this review is to outline the applicant's preliminary plan and receive comments from the members of the town staff listed above so as to minimize the applicant's costs for engineering and other technical experts that may arise throughout the development process.

25.4 PROCEDURES

Applicants for a Conservation Subdivision shall file with the Planning Board a Preliminary Plan and Definitive Plan, conforming to the contents specified in the Rules and Regulations Governing the Subdivision of Land in Seekonk, Massachusetts. In addition said plans shall include the following:

1. Proposed topography, wetlands, and the results of deep soil test pits and percolation tests at the rate of one per acre, but in no case fewer than four (4) per Conservation Subdivision.

2. Where the potential for wetland impacts exist, the Planning Board shall require the applicant to submit to the Conservation Commission, a request for a determination of applicability or notice of intent pursuant to G.L.c. 131, 40 and 310 CMR 10.05 (3).
3. Not more than 25% of the total tract shall be disturbed areas. A disturbed area is any land not left in its natural vegetated state. This calculation shall be included on all plans.
4. Any additional information necessary to make the determinations and assessments cited herein.
5. A yield plan showing the development designed in conformance with a conventional subdivision, as outlined in the Rules and Regulations shall also be submitted.

25.5 DESIGN PROCESS

Each Development Plan shall follow a four-step design process, as described below. When the Development Plan is submitted, applicants shall be prepared to demonstrate to the Planning Board that these four design steps were followed by their site designers in determining the layout of their proposed streets, house lots, and open space.

a. *Designing the open space.* First, the open space is identified. The open space shall include, to the extent feasible, the most sensitive and noteworthy natural, scenic, and cultural resources on the property.

b. *Location of house sites.* Second, potential house sites are tentatively located.

House sites should be located not closer than 100' to wetlands areas, but may be situated within 50' of open space areas, in order to enjoy views of the latter without negatively impacting the former.

c. *Street and lot layout.* Third, align the proposed streets to provide vehicular access to each house in the most reasonable and economical way. When lots, access and streets are laid out, they shall be located in a way that avoids or at least minimizes adverse impacts on open space. To the greatest extent practicable, wetland crossing and streets traversing existing slopes over 15% shall be strongly discouraged.

d. *Lot lines.* Fourth, draw in the lot lines. These are generally drawn midway between house locations.

25.6 LOT DIMENSIONS

Each lot shall contain not less than 15,000 square feet of area if serviced by town water and not less than 20,000 square feet if not serviced by town water. Said lots shall have frontage of not less than 50 feet, front yards of at least 20 feet and rear and side yards of at least 10 feet.

25.7 NUMBER OF DWELLING UNITS

The maximum number of dwelling units allowed shall be equal to the number of lots which could reasonably be expected to be developed upon that parcel under a conventional plan in full conformance with all zoning, subdivision regulations, health regulations, wetlands regulations and other applicable requirements. The proponent shall have the burden of proof with regard to the design and engineering specifications for such conventional plan.

25.8 ACCESS TO LOTS

Lots within a Conservation Subdivision may only be accessed from roads within the subdivision.

25.9 OPEN SPACE REQUIREMENTS

A minimum of 40% of the parcel shown on the Development Plan shall be contiguous open space, excluding required yards and buffer areas and shall not consist of narrow strips of land around the perimeter of the site which do not meet the intent of this by-law. The Board may require interconnected open space on adjacent subdivisions to encourage biodiversity by maximizing habitat size and minimizing edge effects. Such open space may be separated by the road(s) constructed within the Conservation Subdivision. A physical demarcation between residential properties and the required open space shall be included to prevent said open space from being absorbed by adjacent residential properties. Suggested examples include split rail fences, stone walls, boulders or other impediments as approved by the Board. The percentage of this open space that can be wetland shall not exceed the percentage of wetland for the entire site under existing conditions shown on the Development Plan.

The required open space shall be used for conservation, historic preservation, agriculture, horticulture, forestry, or for a combination of these uses, and shall be served by suitable access for such purposes. Existing underground utilities, as of the date of adoption of this section, to serve the Conservation Subdivision site may be located within the required open space.

The required open space shall, at the owner's election, be conveyed to a corporation or trust owned jointly or in common by the owners of lots within the Conservation Subdivision. If such corporation or trust is utilized, ownership thereof shall pass with conveyance of the lots in perpetuity. Maintenance of the open space and facilities shall be permanently guaranteed by such corporation or trust which shall provide for mandatory assessments for maintenance expenses to each lot. Each such trust or corporation shall be deemed to have assented to allow the Town to perform maintenance of the open space and facilities, if

the trust or corporation fails to provide adequate maintenance, and shall grant the town easement for this purpose. In such event, the town shall first provide fourteen (14) days written notice to the trust or corporation as to the inadequate maintenance, and, if the trust or corporation fails to complete such maintenance, the town may perform it. The owner of each lot shall be deemed to have assented to the town a lien against each lot in the development for the full cost of such maintenance, which liens shall be released upon payment to the town of same. Each individual deed, and the deed or trust or articles of incorporation, shall include provisions designed to effect these provisions. Documents creating such trust or corporation shall be submitted to the Planning Board for approval, and shall thereafter be recorded in the Registry of Deeds.

Any proposed open space shall be subject to a recorded restriction enforceable by the Town, providing that such land shall be perpetually kept in an open state, that it shall be preserved for exclusively agricultural, horticultural, educational or recreational purposes, and that it shall be maintained in a manner which will ensure its suitability for its intended purposes.

25.10 DENSITY BONUS OPTION

1. Eligible Projects: For any proposed Conservation Subdivision of 8 or more units that is not within the Groundwater Aquifer Protection District, the developer may voluntarily elect to provide affordable housing units and receive a density bonus upon grant of a special permit by the Planning Board. The Planning Board shall require as a condition of such a density bonus the following:
 - a. The provision within the Conservation Subdivision of affordable housing units amounting to a minimum of ten (10) percent of the development's total number of dwelling units. Fractions of a unit will be rounded up to the next whole number.
 - b. The affordable units to be provided shall be equivalent in size, quality, and characteristics to the other units in the development.
 - c. The affordable units shall not be grouped together; they shall be distributed among all units.
2. Alternative Provision of Units: The Planning Board may allow, as a condition of said density bonus that, in lieu of all or some of the affordable housing units being provided within the Conservation Subdivision, the developer shall:
 - a. Provide all or some of the affordable housing units on a site different from the Conservation Subdivision; or

- b. Provide all or some of the affordable housing units through an alternative means, such as the purchase of existing units with the addition of deed restrictions or some other legally enforceable instrumentality acceptable to the Planning Board ensuring its continuing affordability; or
- c. Provide the equivalent value of all or some of the affordable housing units through a “fee-in-lieu” paid to the Town of Seekonk’s Community Preservation Act Community Housing fund, which will be dedicated to the provision of affordable housing; or
- d. Provide all or some of the affordable housing units through a combination of any or all of the methods in this Section.

The Planning Board shall ensure that the affordable units to be provided through alternative methods shall be equivalent in size, quality, and characteristics to the units within in the Conservation Subdivision. The Planning Board will also ensure that these alternative methods will encourage the most appropriate use of land and buildings, and/or will avoid undue hardship to land and buildings.

The value of a “fee-in-lieu” payment shall be equal to the price of a unit that is affordable to a qualified purchaser, assuming a household size of 1.49 persons per bedroom. Bedrooms will be determined by the average number of bedrooms per unit in the Conservation Subdivision. In the case of multiple affordable units, the price shall be multiplied by the number of affordable units created by the Conservation Subdivision.

- 3. Density Bonus: Under the voluntary special permit, the Planning Board will allow an increase in the maximum number of on-site market rate dwelling units in the Conservation Subdivision established under Section 25.7 of this bylaw. The number of these bonus market rate units will be equal to the number of affordable units created by the Conservation Subdivision. Fractions of a unit will be rounded up to the next whole number.
- 4. Schedule/Timing of construction or provision of affordable units or lots: The Planning Board may impose conditions on the special permit requiring construction of affordable housing according to a specified time table, so that affordable housing units shall be provided coincident to the development of market-rate units, but in no event shall the development of affordable units be delayed beyond the schedule noted below:

<u>MARKET-RATE UNIT %</u>	<u>AFFORDABLE HOUSING UNIT %</u>
<u>Up to 30%</u>	<u>None required</u>
<u>30% plus 1 unit</u>	<u>At least 10%</u>
<u>Up to 50%</u>	<u>At least 30%</u>
<u>Up to 75%</u>	<u>At least 50%</u>
<u>75% plus 1 unit</u>	<u>At least 70%</u>
<u>Up to 90%</u>	<u>100%</u>

5. Disturbed Areas: The Planning Board may grant a waiver allowing that the proportion of disturbed areas within the Conservation Subdivision may exceed 25% of the total tract only if that incremental disturbed area is needed to directly support the provision of and access to the additional on-site bonus market units and on-site affordable units.

6. Qualified Purchasers/Tenants: To ensure that only eligible households purchase or lease affordable housing units, the purchaser or lessee shall be required to submit copies of his/her household's last three years' federal and state income tax returns and certify, in writing and prior to transfer of title, to the developer of the Conservation Subdivision or his/her agent, and within thirty (30) days following transfer of title, to the Seekonk Housing Authority, that his/her household's annual income level does not exceed the maximum level as established by the Commonwealth's Department of Housing and Community Development, and as may be revised from time to time. The maximum housing cost for affordable units created under this bylaw is as established by the Commonwealth's Department of Housing and Community Development, Local Initiative Program or as revised by the Town.

7. Preservation of Affordability: Each affordable housing unit created in accordance with this subsection and offered for sale or rent to the general public shall have deed restrictions or some other legally enforceable instrumentality acceptable to the Planning Board ensuring its continuing affordability in perpetuity.
 - a. Resale Price: Sales beyond the initial sale to a qualified affordable income purchaser shall include the initial discount rate between the sale price and the unit's appraised value at the time of resale. This percentage shall be recorded as part of the deed restriction or other chosen legally enforceable instrumentality on the property.

 - b. Right of first refusal: The purchaser of an affordable housing unit developed as a result of this bylaw shall agree to execute a deed rider prepared by the Town, consistent with model riders prepared by

Department of Housing and Community Development, granting the municipality's right of first refusal to purchase the property in the event that a subsequent qualified purchaser cannot be located.

25.11 DECISION

The Planning Board may approve, approve with conditions, or deny an application for a Conservation Subdivision, after assessing whether the Conservation Subdivision better promotes the objectives herein, than would a conventional subdivision.

25.12 RELATION TO OTHER REQUIREMENTS

The submittals and permits of this section shall be in addition to any other requirements of the Subdivision Control Law or any other provisions of this Zoning by-law.

25.13 SEVERABILITY

If any provision of this bylaw is held invalid by a court of competent jurisdiction, the remainder of the bylaw shall not be affected thereby. The invalidity of any section or sections or parts of any section or sections of this bylaw shall not affect the validity of the remainder of Seekonk's zoning bylaw.

CHRONOLOGICAL LIST OF REZONES SINCE FEBRUARY, 1959

2/24/59	Annual Town Meeting Plat 32, Lot 10, Pond Street	From Residence A to Industrial
10/19/59	Special Town Meeting Newman Avenue between Tower Road and Railroad tracks	From Industrial to Highway Business
9/26/60	Special Town Meeting Plat 31, Lots 150, 151	From Residence A to Local Business
7/31/61	Special Town Meeting Central Avenue (Central Shopping Plaza)	From Residence A to Local Business
3/5/62	Annual Town Meeting Central Avenue, Plat 31, Lots 150 & 151	From Residence A to Local Business
10/8/62	Special Town Meeting Rezone Plat 16, Lots 16, 18, 20, 49, 50 west side of Lincoln and north of County	From Local Business to Residence AA
1/7/63	Special Town Meeting Plat 8, Lot 37, Bell Property	From Industrial to Highway Business
4/22/63	Special Town Meeting Highland Avenue - southerly side 120,000 sq.ft.	From Industrial to Highway Business
